

The background of the slide features a serene sunset or sunrise over a body of water. A large, bright sun is positioned in the upper center, casting a warm glow across the sky and reflecting on the water's surface. The sky transitions from a pale yellow near the sun to a soft blue at the top, while the water below shows gentle ripples and a reflection of the sun's light.

**The Greatest
Scientists
And Their Inventions
And Discoveries**

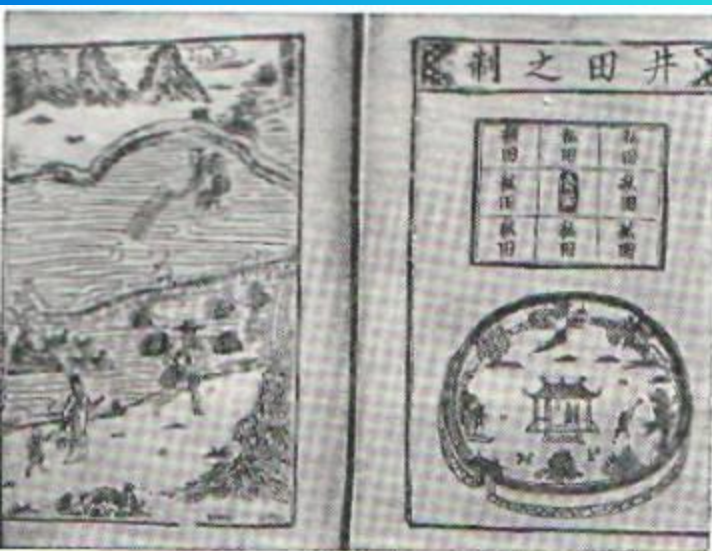

The world
of science
has no borders.

Ts'ai Lun

Chinese scientist

Invented paper in the first century

Isaac Newton

1643-1727

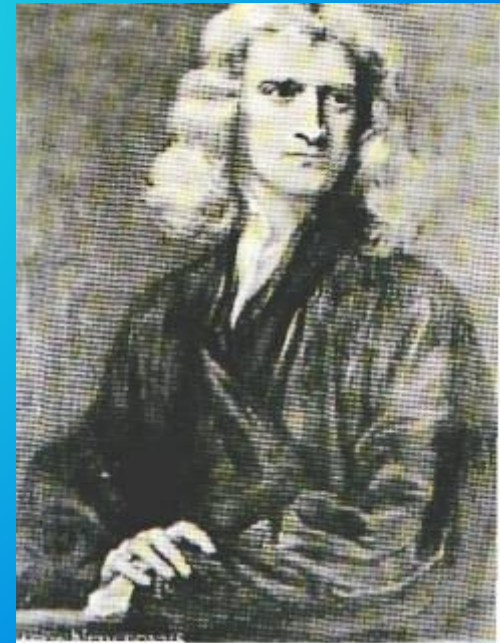

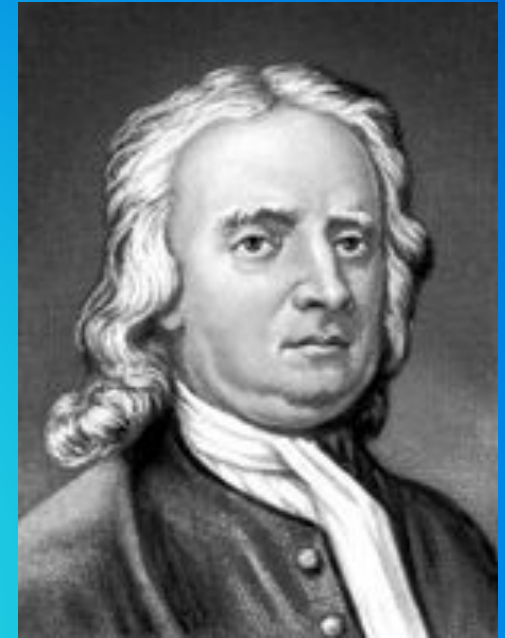

The great English scientist

discovered:

