БАВЛИНСКИЙ
РАЙОН

Bavly is a land of high mountains, rivers, pretty valleys and temperate, continental climate. My town has always attracted visitors from neighboring republics and distant countries. It was founded in 1930. We celebrated it's anniversary this year. The first oil gusher gushed out in 1936. Oil for us is the main wealth - so called "black gold" .

Bavly citizens are proud of their outstanding and world famous country men: the writers Fanis Yarullin, Tufan Minnullin, Mirgaziyan Yunis, Rafael Mustafin, composer Gans Saifullin, popular singer Vil Usmanov and many others.

An aerial photograph of a residential area. In the foreground, there are several large, multi-story apartment buildings with light-colored facades and dark roofs. The buildings are arranged in a somewhat circular or U-shaped pattern. To the left and right of these buildings are smaller, more scattered houses and structures. In the background, there are rolling green hills with patches of trees and a dense residential area. The overall scene is bright and sunny.

Our people
