A vibrant collage of school supplies. At the top left, a bundle of colorful pencils in various colors like blue, green, yellow, and red. To their right is a watercolor palette with several circular paint wells in colors like red, orange, green, purple, and black. Below the pencils is a white calculator with black buttons. In the center, a yellow ruler is partially visible. At the bottom, a spiral-bound notebook with a white cover and a blue pencil are shown. To the right, a pair of blue-handled scissors is open, and next to it are several sheets of colorful paper in shades of pink, blue, yellow, and red. The background is a light, textured surface.
