

*С наступающим праздником! И пусть
Новый Год войдет в дом с такими же
яркими лучами...*

...и яркими красками...

A wide-angle photograph of a winter scene. In the foreground, a dark, narrow canal or river flows from the bottom right towards the center. The banks of the canal are covered in a thick layer of white snow. On the left bank, there is a dense row of tall, thin trees, possibly birches, their branches heavily laden with snow. The right bank is dominated by a large, steep hillside covered in a dense forest of trees, all of which are heavily encrusted with a thick layer of white frost or snow. The sky above is a pale blue with some wispy white clouds.

*... И пусть жизненный
путь будет
таким же
необозримым....*

A photograph of a winter forest at sunset. The trees are heavily laden with snow, their branches hanging down like icicles. The sun is low in the sky, its light filtering through the snow-laden branches and casting long, warm shadows on the snow-covered ground. The overall atmosphere is serene and magical.

*... А хлопоты
неощутимыми...*

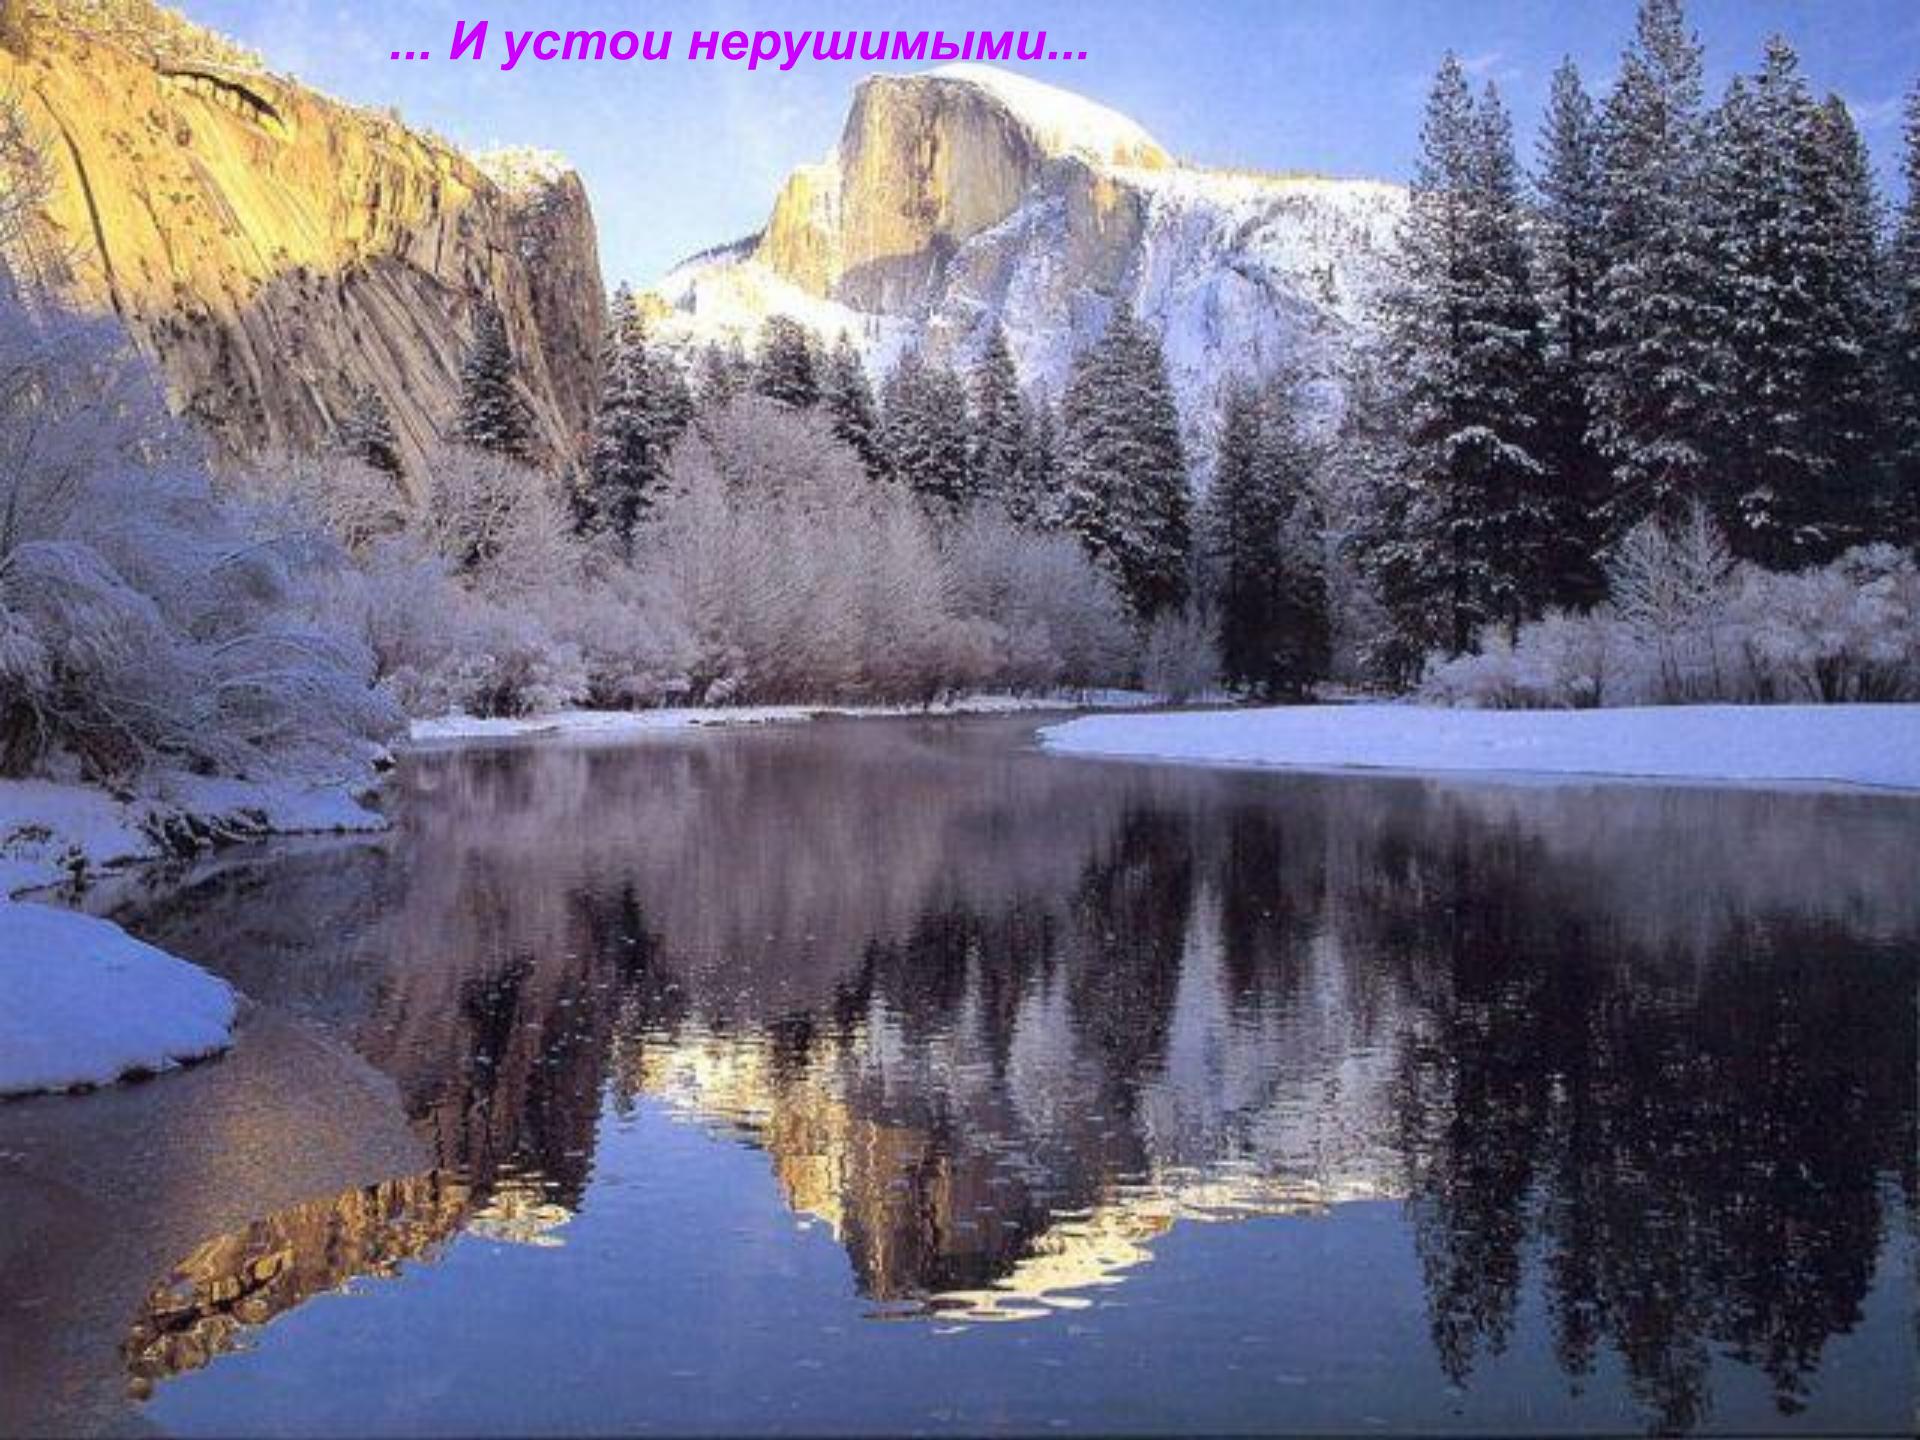

A photograph of a winter scene. In the foreground, there's a thick layer of white snow covering the ground. Bare tree branches are scattered throughout the scene. On the right side, a large, partially frozen waterfall or a very large icicle hangs down, its surface covered in snow and ice. The background shows more snow-covered ground and some distant, out-of-focus trees.

