A **slug.**

A close-up photograph of a bright green slug. The slug has a rounded, translucent body with several small, dark spots or pores visible. It features two long, thin, light-colored tentacles extending from its head, each ending in a large, bulbous eye. The background is a dark, textured surface, possibly wood, which provides a strong contrast to the slug's vibrant color.

slug

A **slug** on a **plug**.

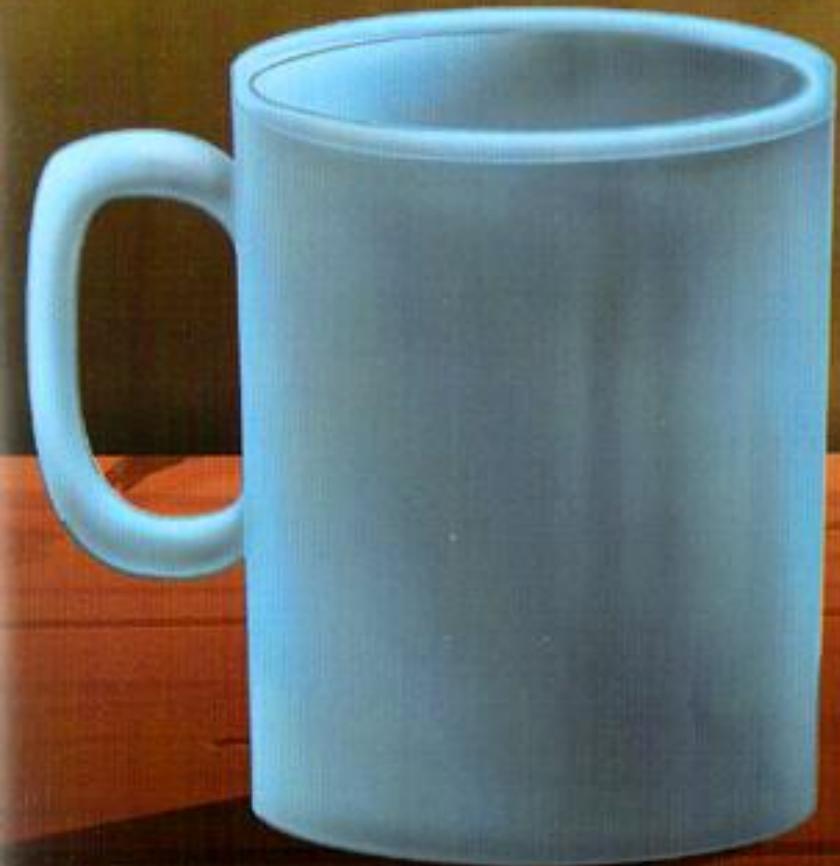

A cartoon illustration of a bright green slug with two large, bulging white eyes and a long brown antennae. The slug is crawling on top of a black electrical plug with two silver metal prongs. The background is a warm, textured brown.
