

My body

A photograph of a human arm and hand, with the fingers spread. The arm is positioned horizontally across the middle of the frame. The hand is open, with fingers spread. The skin tone is light. The background is plain white. The word 'Arm' is written in black, sans-serif font, centered over the forearm.

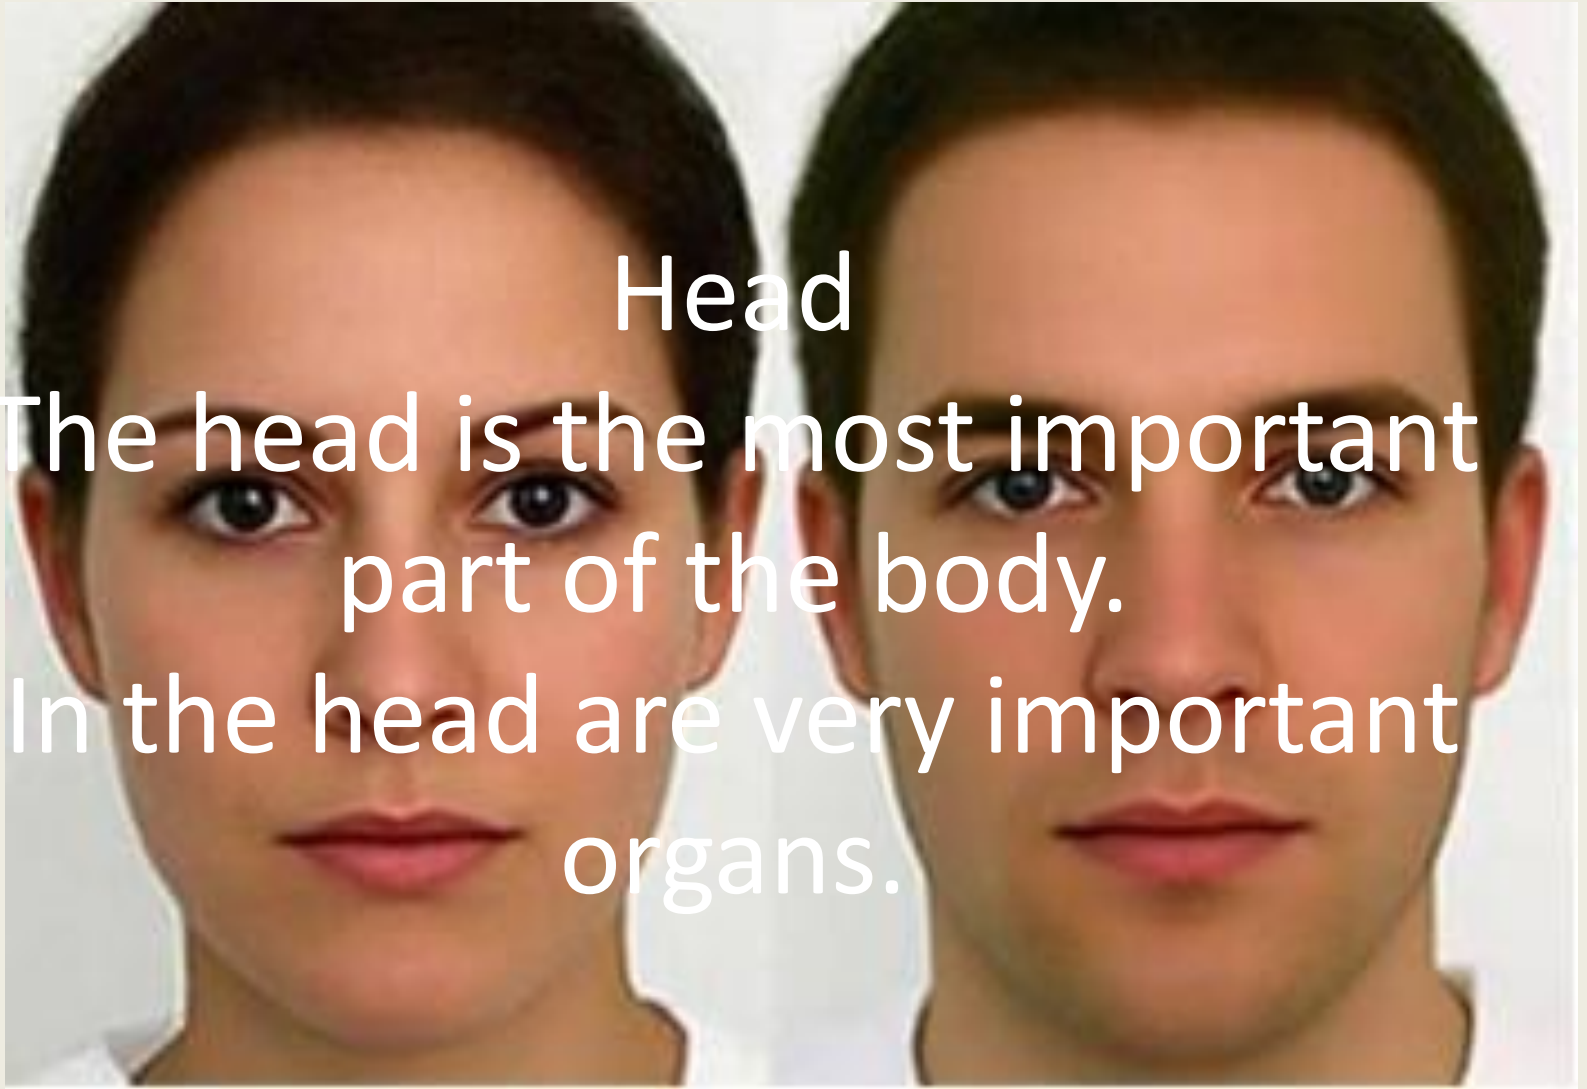

Arm

Arm – an important part of the body in human life. Using hand we can move objects and overcome various obstacles.

Legs

leg is also an important part of the body. Feet allow us to walk

Head

The head is the most important part of the body.

In the head are very important organs.

Trunk

The trunk is the supporting part of the body.