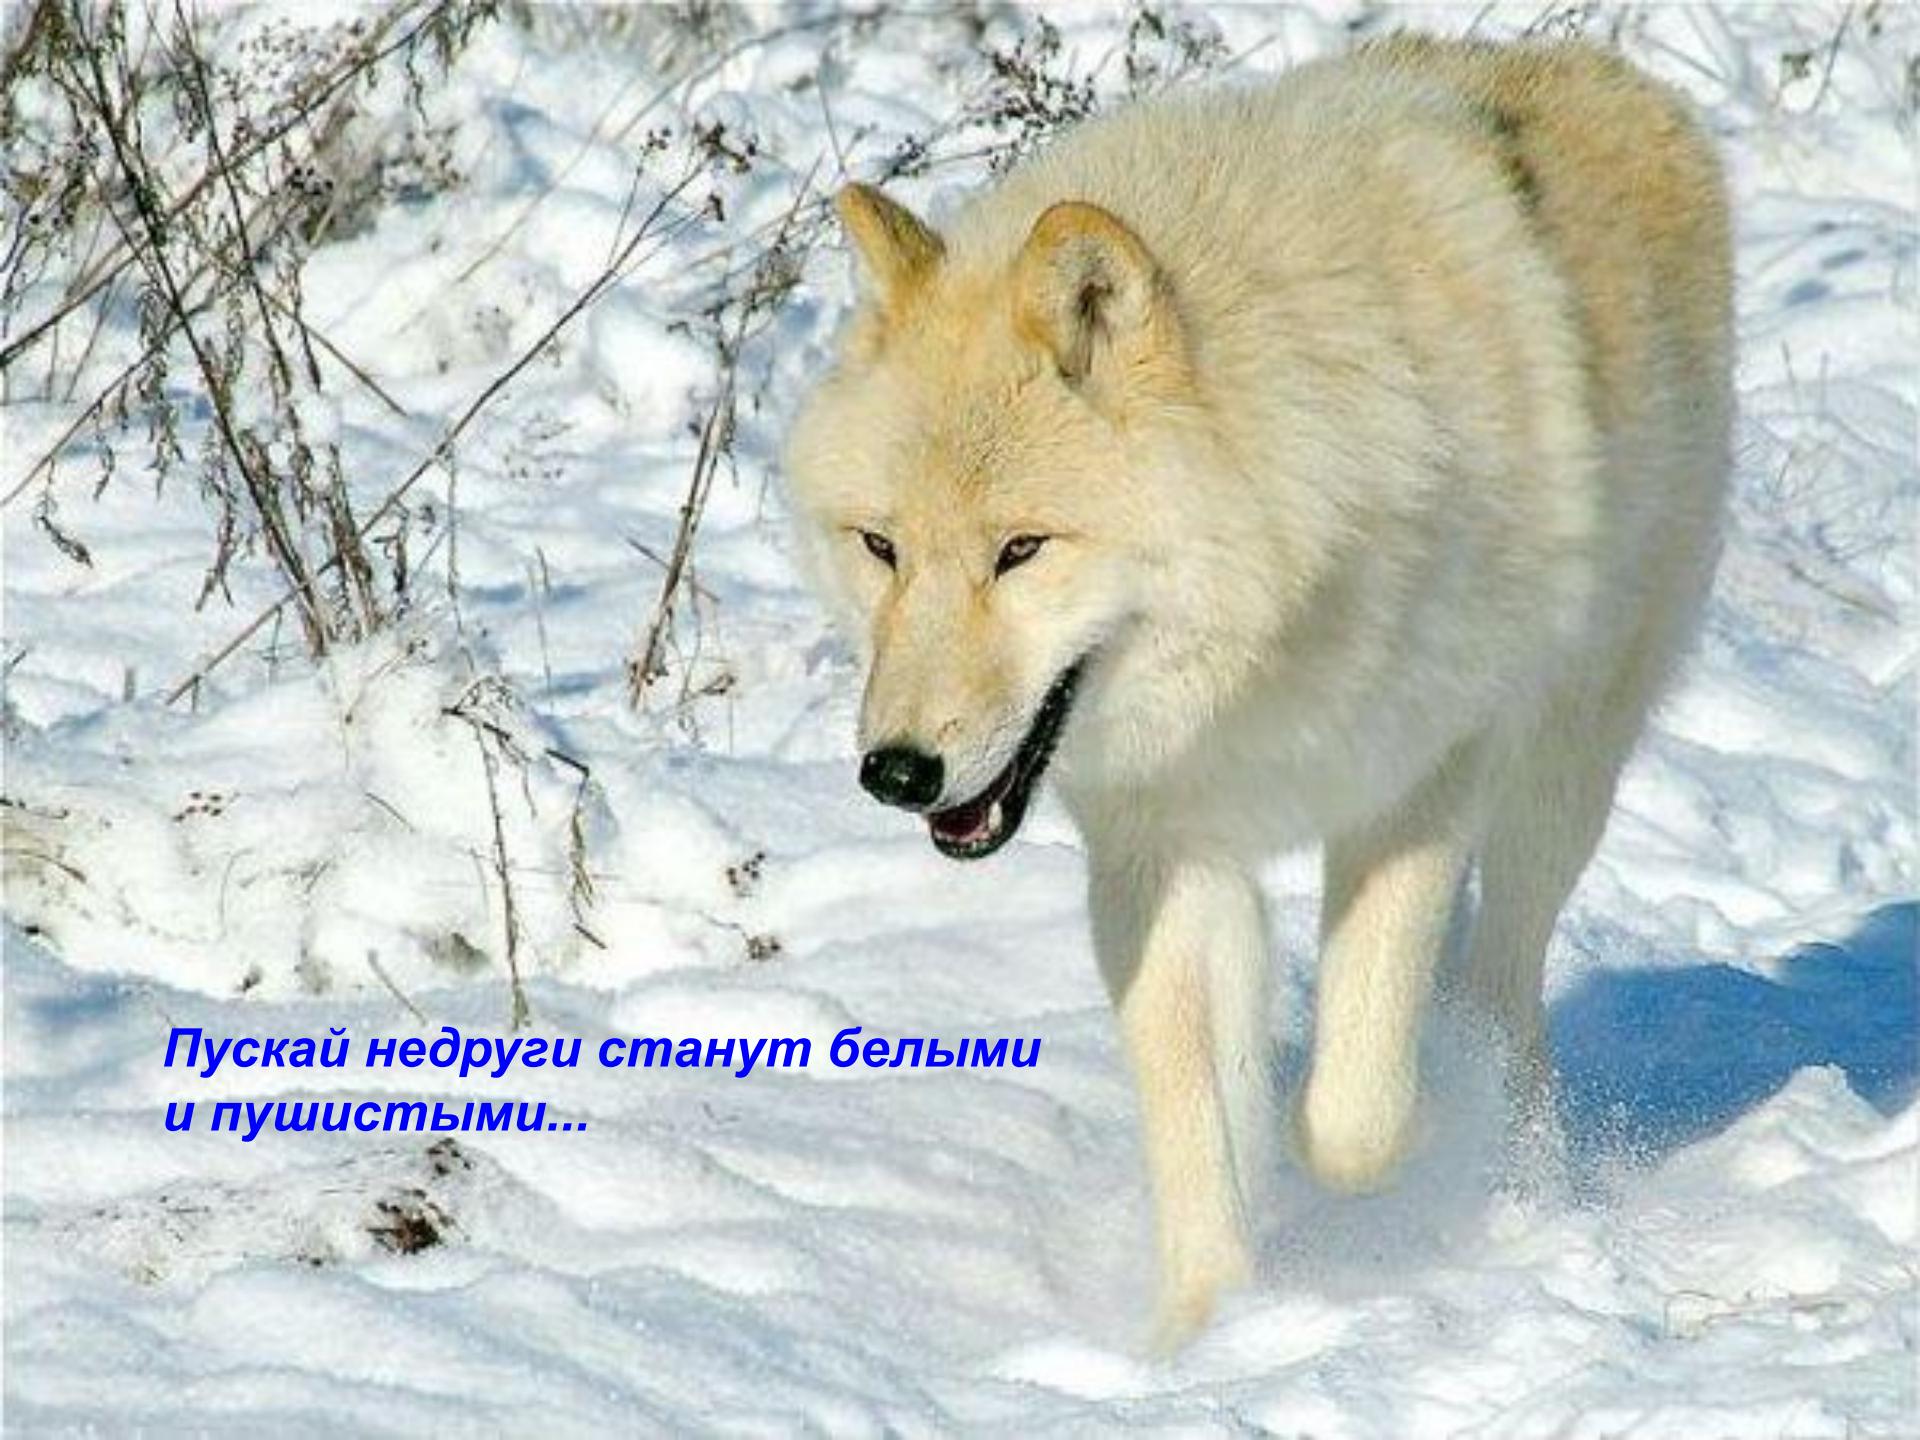

*... Пусть приобретенные
навыки будут устоявшимися...*

*... А обстановка в доме всегда
остается умиротворенной...*

... И устои нерушимыи...

