Business Process Analysis

Consultation and Cooperation

Business Process Analysis Domain

- Trade Facilitation projects typically have an inter-organizational scope
- Many parties are involved, communication within the project's scope and projects themselves are complex, manifold and highly important
- BPA provides the structured approach to such projects

Session 3 Approach

1. Introduction

2. Group Work – 2 Domains per Group

3. Plenary – Presentation of Group Results

Guiding Questions

- **What is the domain about?**
- **What is the relevance for Trade Facilitation?**
- **What are the key challenges**
- **Does the TF Implementation Guide point out any recommendations or solutions?**
- **Based on your own country development, which trade facilitation measure from which domain were applied?**
