SYMBOLS

18th century colonization by Britain  
In 1896, a large group of people came to the Gold Rush!  
In 1896, a large group of people came to the Gold Rush!

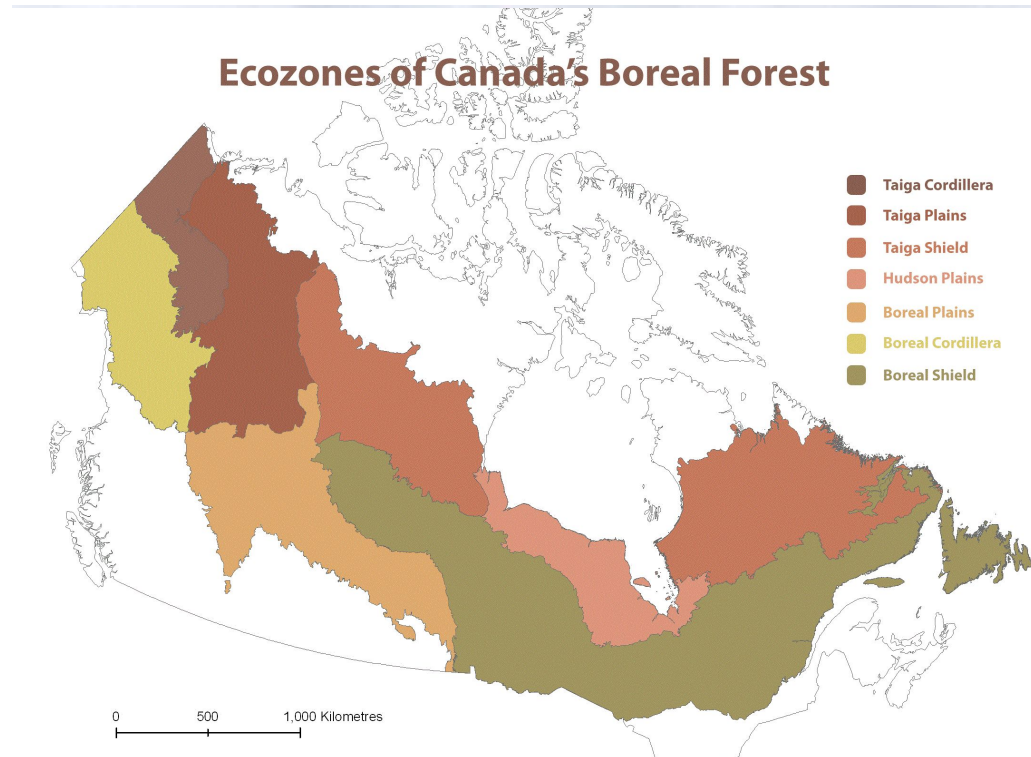

The "Gold Rush" significantly influenced the history of Canada. Many cities expanded, provinces began to accept new immigrants from Europe, the government became more liberal, and the Canadian economy began to flourish. Industry and agriculture have improved.

HISTORY

# Canada occupies the northern part of the North American continent

Canada has more lakes than all the other countries in the world. The average population density is less than 3 people/km<sup>2</sup> (8.57 in Russia). 1,000,000 by forests (22% in Russia). It is the third country with the lowest population density.

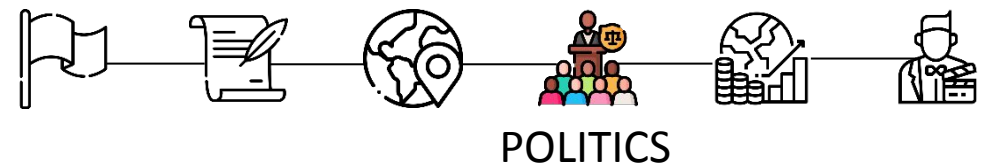

GEOGRAPHY

Canada's foreign policy is characterized by large and serious participation in various peacekeeping missions, as well as providing financial assistance to poor countries of the world. Much attention and funding by the Government of the country is devoted to ensuring peace and security in modern conditions. It is worth noting Canada's close cooperation with the UN and participation in peacekeeping missions under the auspices of the organization.