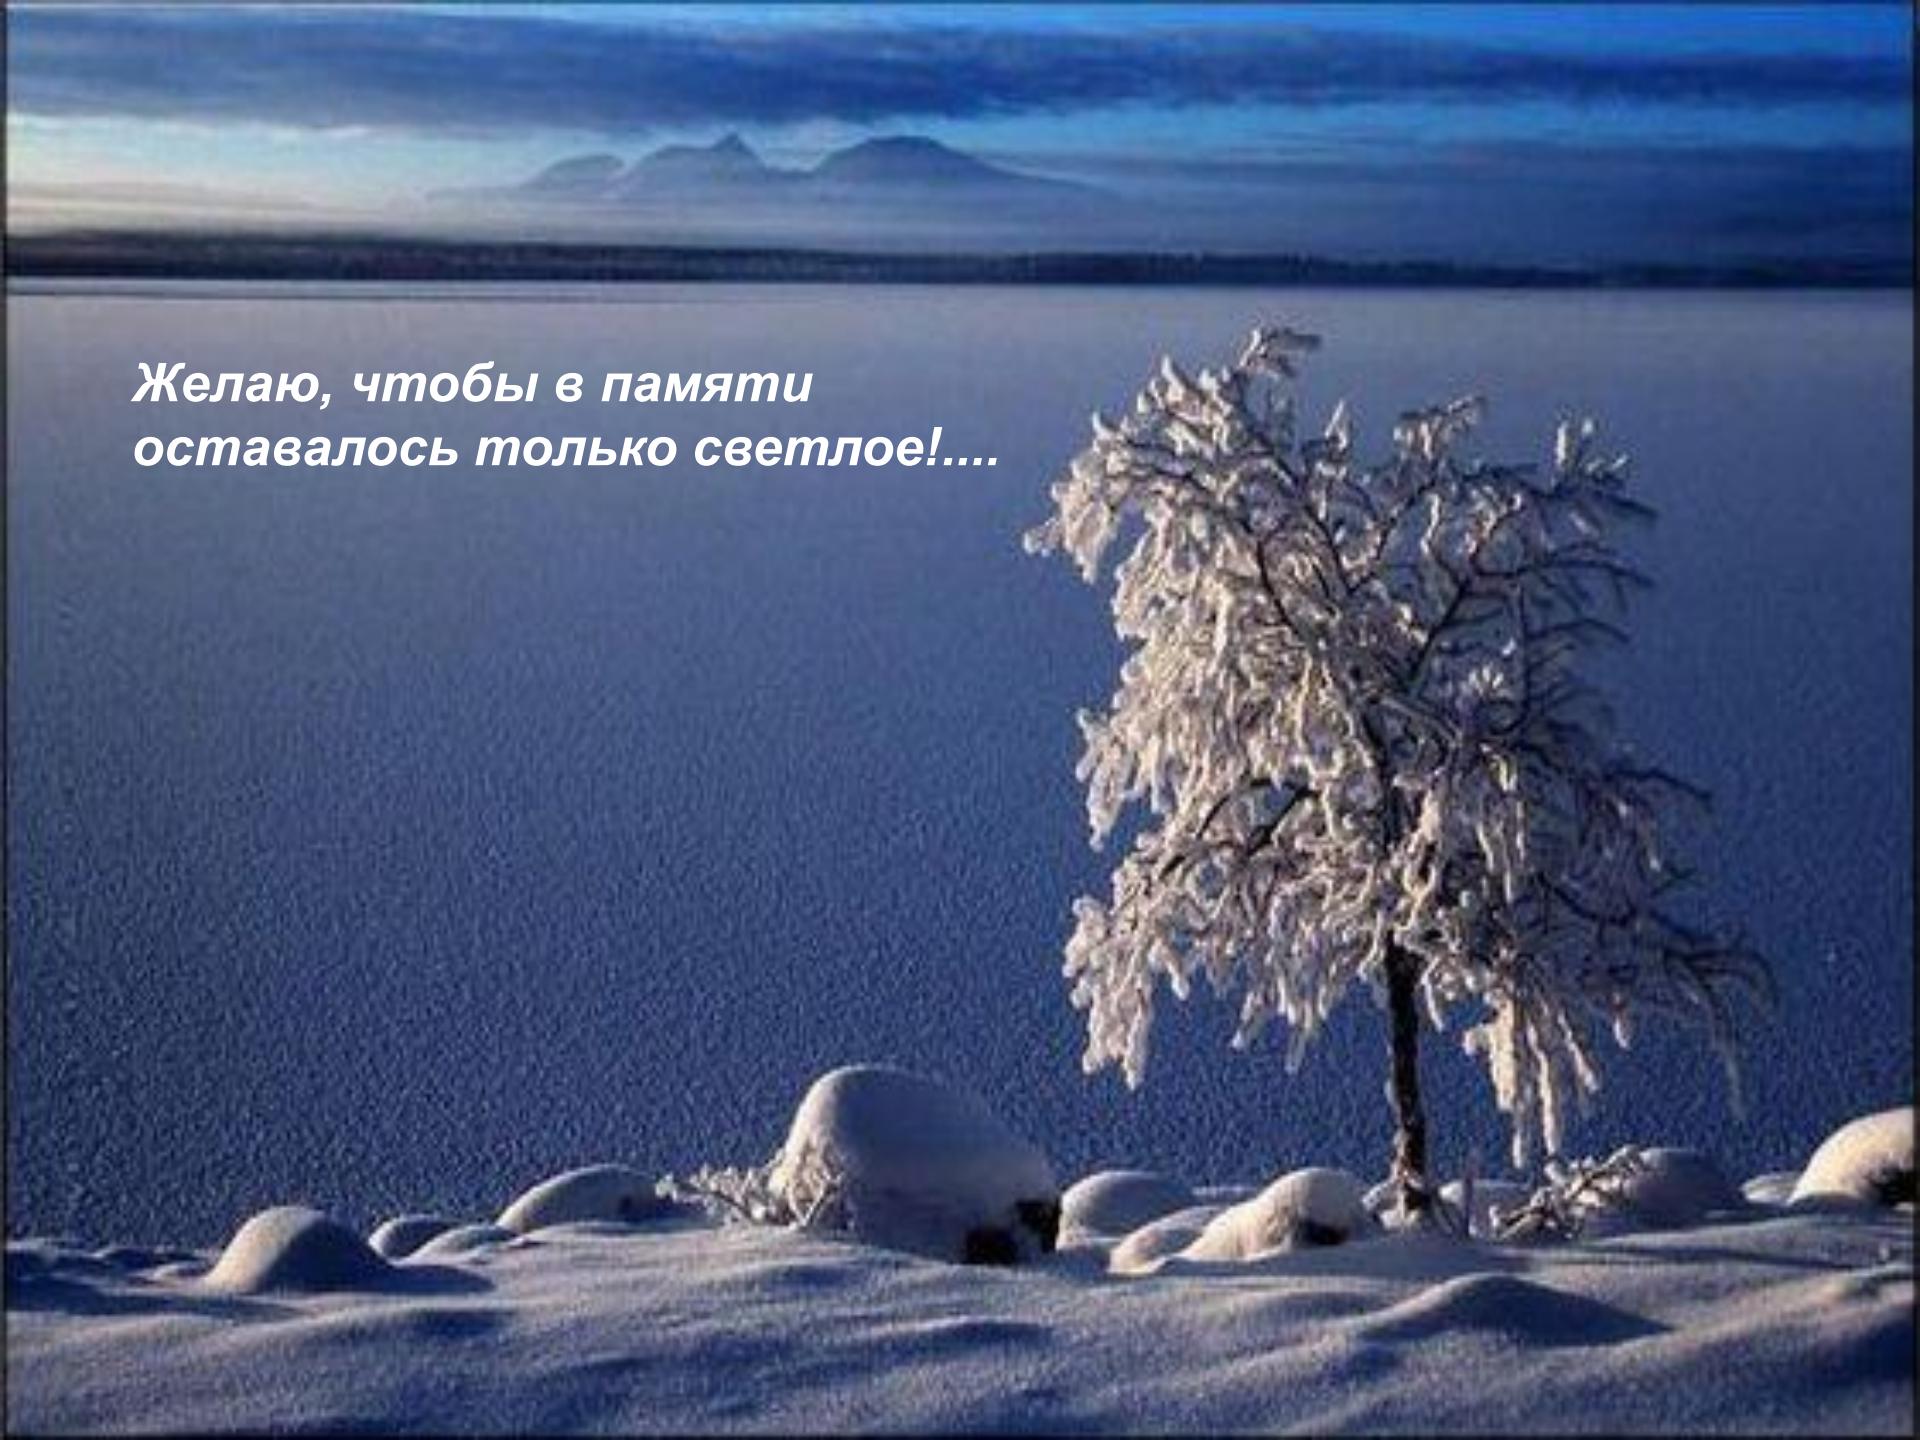

*Пускай недруги станут белыми
и пушистыми...*

Пускай одиночество отступит!.....

