ABOUT 2 SEASONS

If you choose between 1 and 2 of Yen Riverdale season, I'll choose 2, but I can not say that 1 is not interesting.

The life of Fred (Luke Perry), Archie's father (KJ Apa), hangs in the balance after shooting at the cafe. Fred is in the hospital, and Archie is trying to cope with the enormous stress. He is trying to help in this Veronica (Camila Mendez), but she has her own problems: the girl's father arrives in the city much earlier than she expected. Friends take Archie under their care, but he, realizing that the police are in no hurry to find a man who shot at his father, begins an independent search. Betty Cooper (Lily Reinhart), with the help of a mother journalist, also begins to investigate the case of the shooter. Together with Veronica, she begins to notice strangeness in the behavior of the residents of Riverdale, for example, Hiram, who hated Archie, having never met him yet.
