# Alexander Column

The image features two black silhouettes of people in profile, facing each other as if in conversation. They are set against a light pink and white background that has a soft, painterly texture. A dark silhouette of a tree branch with several leaves arches over the figures from the top left. The entire scene is framed within a semi-circular shape. The text 'Shadow museum' is overlaid in the lower-left quadrant in a bold, white, sans-serif font.

**Shadow museum**