И прояснится небо над головами близких...

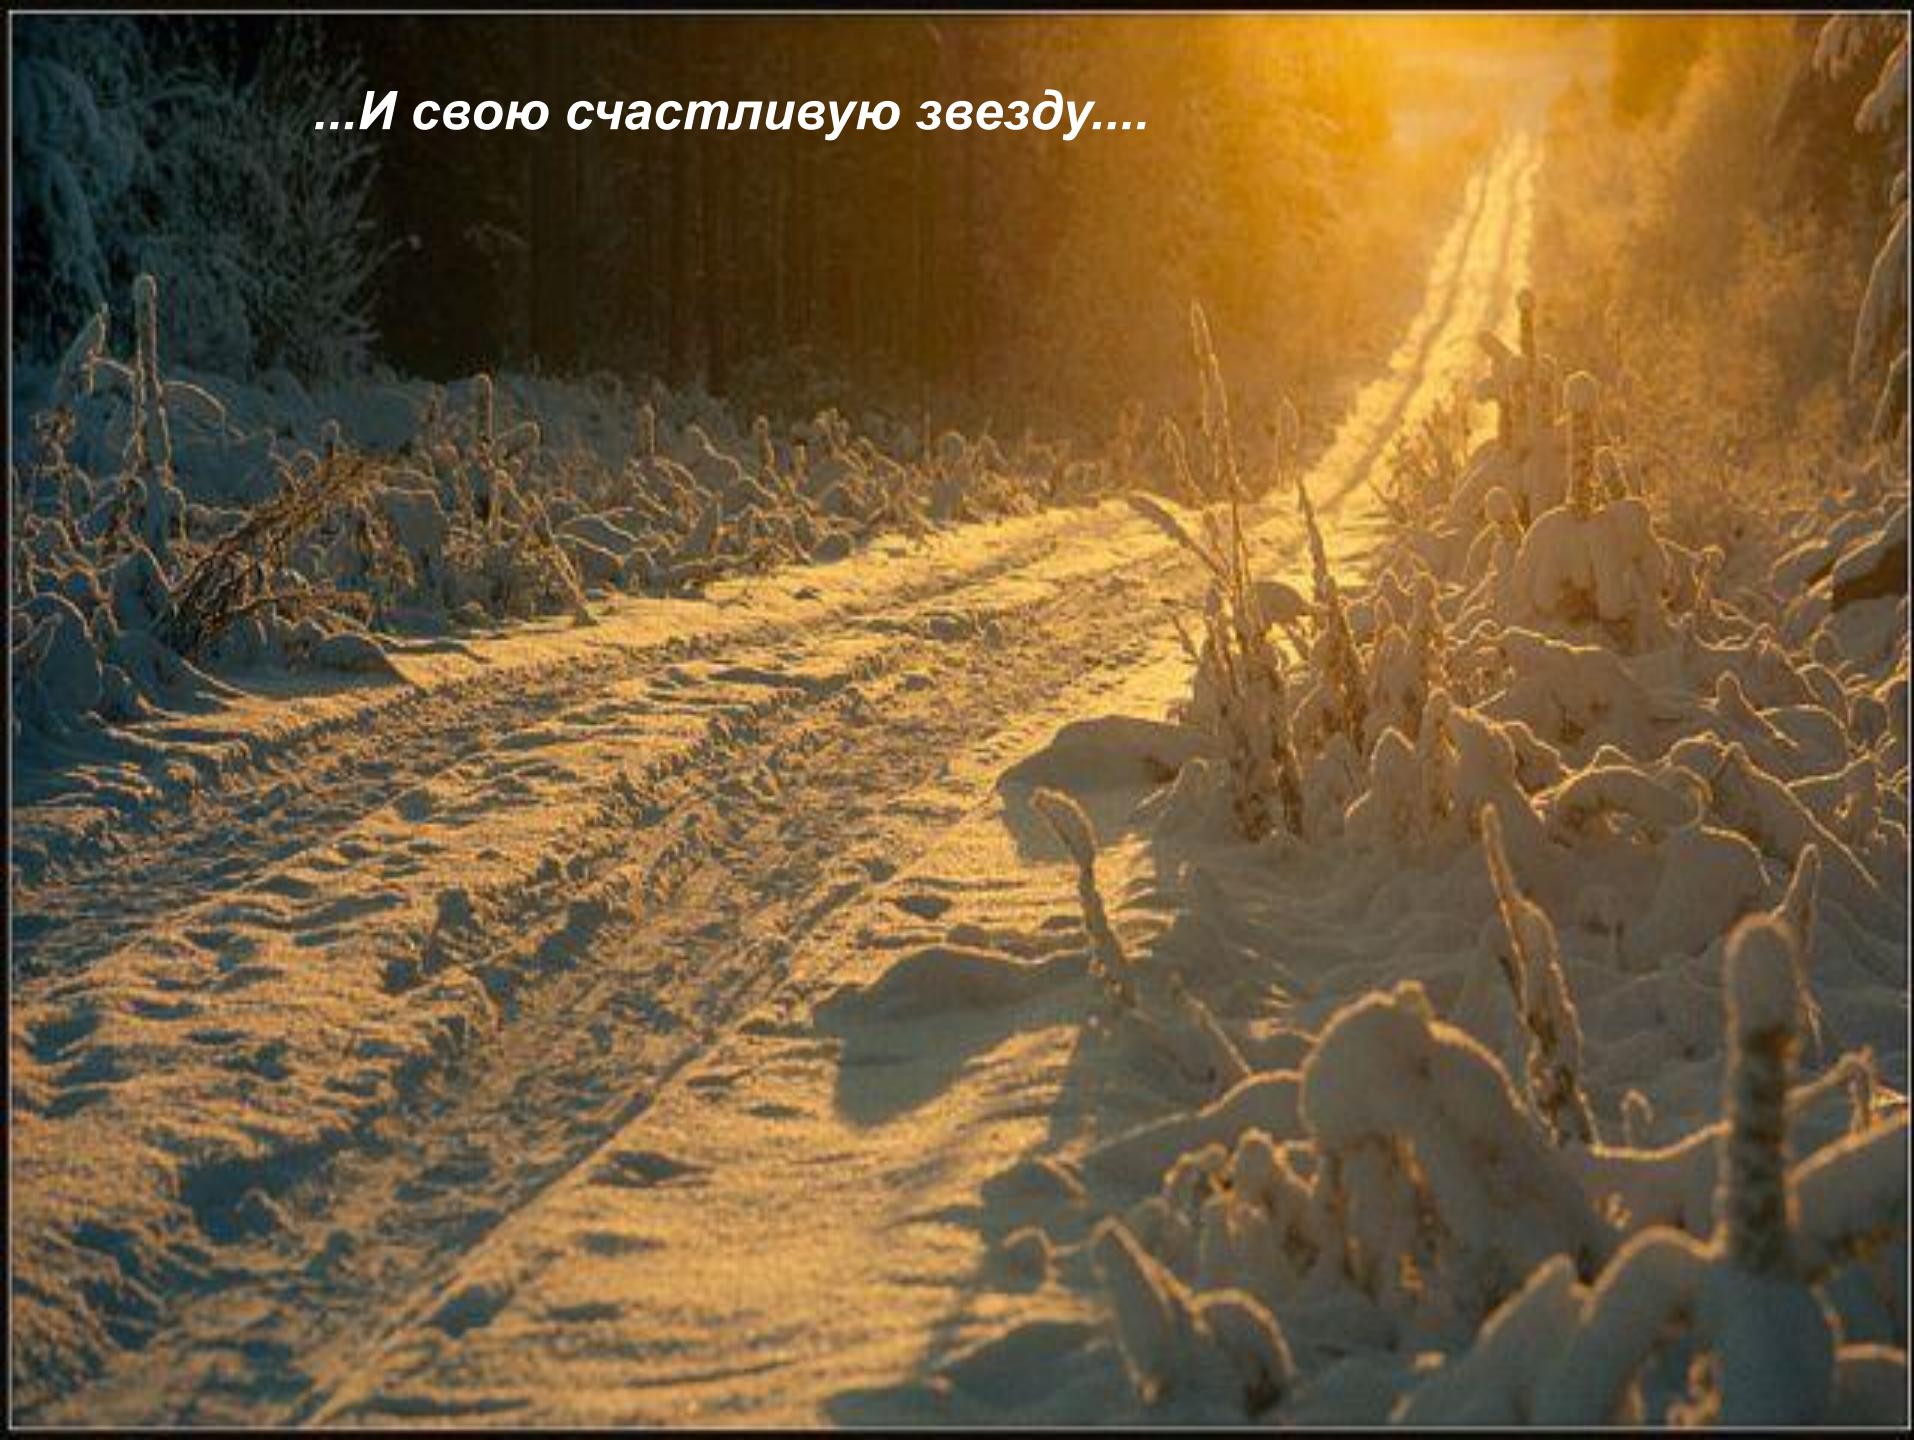

A landscape photograph featuring a vast, dark blue-grey body of water, likely a lake, under a hazy sky. In the background, faint, dark mountain peaks are visible through the mist. In the lower right foreground, a single, gnarled tree stands on a small, snow-covered island or rocky outcrop. The tree's branches are heavily laden with thick, white snow, creating a stark contrast against its dark trunk and the surrounding dark tones.

