The idea of the project work: To promote a domestic winery that will be popular in many countries.

The aim: Of the project is to provide a domestic competitive wine brand to other countries.

The task of project work:

- ✓ production of different flavors by studying the qualities of different wines;
 - ✓ opening of a domestic winery;
 - ✓ putting production into operation;
 - ✓ market research by defining a goal with an idea;
 - ✓ Turn your interests into loyal customers
-

✓ A system of bonuses and incentives for employees is involved. It is possible for the company's staff to buy products at a significant discount

✓ Availability of a sufficient amount of advertising information, a large range of products

✓ Availability of sufficient funds to create new products and introduce them into the market

The strong point of the tourist product is the production staff with sufficient experience to produce high-quality products, as well as the availability of funds to improve equipment and promote products.

✓ Wine helps to cope with insomnia, bring relaxation under stress, increase overall tone, physical and mental performance.

✓ The weak sides of the tourist product are the high price, due to the cost of equipment and climatic conditions, last year they were not very favorable and it was difficult to get grapes in the planned volume.

✓ Risk of bad weather

✓ Harmful to health
