

Презентация по математике

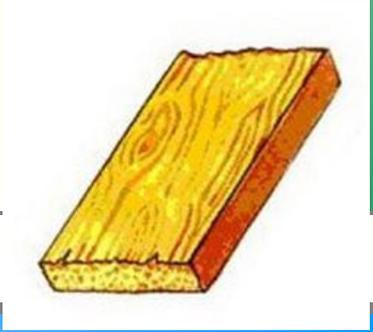

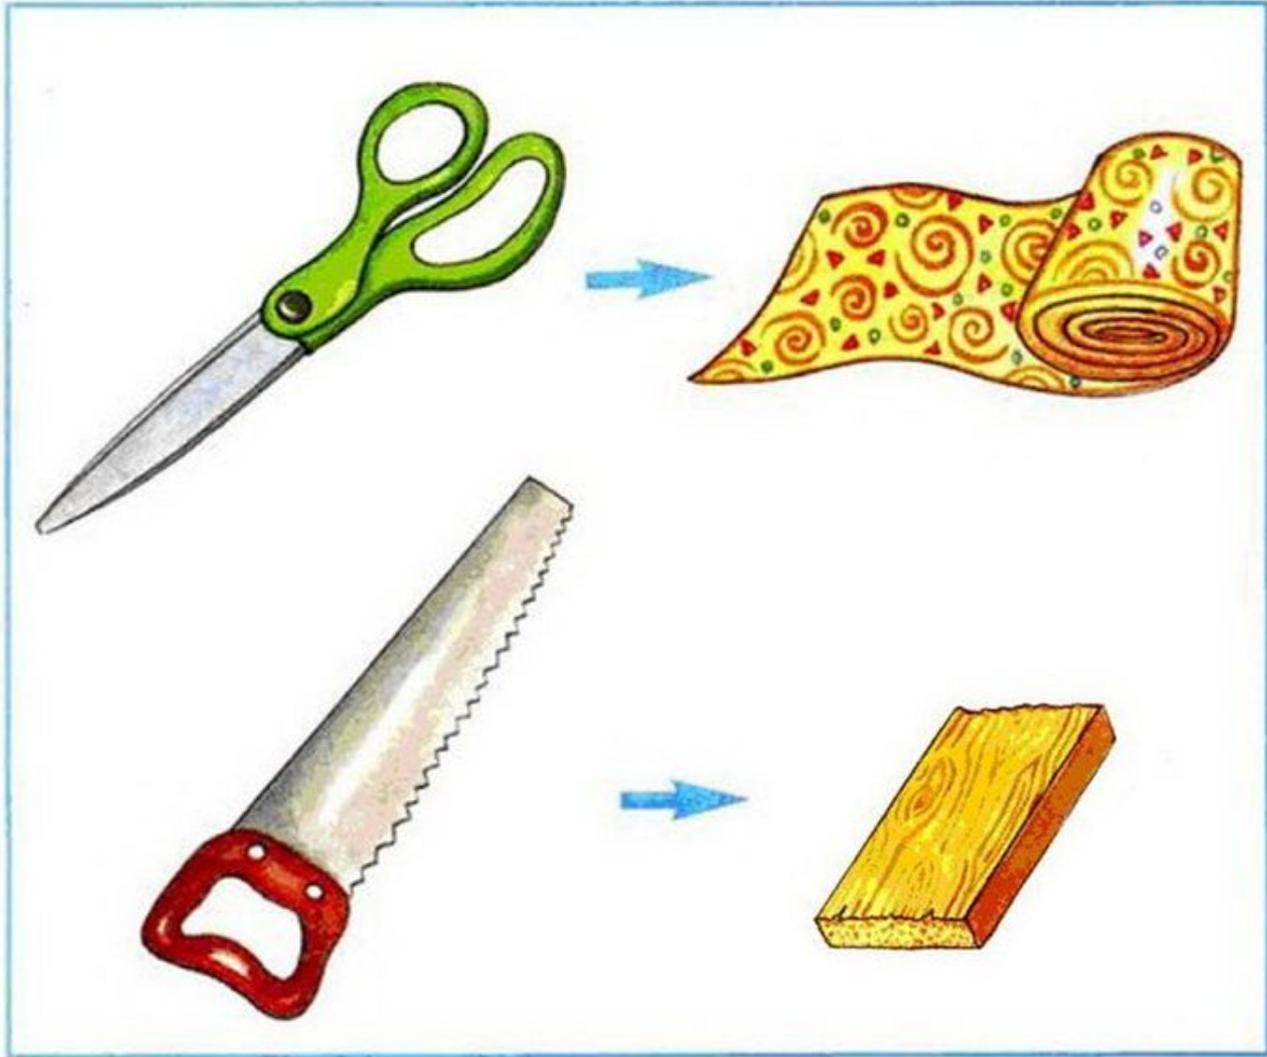

Ассоциации

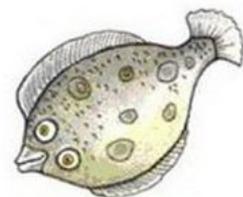

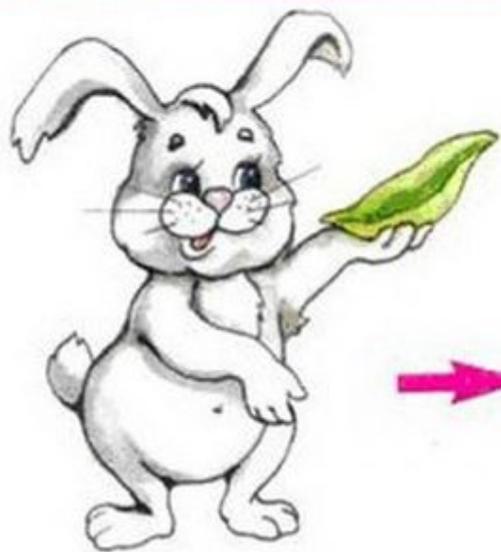

Подготовила Козокина Е. В.

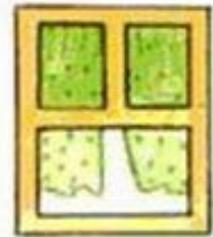

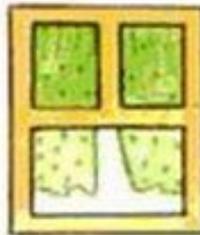

Игра основана на поиске логических пар. Игра развивает логическое мышление, расширяют кругозор, учит самостоятельно рассуждать, сопоставлять, сравнивать и анализировать.

