

VENICE - THE CITY- MUSEUM ON WATER

Venice in my opinion the most wonderful city which is on the planet. It is the center of the world of the art and beauty. And I would like to this wonderful city Museum

General Information

Venice city in northeastern Italy, mainly on the islands of the Gulf of Venice the Adriatic Sea, is the center of the Venetian Republic, one of the most important of the Mediterranean countries. The population of 270.4 thousand. The city consists of two parts: the historical center, which is located 4 km from the coast in 118 small islands of the Venetian lagoon, crossed by 150 channels and canals (with an S-shaped Grand Canal the main transport artery), the banks which joined about 400 bridges, and industrial and port mainland

The most famous and typical means of the movement is the gondola, is a traditional Venetian rowing-boat. Is one of the symbols of Venice.

The Grand canal

The Grand canal crosses the historical part of the city in the form of the letter S. Rialto Bridge is the most famous of the Venetian bridges, for a long time it was the only bridge across the Grand
