# IT job opportunities in 2021

Project work

This presentation presents data in the form of graphs collected from 15 random IT profession students about their opinion about opportunities in IT sphere at this moment

Most of the respondents studied in the IT profession for half a year - a year

How long have you been studying the IT profession

15 ответов

1-6 months
6-12 months
1-2 years
2-5 years
5+ years

20%
46,7%
20%
13,3%
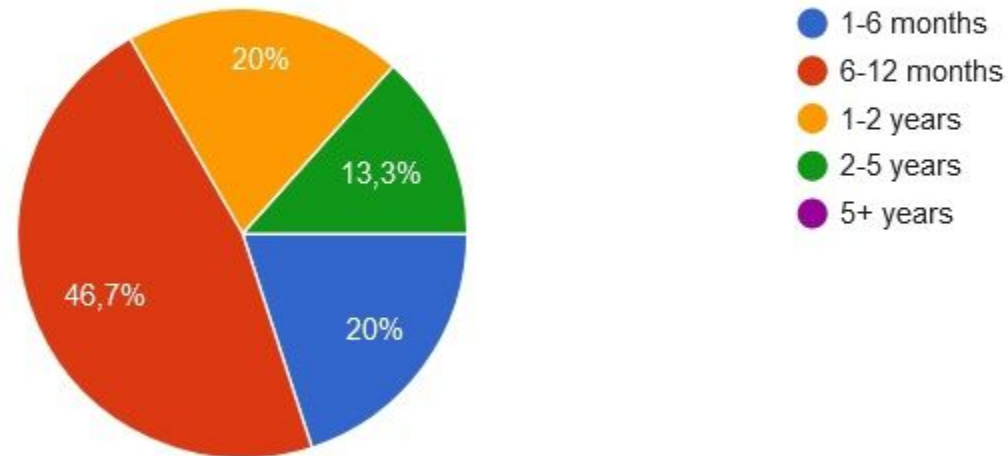

The survey covered students of various professions, from data scientist to desktop developers
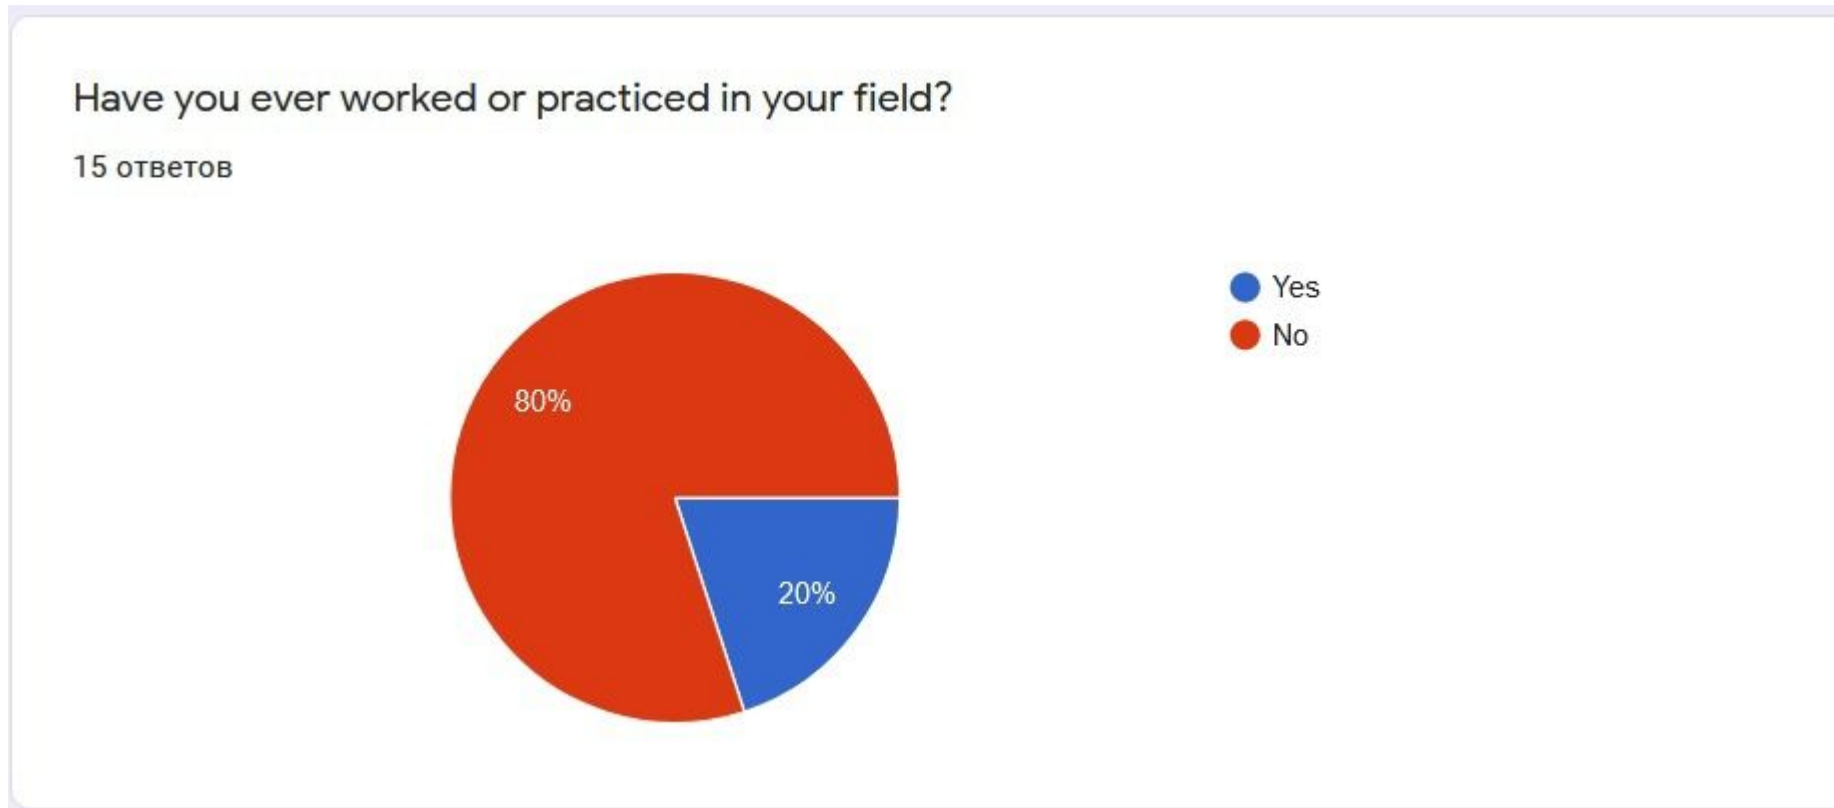