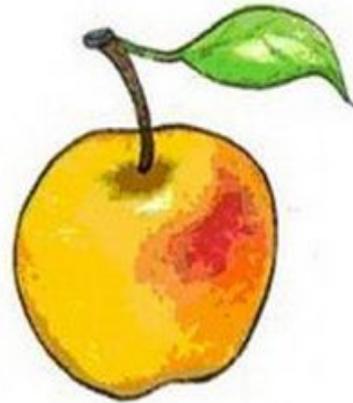

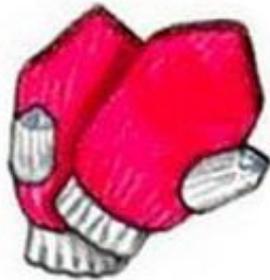

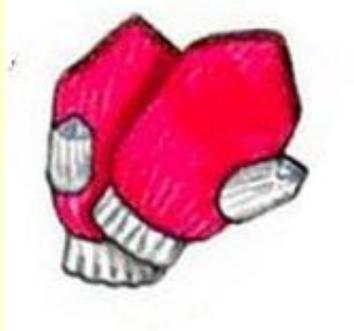

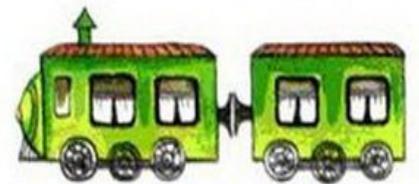

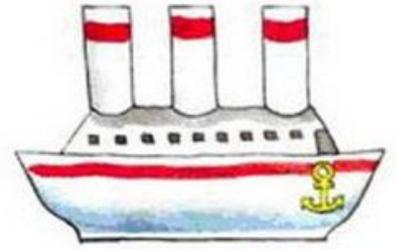

