Longleat is one of the best-loved
tourist destinations in the UK.

Longleat House is one of the most beautiful stately homes open to the public.

THE UK'S LARGEST

HEDGE MAZE

Now get lost.

Added to the historic grounds in 1975, the Longleat Hedge Maze is the longest hedge maze in the world.

An aerial photograph of a large, intricate maze made of tall, green hedges. The maze is set in a grassy field. In the foreground, a wooden staircase with a handrail leads down into the maze. A woman is standing on the wooden walkway of the staircase, looking towards the camera. Further down the maze, a man is visible walking along a path. The maze's paths are narrow and winding, creating a complex pattern of green walls. In the background, there are more trees and a fence line.

Find your Way Through the Amazing Maze
There's nearly 1³/₄ miles of paths!

Your mission is to find your way to the observation tower. How quickly can you get there?
