They cleaned the room. – They did clean the room.

She speaks English. – She does speak English.

Do/does/did + verb

...do, ...Inf. without to ...

Until recently man treated nature as if it were inexhaustible. We do realize now that such an approach is completely wrong. (We now realize that such an approach is completely wrong.) До последнего времени человек относился к природе так, как если бы она была неистощима. Теперь же мы понимаем, что такой подход в корне неправилен.

it is/was ... who/that

It was that rain that ruined our plans

It was Prof. Adams who proposed such an interpretation.

It is an EFL teacher who can predict students' difficulties

- Bell invented the telephone in 1876.
- It was Bell who invented the telephone in 1876.
- It was telephone that Bell invented in 1876.
- It was in 1876 that Bell invented the telephone.

1. It is these special properties of sound that are the subject of the present chapter.
2. But it is not the chairperson who is the central figure of that meeting.
3. It is no doubt to this quality that the great popularity of this collection is due.
4. It is that task — that imperative to make Harvard even better—that brings us together this weekend.
5. It is this language that enables us to communicate with each other.
6. It was the Dutch physicist, Christian Huygens, who first offered an explanation for the phenomena.

What + sentence

You need a day off. – What you need is a day off.