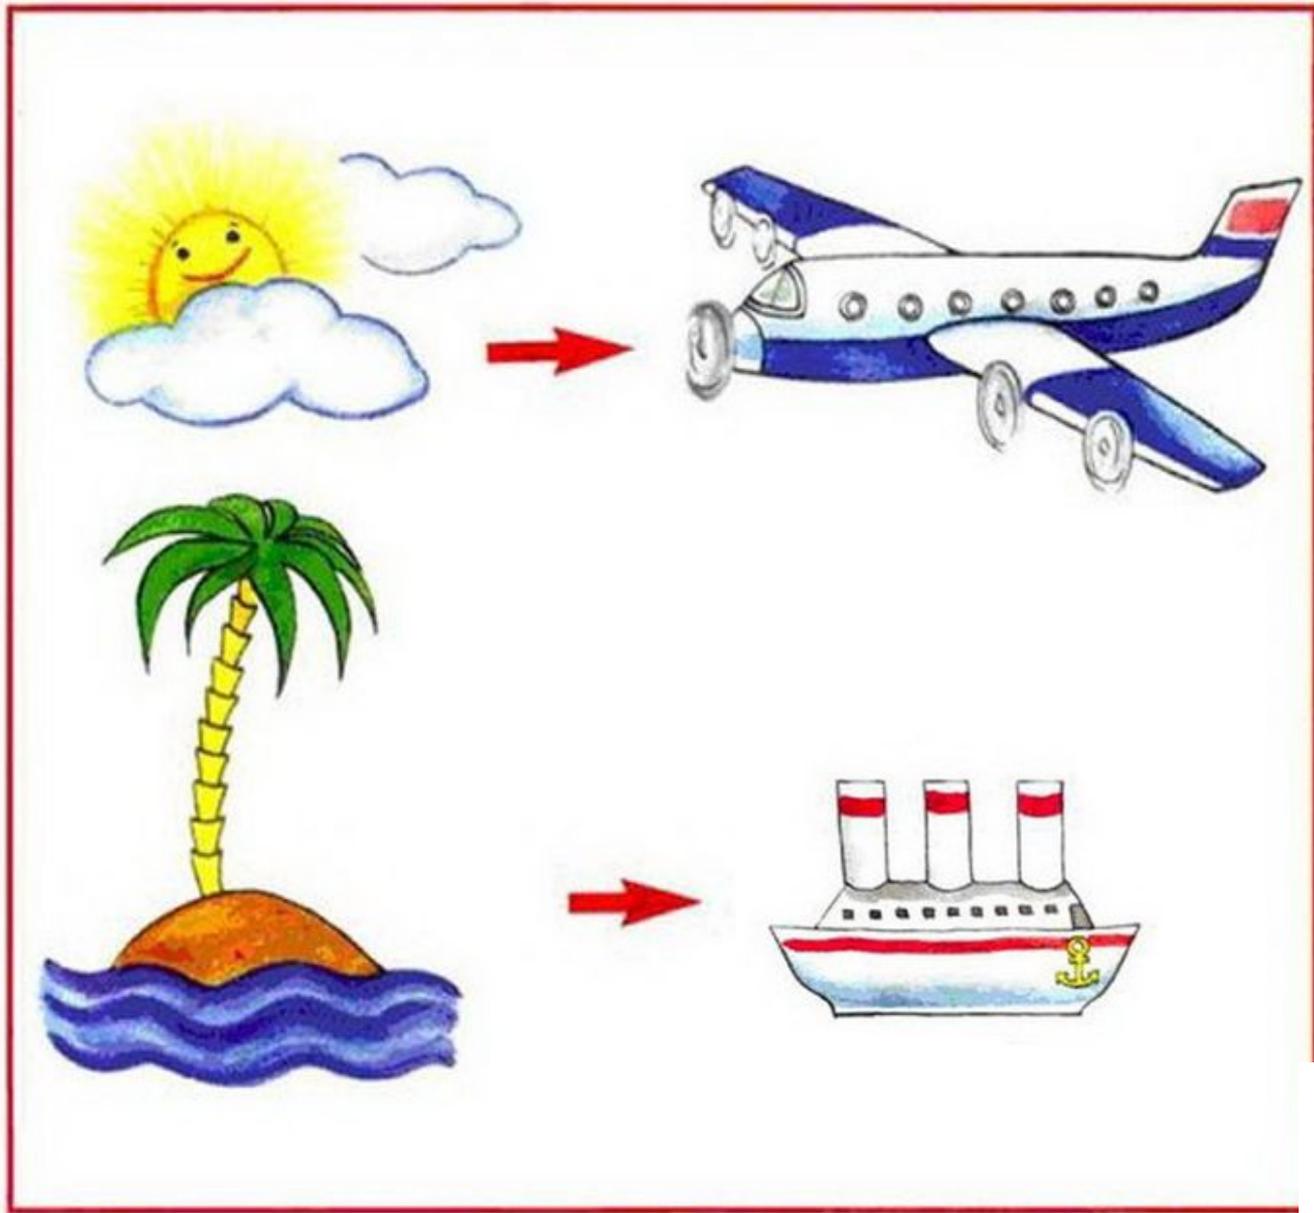

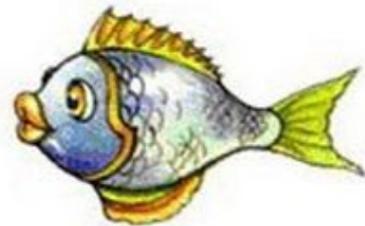

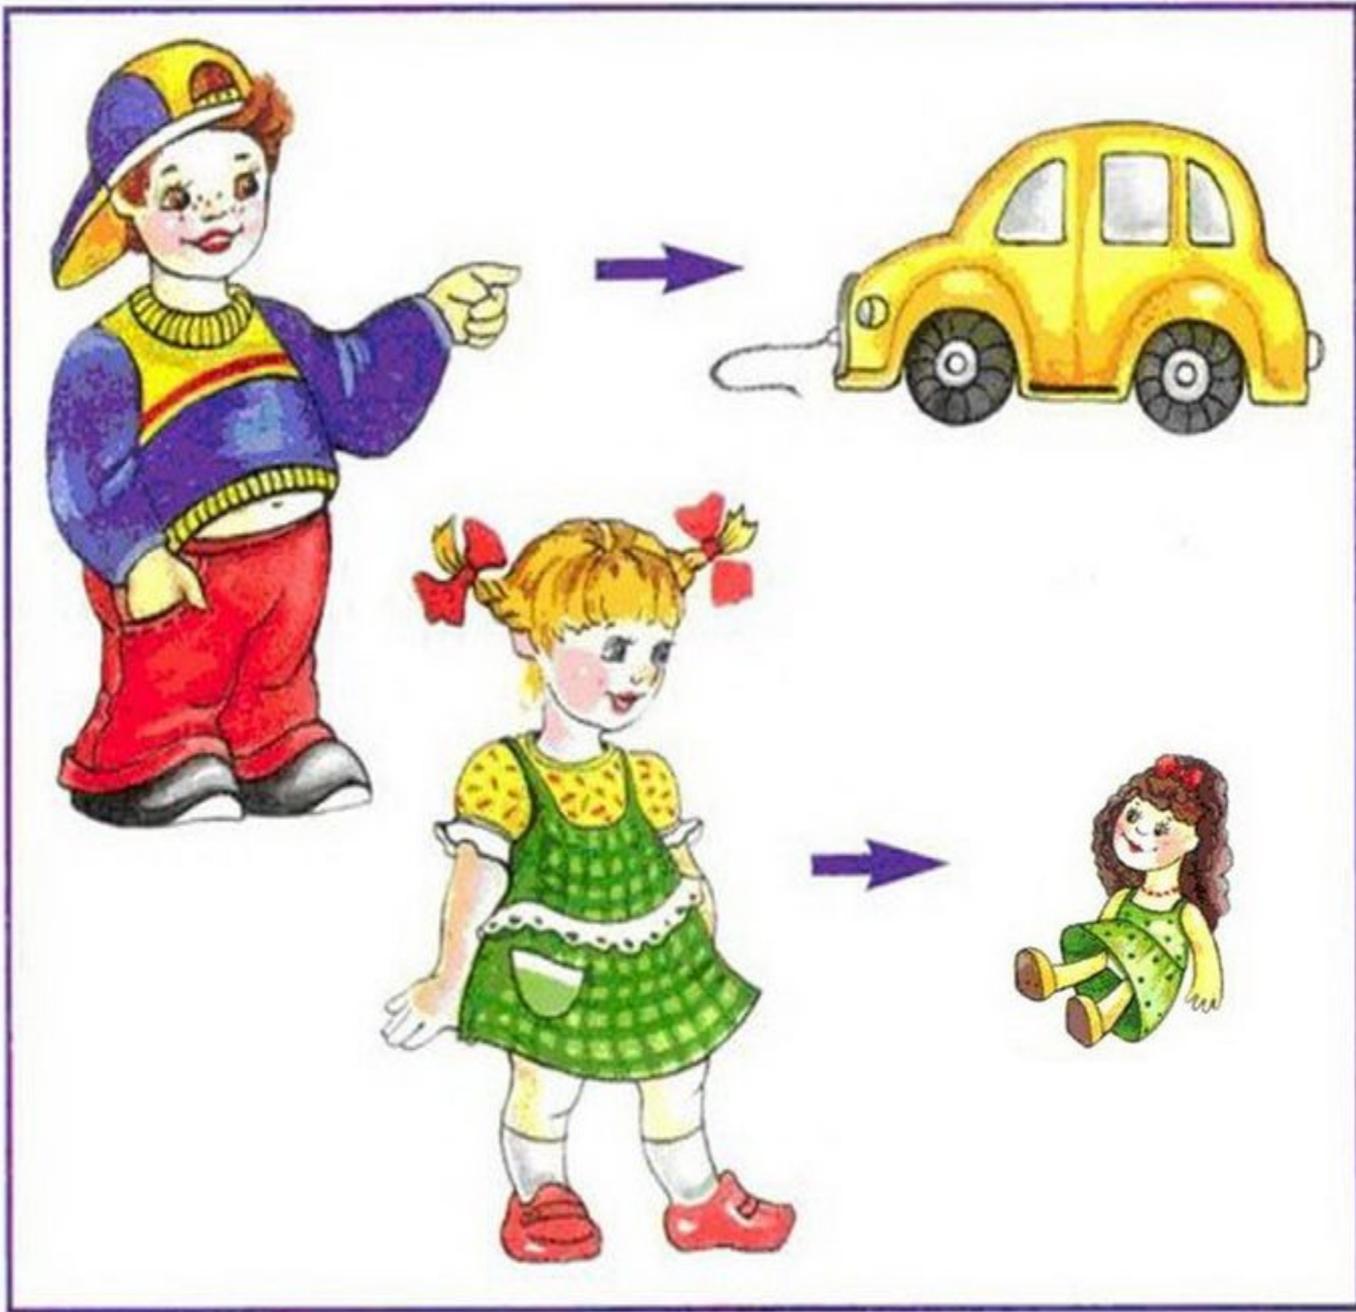

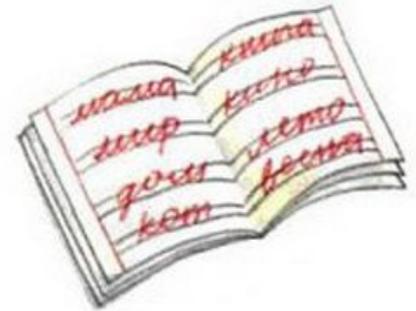