law of universal gravity

Three laws of mechanics

great work “Elements of Natural philosophy”, 1687

Galileo Galilei

1564-1642

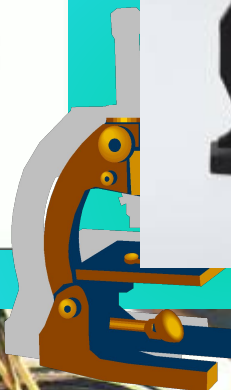

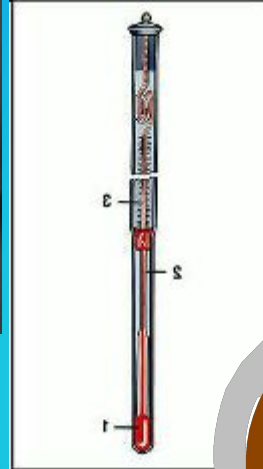

Italian scientist

thermometer

microscope

telescope

Invented:

Discovered:

mountains on the moon

spots on the Sun.

Michael Faraday

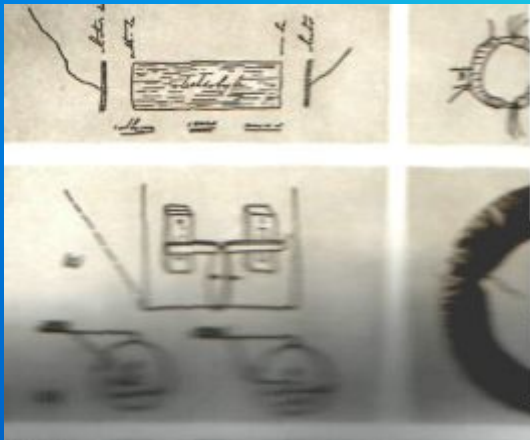

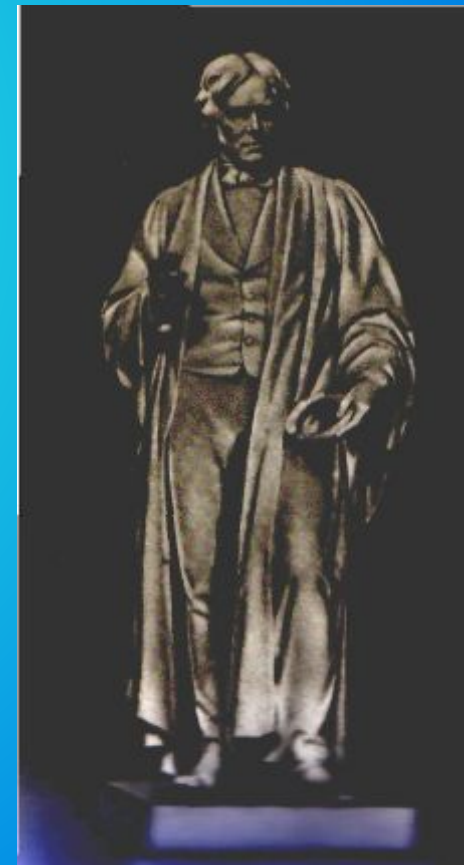

1791-1867

English physicist and chemist

Discovered connections between
electricity and magnetism

In 1831

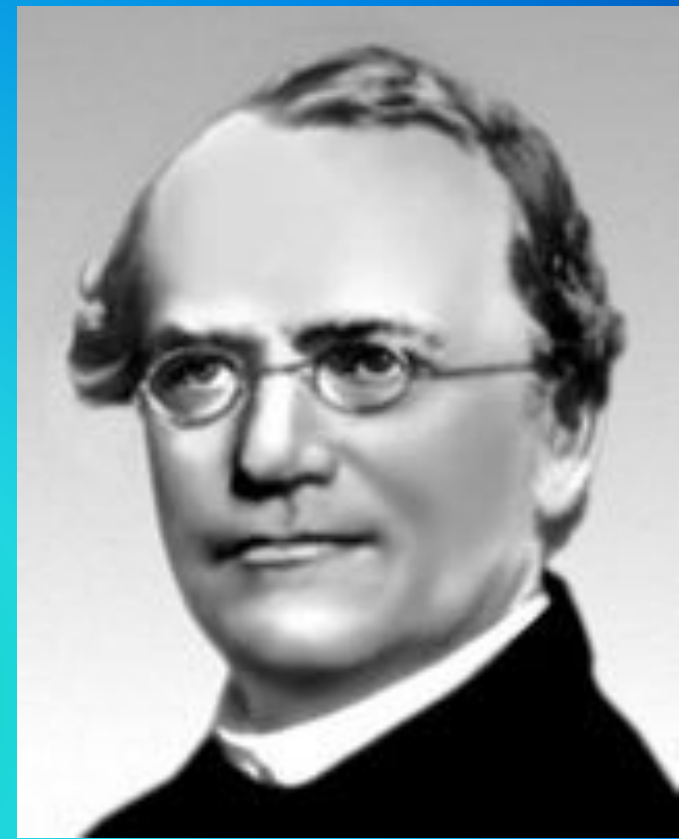

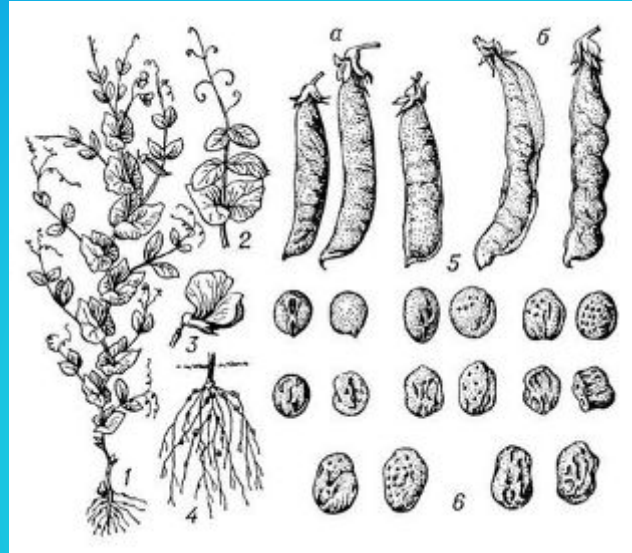

discovered magneto-electricity.

