- Find training and support

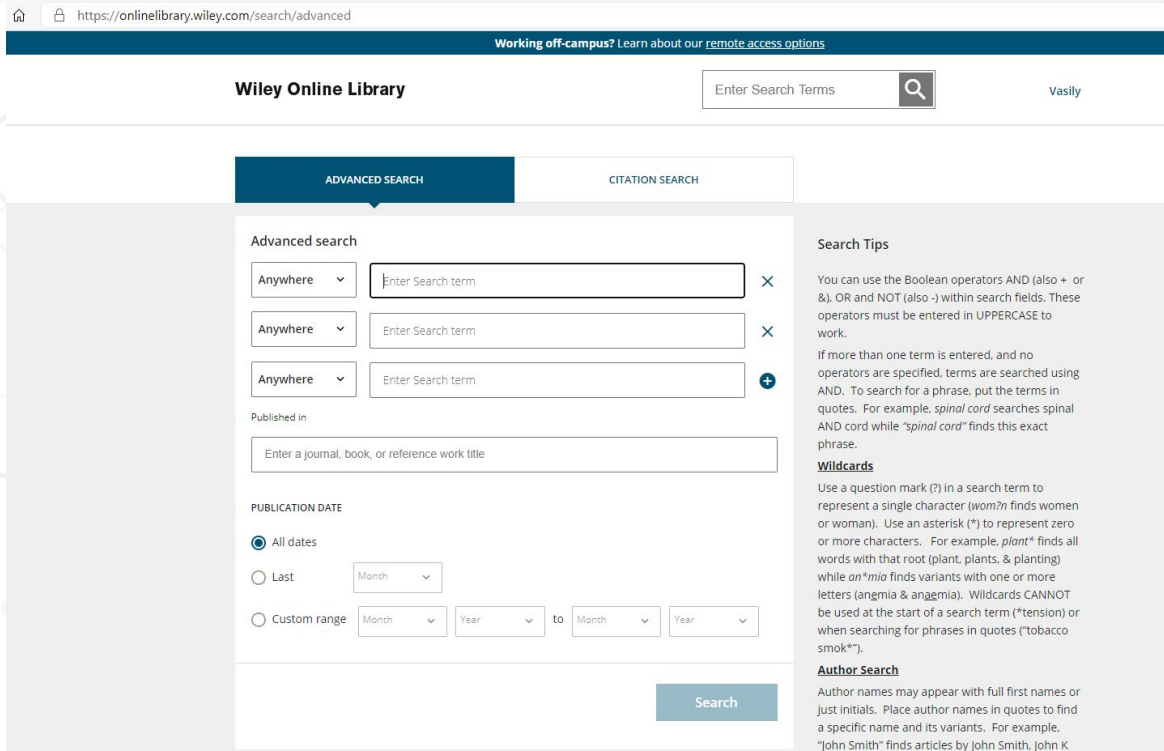

Societies

- Publish with Wiley
- Learn about trends
- Subscribe to news and resources

Authors

- Submit a paper
- Track your article
- Learn about Open Access

Расширенный поиск

The screenshot shows the Wiley Online Library search interface. At the top, there is a navigation bar with the URL <https://onlinelibrary.wiley.com/search/advanced> and a link for "Working off-campus? Learn about our remote access options". Below this is the "Wiley Online Library" header with a search input field containing "Enter Search Terms" and a magnifying glass icon, and a user name "Vasily".

The main content area is divided into two tabs: "ADVANCED SEARCH" (selected) and "CITATION SEARCH". The "Advanced search" section includes three search criteria, each with a dropdown menu set to "Anywhere" and a text input field for "Enter Search term". There are "X" icons to clear each criterion and a "+" icon to add more. Below these is a "Published in" field with the placeholder "Enter a journal, book, or reference work title".

The "PUBLICATION DATE" section has three options: "All dates" (selected), "Last" (with a "Month" dropdown), and "Custom range" (with "Month", "Year", and "to" dropdowns). A "Search" button is located at the bottom right of the search form.

On the right side, there is a "Search Tips" section. It explains the use of Boolean operators (AND, OR, NOT) and wildcards (? and *). It also includes an "Author Search" section, which notes that author names can be searched with full names or initials, and provides an example: "John Smith" finds articles by John Smith, John K.

Task №20

Найти 5 источников по теме своей диссертации (или близкой) на <https://www.onlinelibrary.wiley.com/>

Решение: запрос + документ(ы)