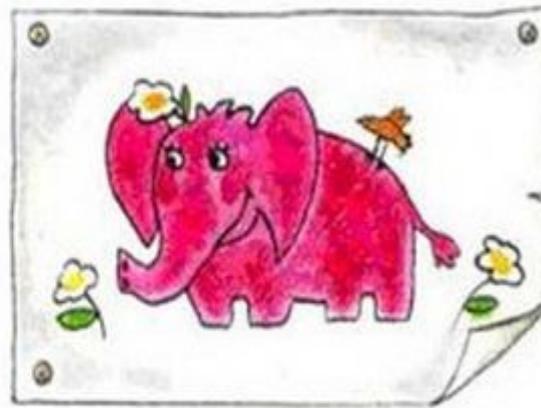

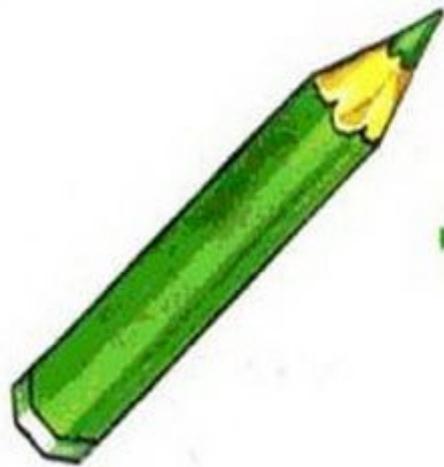

Учитесь думать, объяснять,
Учитесь мыслить, рассуждать.
Ведь в математике, друзья,
Без логики никак нельзя.