*Желаю, чтобы в памяти
оставалось только светлое!....*

Ведь мы так верим в птицу счастья....

...И свою счастливую звезду....

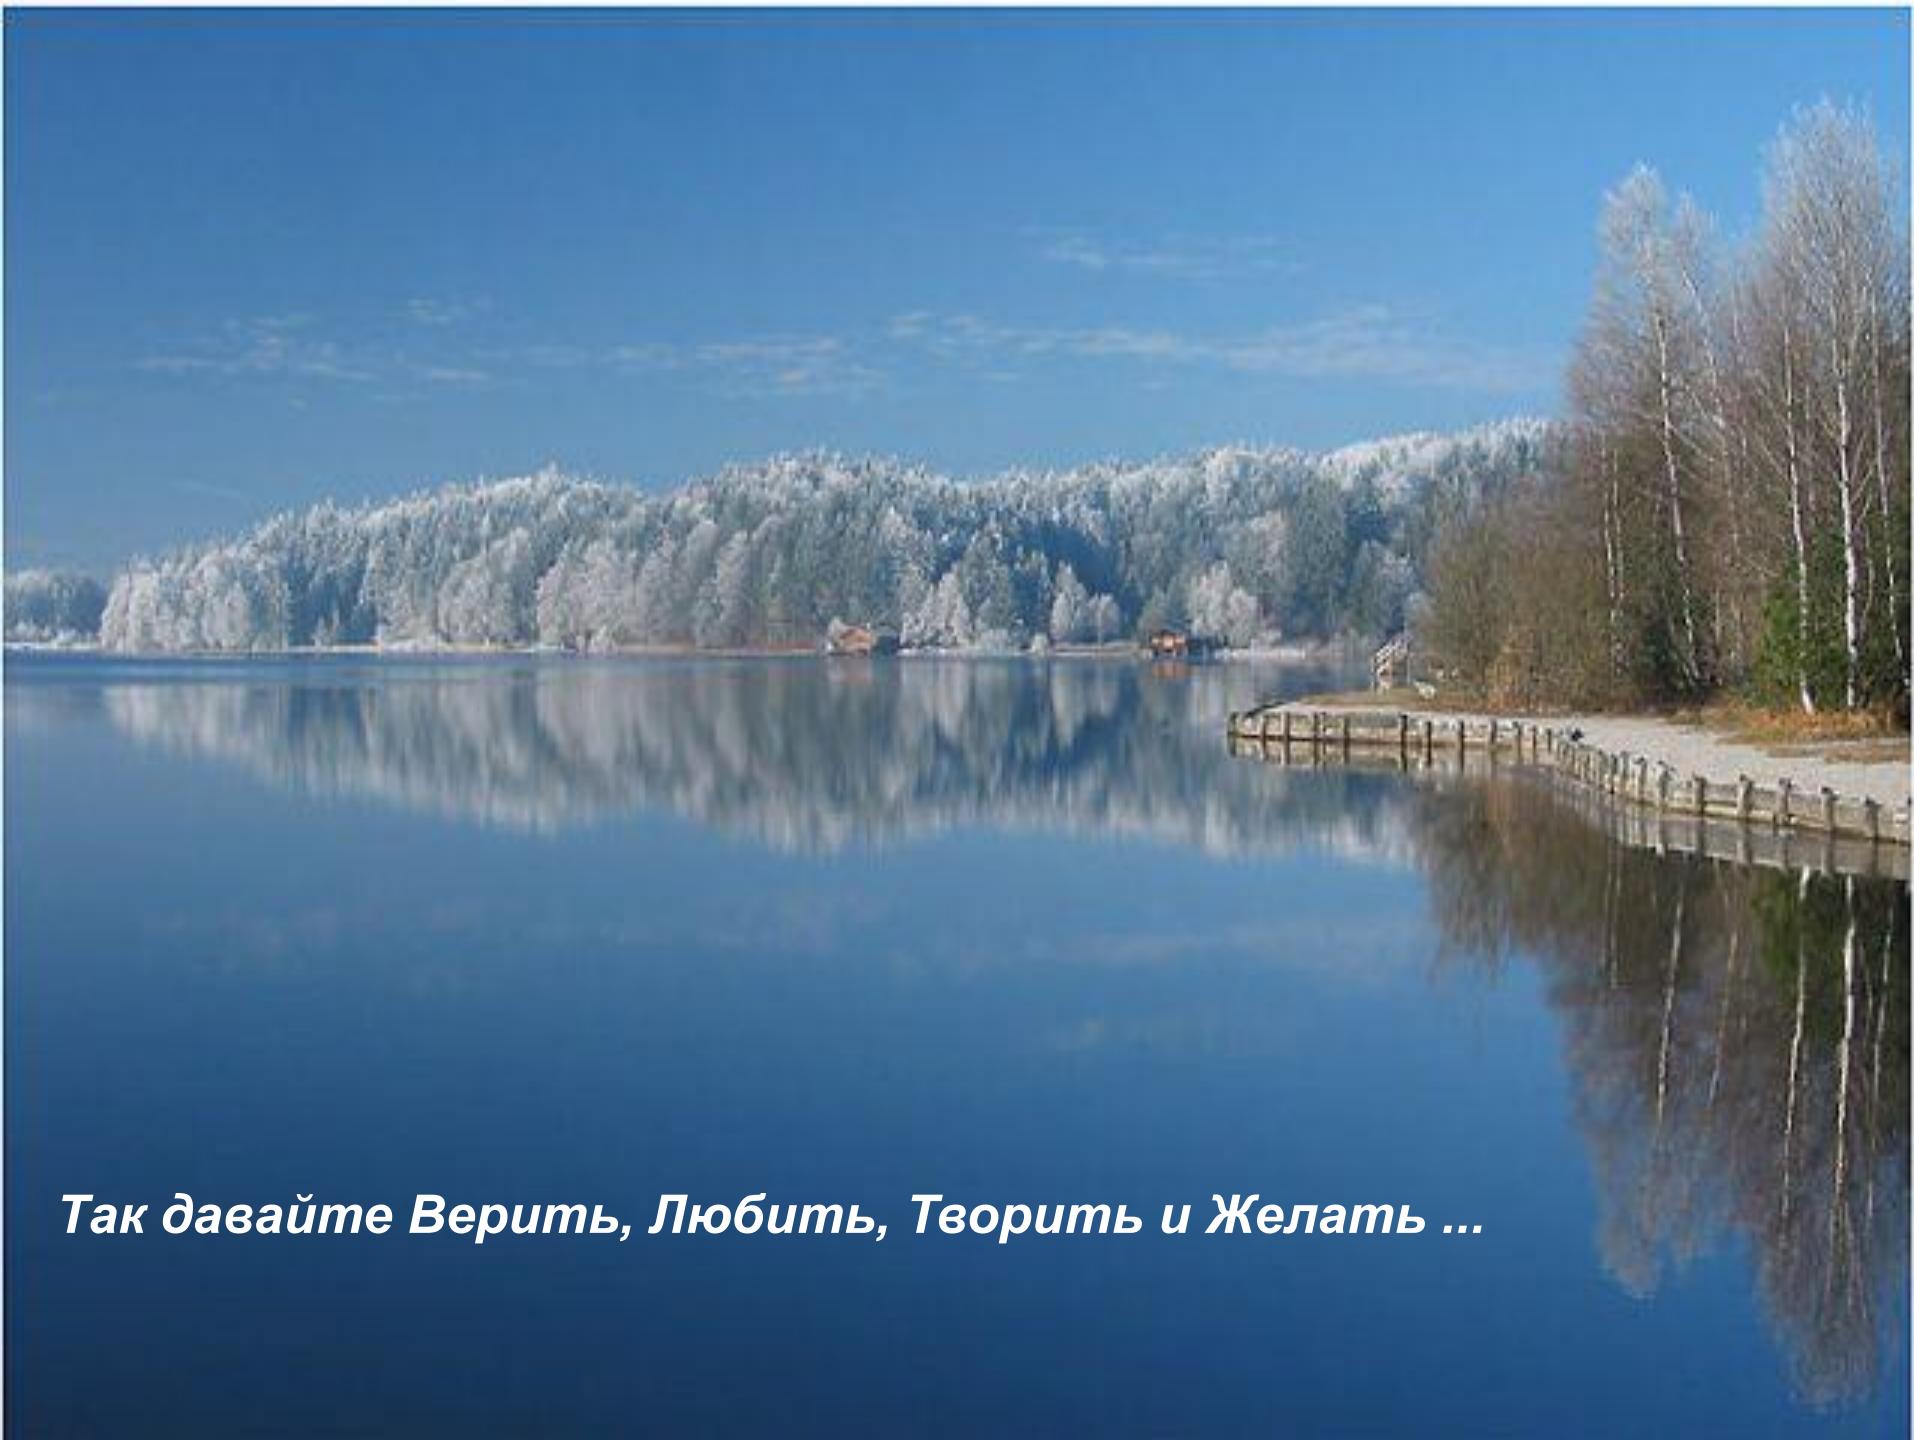

A photograph of a desert landscape at sunset. In the foreground, a large, gnarled tree with many branches and hanging, flame-like structures (likely a cholla cactus) stands prominently. The ground is covered in low-lying desert shrubs and rocks. In the background, there are rolling hills under a sky transitioning from blue to orange and yellow.

