Standard Module.
Left Chart.

Intro text

Define all KPIs which are supposed to be selected in the Standard Modules. The Standard Modules allow to drill down and compare into one or several KPIs which can be selected at the same time in the module. Also a Dimension can be selected for the regarding KPI so the KPI values are be displayed distributed over the Dimension values.

Selected Dimensions

Selected Time Frame

06.05.2019 - 02.06.2019
