OFF-CAMPUS HOUSING

Off campus housing is generally less expensive than on campus and is readily available. These housing options are not owned or managed by SLU. There are several apartments near SLU, less than a mile from the heart of campus. There are many neighborhoods that are a short drive, bus ride, or bike ride from SLU as well. As a student, you will likely have to provide extra information to landlords and leasing companies.

This may include visa information, passport information, proof of acceptance at SLU, etc. The following websites provide a great list of off campus properties to choose from