*.... Что не может жизнь
оказаться однообразной...*

... И черно-белой....

Так давайте Верить, Любить, Творить и Желать ...

...Лунных ночей с дорогими и близкими....

*... Светлых будней, искренних
коллег, верных друзей...*

*....Ведь как многое можно успеть –
не торопясь....*

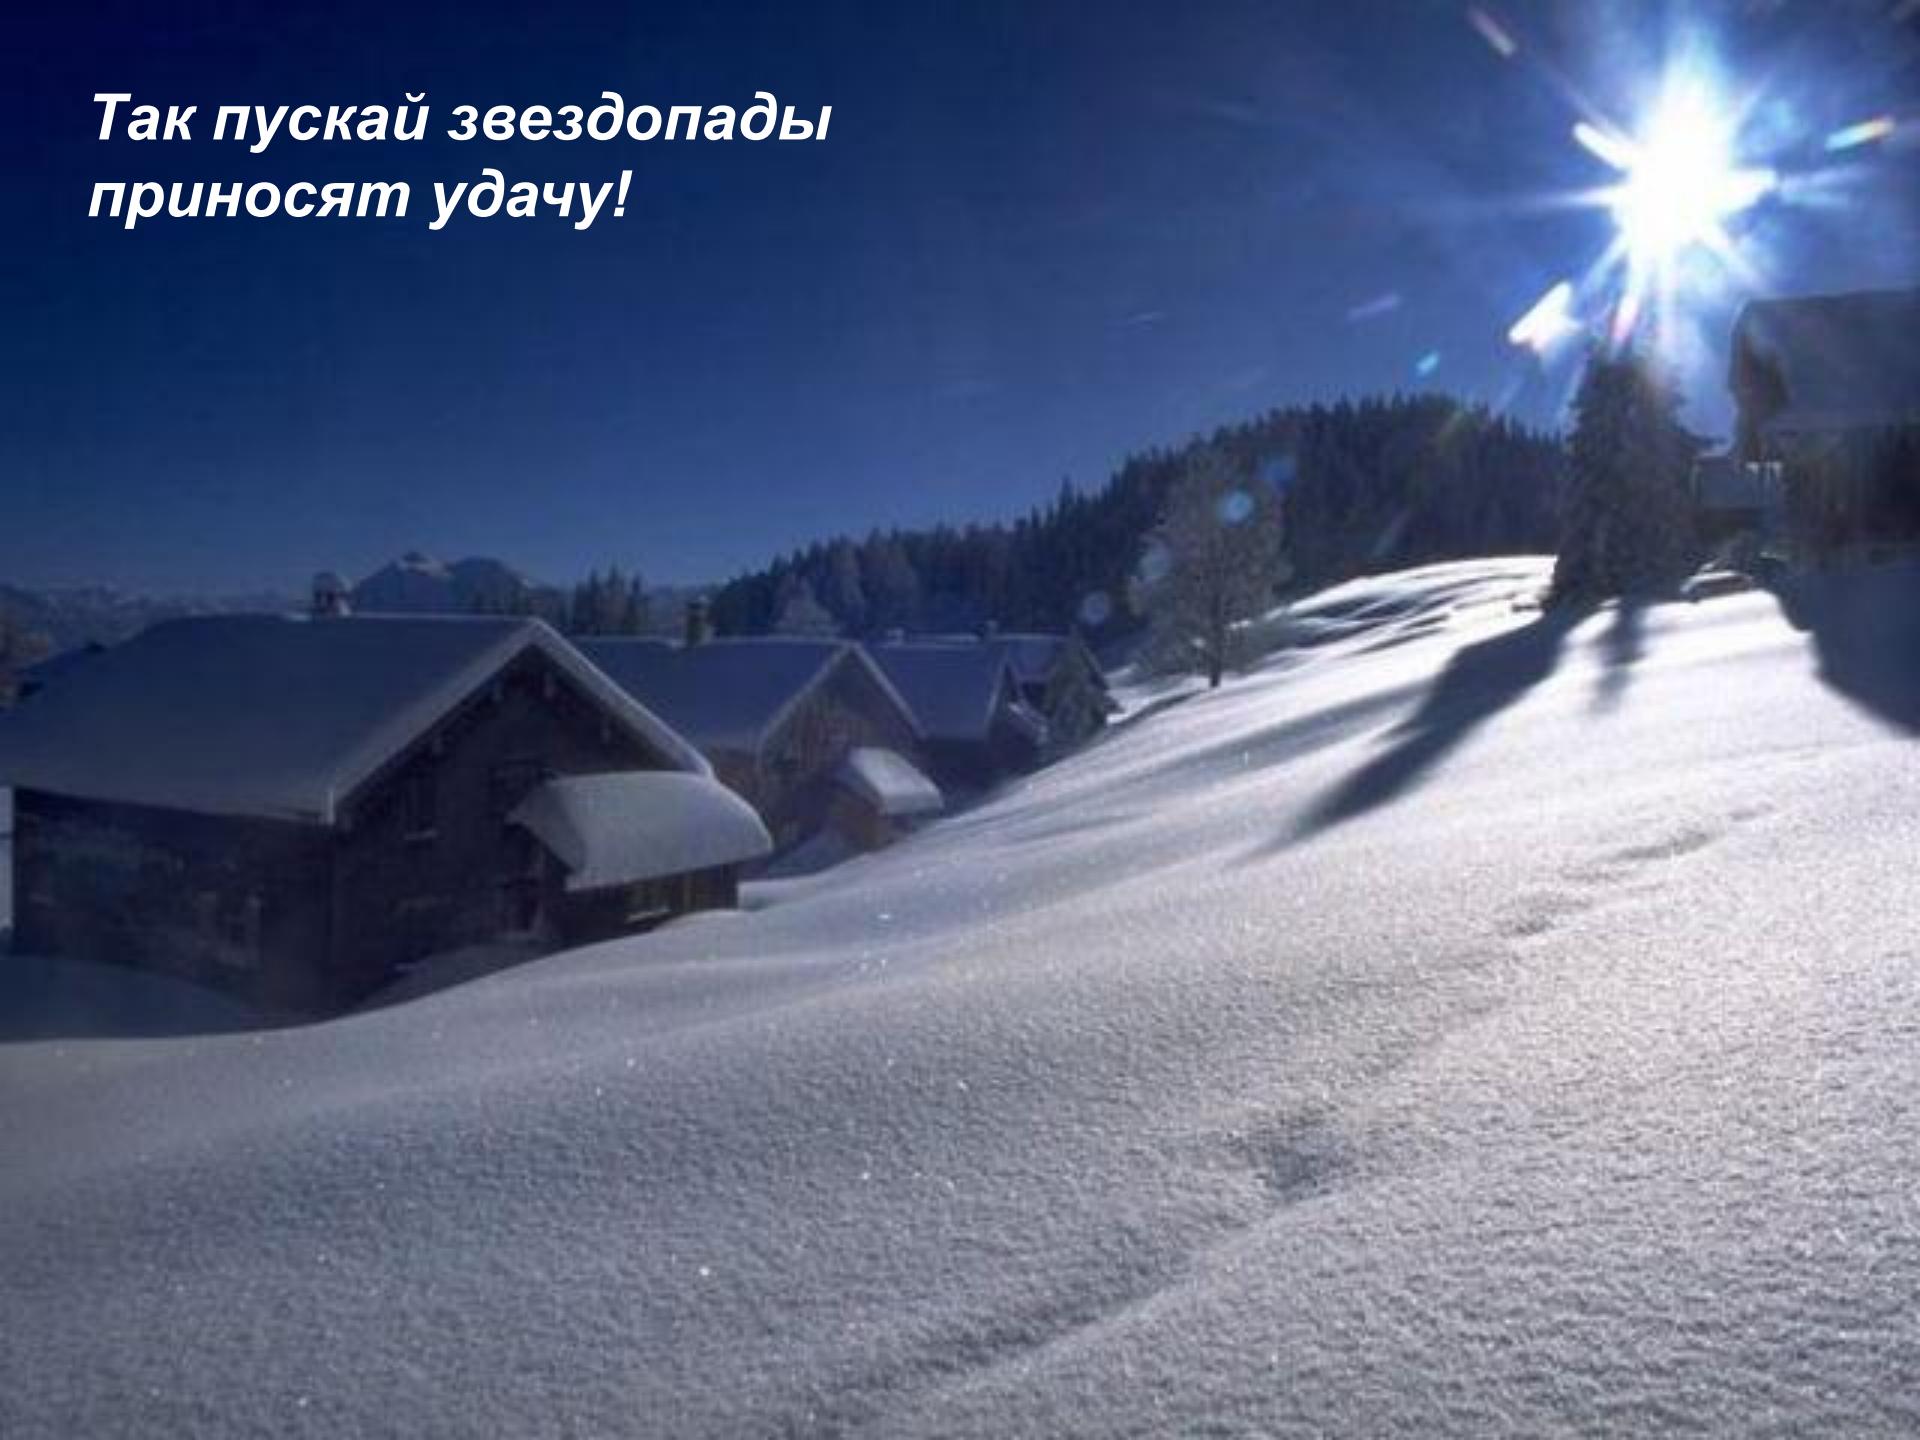

*..... Увидеть – не приглядываясь,
а просто сердцем*

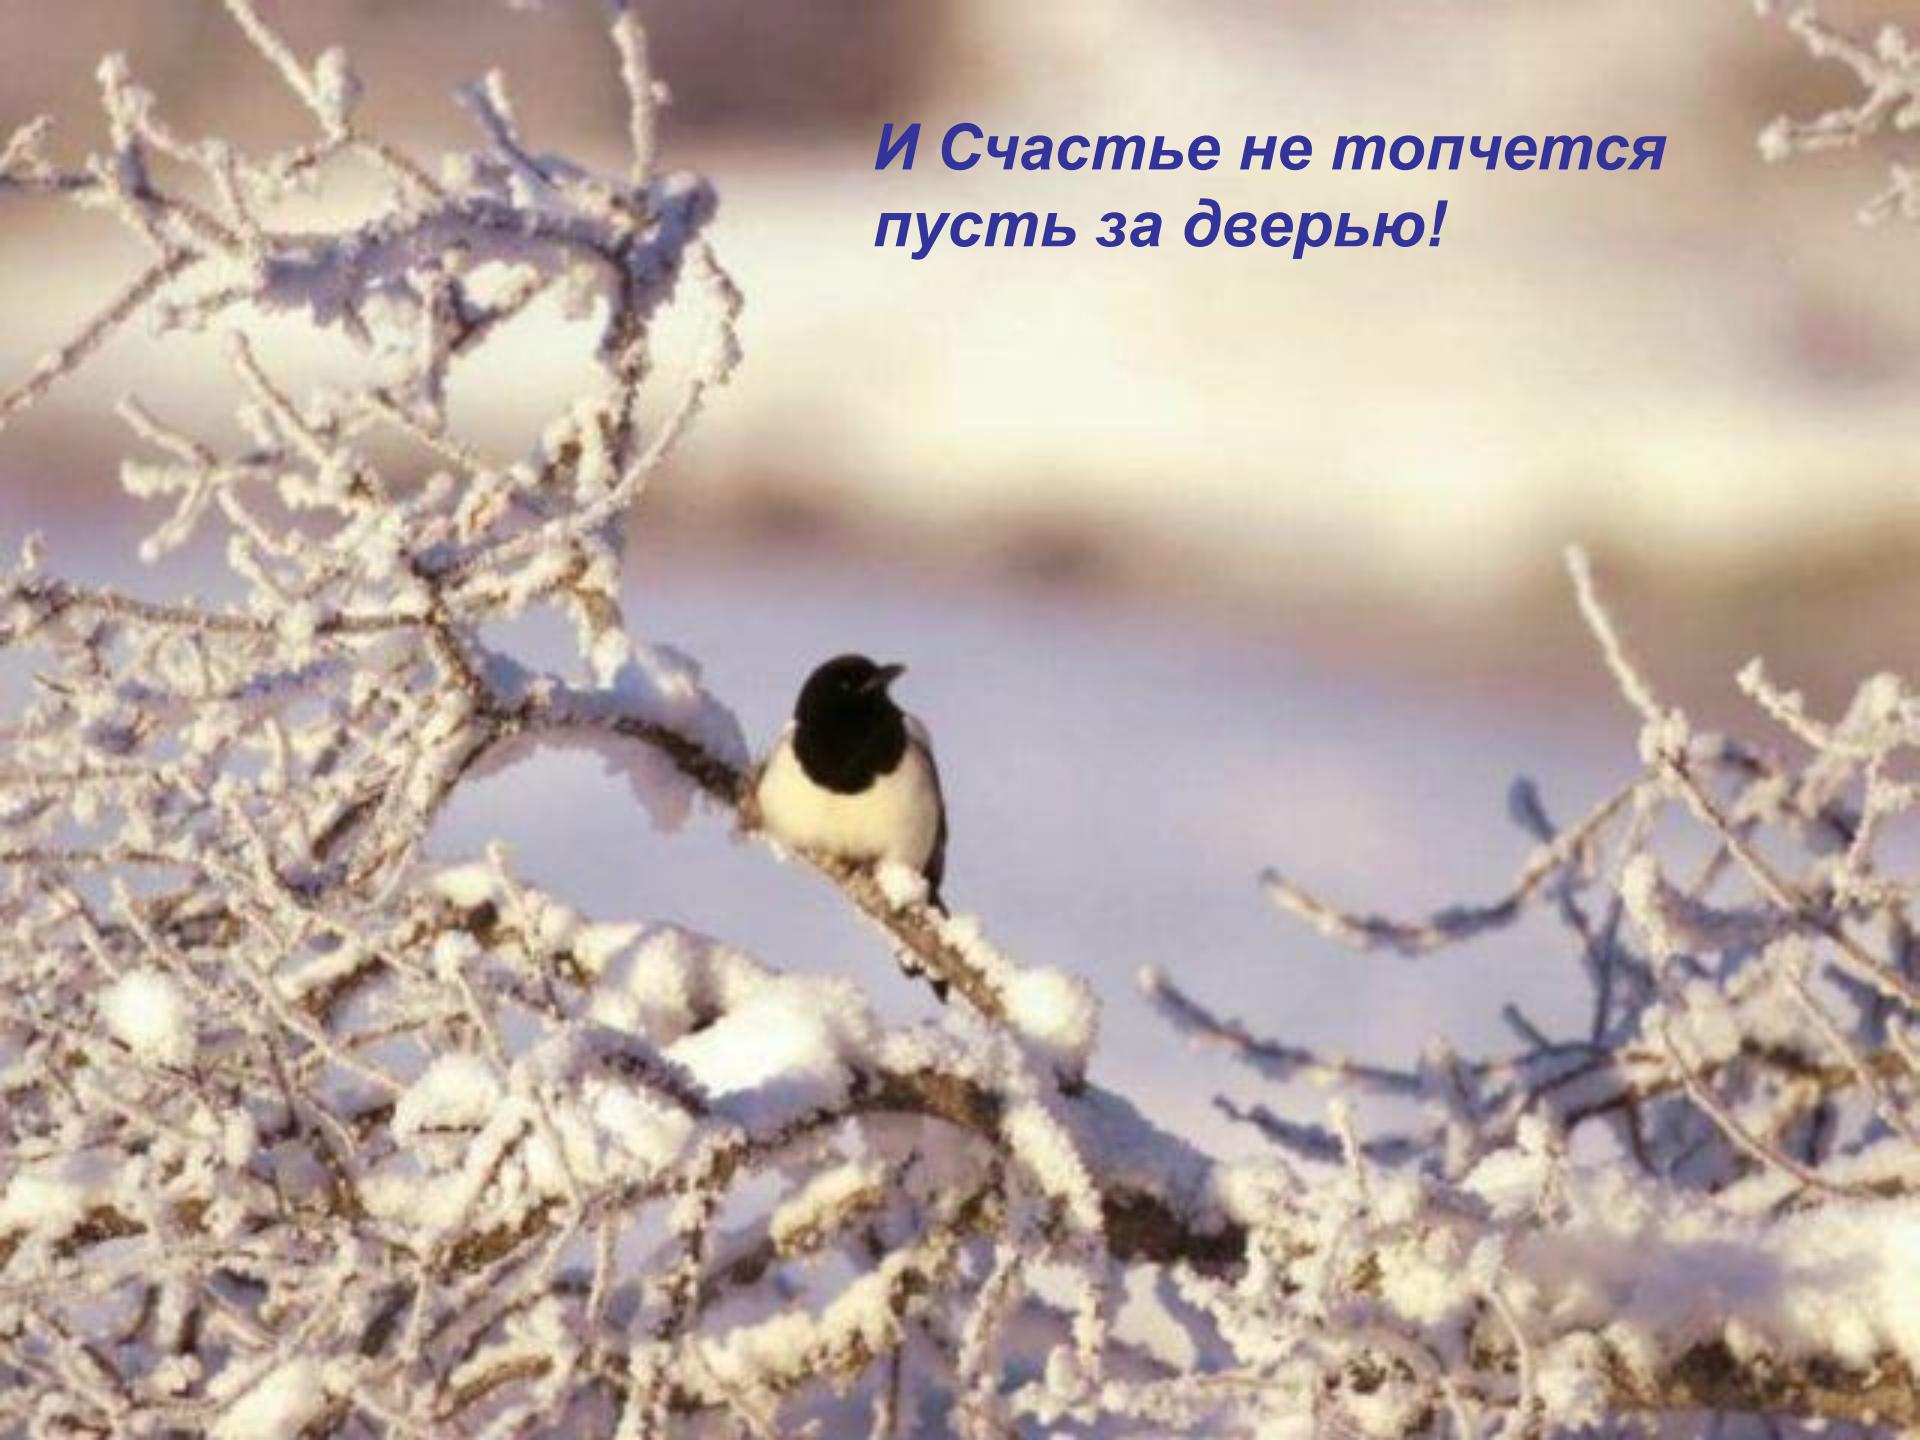

..Услышать – не додумывая....

