Silverstone

Avtodrom It is the most famous British track
host Grand Prix UK in the class of Formula 1

The culture of the United Kingdom is rich and diverse. On it is influenced by many factors: the insular nature of the state, the country's history as one of the leaders of Western democracy and a significant military and political player, as well as the fact that the country was formed as a result of the union of four separate states, each of which maintained its own traditions, habits and symbols. Thanks to the British Empire British cultural influence, in turn, can be traced in language, culture and legal systems of many of the countries of the former colonies, including Australia, Canada, India, Ireland, New Zealand, South Africa and the United States.
