

A dramatic sky scene featuring a vibrant rainbow arching across the upper portion of the frame. Below the rainbow, a bright sun is visible, creating a lens flare effect. A prominent streak of light, possibly a meteor or a rocket trail, descends from the top center towards the horizon. The lower half of the image is filled with a dense layer of white and yellowish clouds, illuminated by the sun's glow. The overall color palette is dominated by deep blues, oranges, and yellows.
