Montenegro

Montenegro- is a sovereign state in Southeastern Europe. It has a coast on the Adriatic Sea to the south-west and is bordered by Croatia to the west, Bosnia and Herzegovina to the northwest, Serbia to the northeast, and Albania to the south-east. Its capital and largest city is Podgorica, while Cetinje is designated as the Prijestonica, meaning the former Royal Capital City.

Podgorica is the capital and largest city of Montenegro. The city was also called Titograd from 1946 to 1992 when Montenegro was part of the Socialist Federal Republic of Yugoslavia. There Montenegro's main international airport

Podgorica is located in central Montenegro. The area is crossed with rivers and the city itself is only 15 kilometres (9.3 mi) north of Lake Skadar

Skadar Lake is the largest lake in the Balkan, it is one of the most beautiful places in the country

But the main feature is of cause Adriatic Sea! The Montenegrin [Adriatic](#) coast is 295 km long, with 72 km of beaches, and with many well-preserved ancient old towns

On the coast of Montenegro, there are a few notable cities. For example Kotor, Budva, Bar, Tivat, Herceg Novi and many other smaller towns.
For me the most interesting Budva town

[Budva riviera](), is the center of Montenegrin tourism, known for its well preserved medieval walled city, sandy beaches and diverse nightlife. Budva is 2,500 years old, which makes it one of the oldest settlements on the Adriatic coast

Another cute cost city is Kotor. It is located in a secluded part of the [Gulf of Kotor](#) (Боко-которская бухта)

There is also the old town, but this one is more secure, because population could hide in the mountains in front of town's walls

Montenegro is a hallmark of the island Sveti Stefan. An Adriatic playground for the rich and famous from the 1960s to the 1980s, the hotel is now a 5-star franchise hotel of the international group of [Aman Resorts](#), completed in 2009 and operating under a 30-year lease.

Because Montenegro is mountain country we can felt the warm on the coast in winter times, and then lift up and go skiing or snowboarding
