Valley of Geysers

An aerial photograph of Kuril Lake, a large, clear blue body of water. The lake is surrounded by lush green forests and rolling hills. In the background, a large mountain with patches of snow is visible under a blue sky with scattered white clouds. The water's clarity allows for a view of the sandy and rocky bottom near the shore.

Kuril Lake

An aerial photograph of the Commander Islands coastline. The image shows a series of green, rolling hills that descend into steep, rocky cliffs overlooking the ocean. The water is a deep blue-grey color, with some white foam from waves crashing against the rocks. In the foreground, a large, isolated rock formation stands in the water. The sky is overcast with grey clouds, and some mist or low clouds are visible near the tops of the hills. The overall mood is dramatic and rugged.
