Claire's Experiences in London

Dear Sue,

You won't believe it, but I am in London with my class. We have seen so many great things, I don't know where to start. We have taken a boat tour along to river Thames, we have been on top of the London Eye and we have had dinner in Chinatown. We have been to Madame Tussauds Museum. Last night we were on Trafalgar Square and lost three of our friends, fortunately they turned up at the hotel an hour later. Anyway, that's about all for now.