Johann Mendel

1822-1844

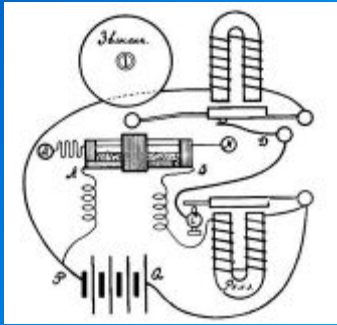

Austrian naturalist

-discovered laws of heredity

-did experiments with peas

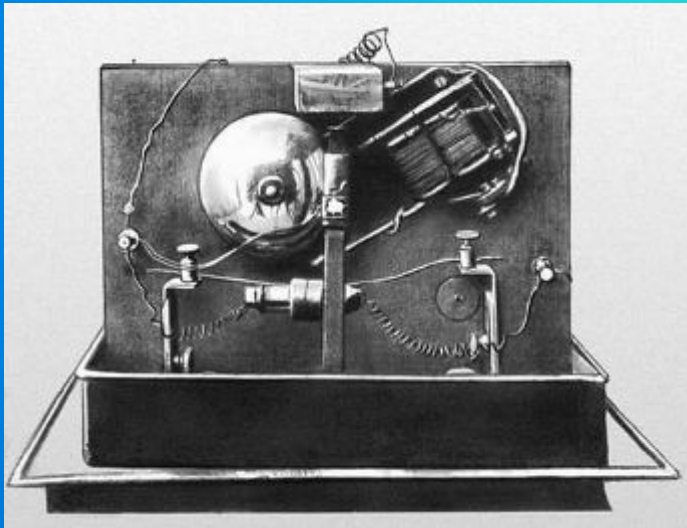

Alexander Popov

1859-1906

Russian physicist

invented radio, 1895