*Так пускай звездопады
приносят удачу!*

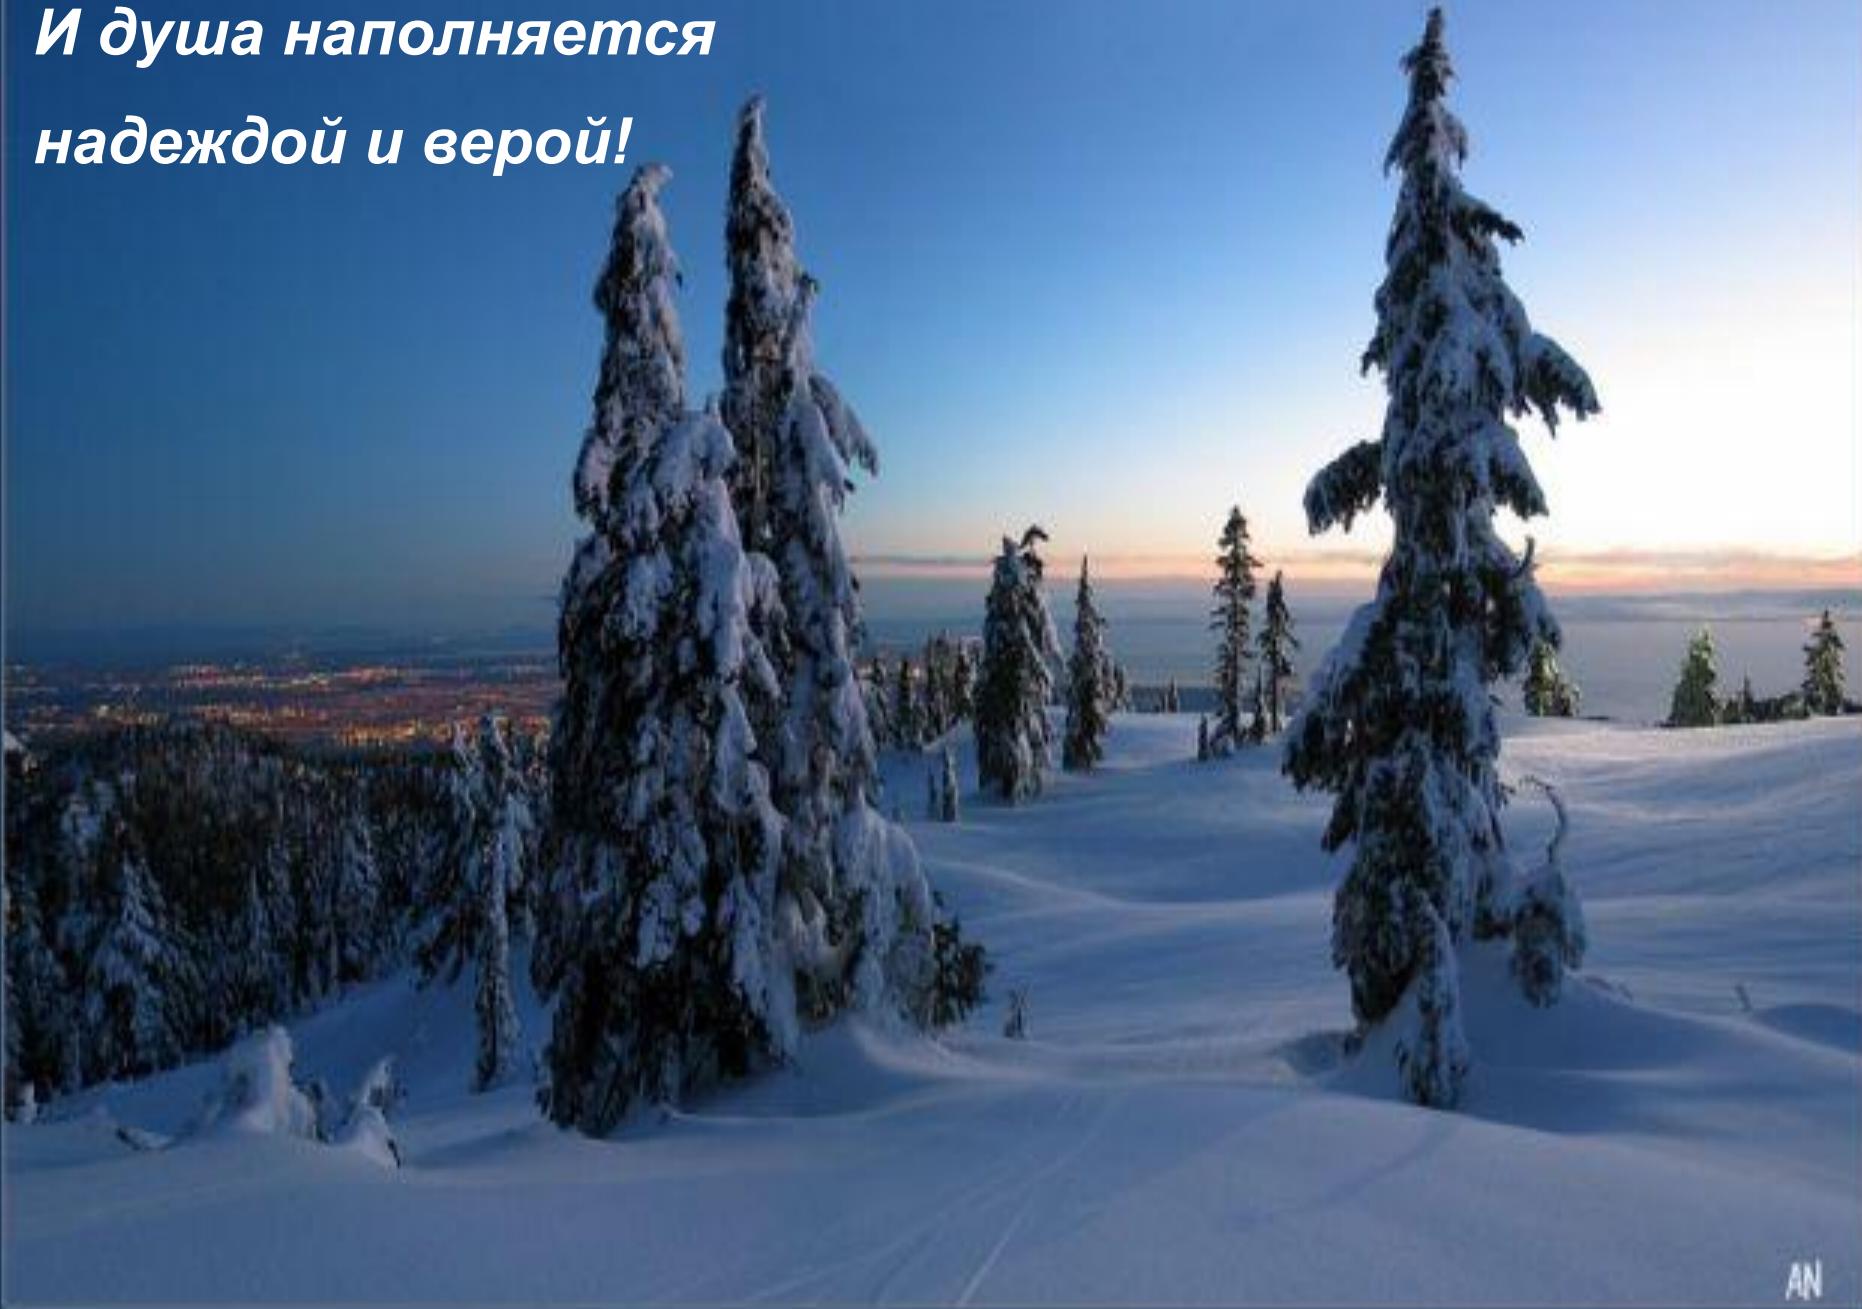

A black and white photograph of a small bird, possibly a tit or sparrow, perched on a snow-laden branch. The bird has dark feathers on its head and back, with a lighter, yellowish belly. It is facing towards the left of the frame. The branches are heavily covered in a thick layer of white snow, and the background is a soft-focus view of more snowy trees and a hazy sky.

*И Счастье не топчется
пусть за дверью!*

*И дома
никто
никогда
не плачет!*

*И душа наполняется
надеждой и верой!*

*Давайте не терять друг друга!
Прощать погрешности и
неточности, недостатки и
недоговоренности! Давайте
учиться жить дружно,
учиться Любить,
учиться быть Любимыми!*

С Новым Годом!

*И давайте
выпьем
за хороших людей –
нас так мало
осталось!*
