

Company Overview

Tengizchevroil LLP was formed between the Republic of Kazakhstan and Chevron Corporation in 1993 to explore and develop super giant Tengiz oilfield. Today TCO is the largest and safest company in Kazakhstan which produces and markets crude oil, gas and sulfur.

The bottom of the slide features a decorative graphic consisting of several overlapping wavy lines. The topmost wave is light blue, followed by a black wave, and then a light gray wave with a fine diagonal line pattern.
