moths

New Cards

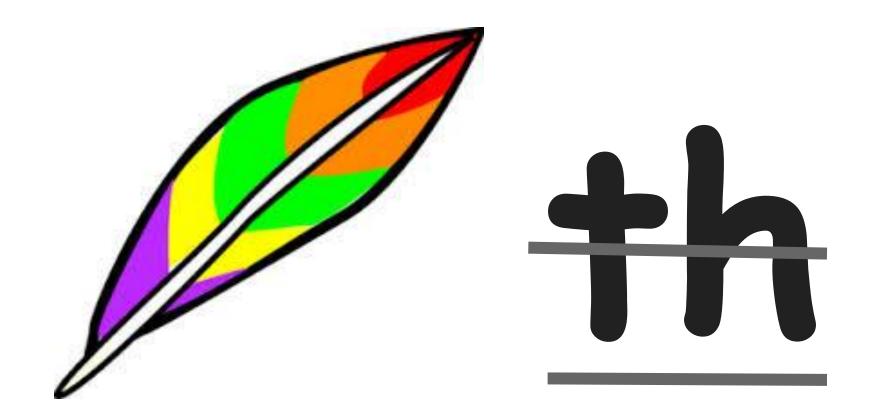

You put this little cap on the end of your finger when you sew with a needle and thread. It protects your finger when you push the needle.

What do you think it is?

This is one of the thin, light parts of a bird's body that help it fly and protect its skin. It can also be used for pillows, fans and costumes.

What do you think it is?

New Sight Words

We can't sound these words out, so we will have to memorize them. Let's practice!

Echo- their, their, their, that is their's (point to somebody, meaning it belongs to someone) there, there, there, over there! (Point to a location, meaning it is a place.)