What specialization (or specializations) are you currently studying in?
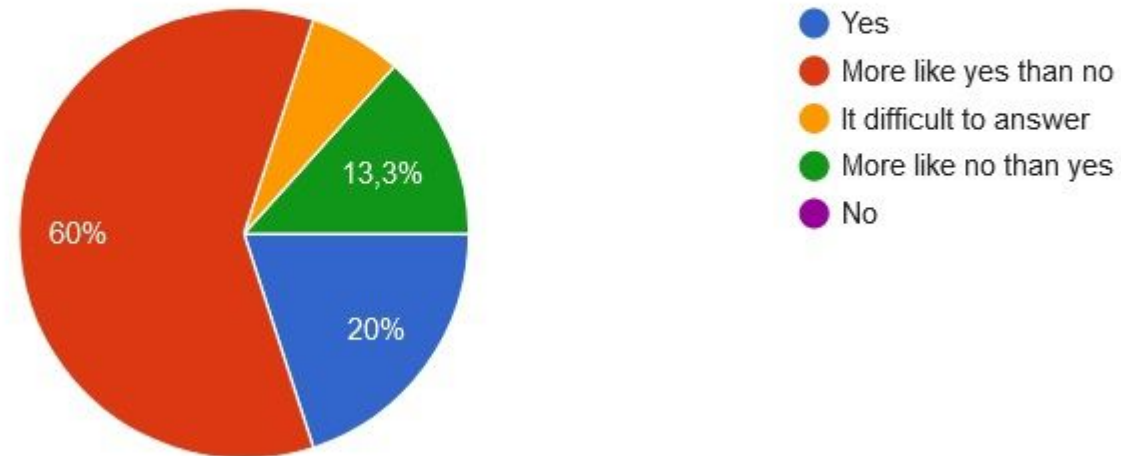

15 ответов

A fifth of the respondents have already had work experience

At the same time, 20% of respondents are not sure about their choice of profession

Do you like your choice of specialization (or specializations)?

15 ответов

And almost half of them thought about changing their specialty

But most do not think that changing their specialty within IT is difficult
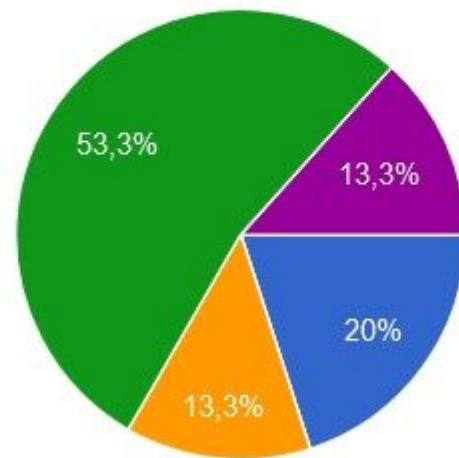

The minimum salary of $ 1000-2500 at the initial stages of work will satisfy the majority

And the average salary in the sphere has caused ambiguity, half think that it is fair, half - no or find it difficult to answer

Do you consider the average salary in your specialization (or specializations) fair?

15 ответов

- ● Yes
- ● More like yes than no
- ● It difficult to answer
- ● More like no than yes
- ● No

But in any case, many are sure that the salary in IT will soon grow

Do you think the average salary for the chosen specialization (or specializations) will grow in the foreseeable future?
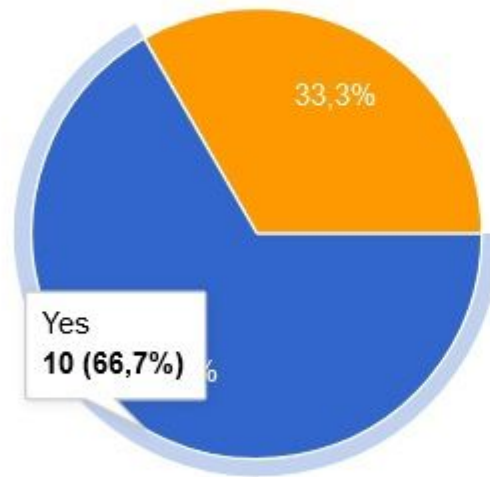

15 ответов

- Yes
- More like yes than no
- It difficult to answer
- More like no than yes
- No