got Golden Medal in the World Exhibition in Paris, 1901

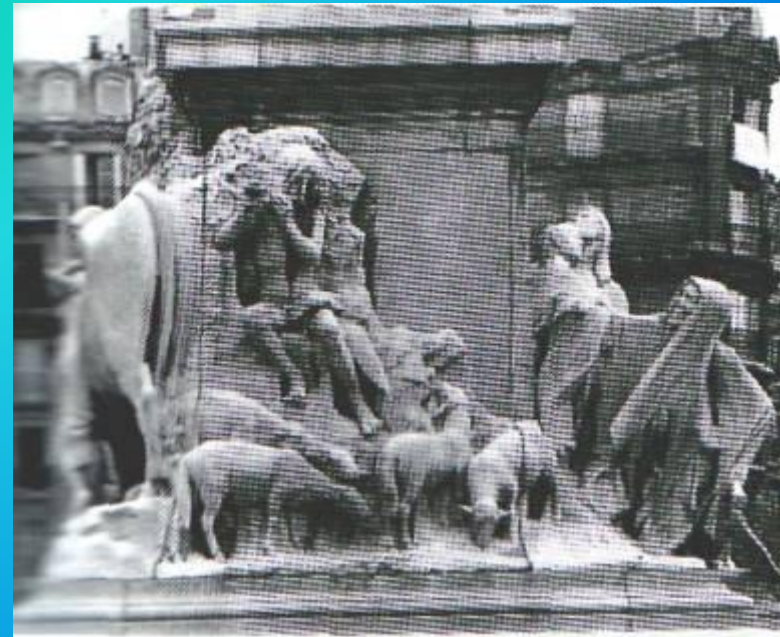

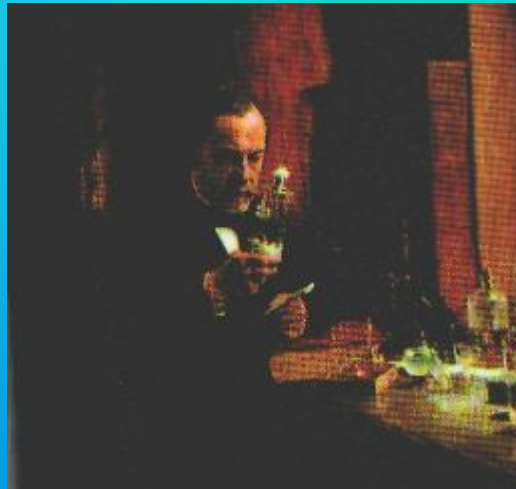

Louis Pasteur

1859-1906

French scientist

Discovered vaccines against cholera

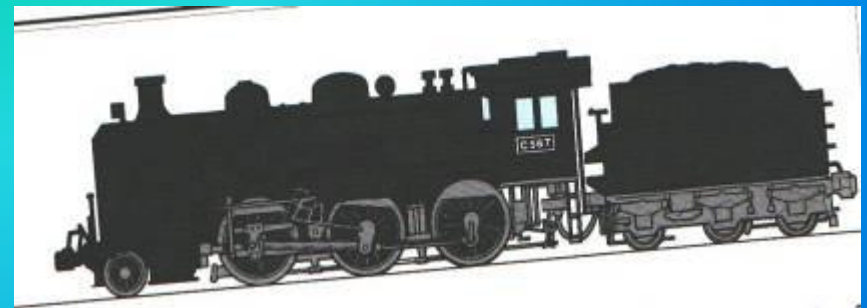

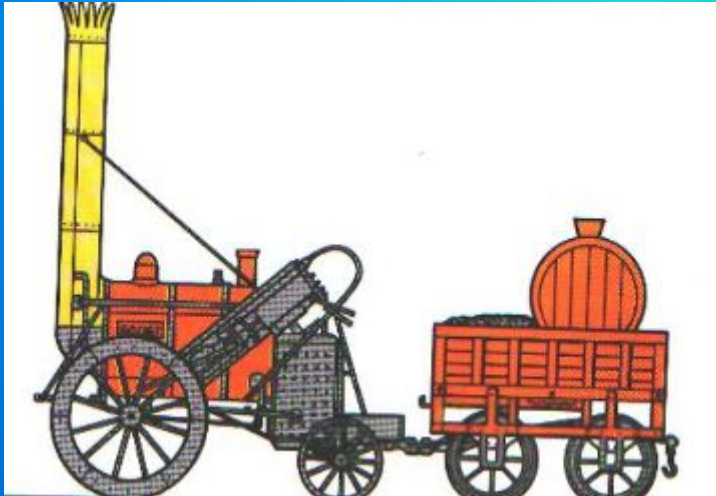

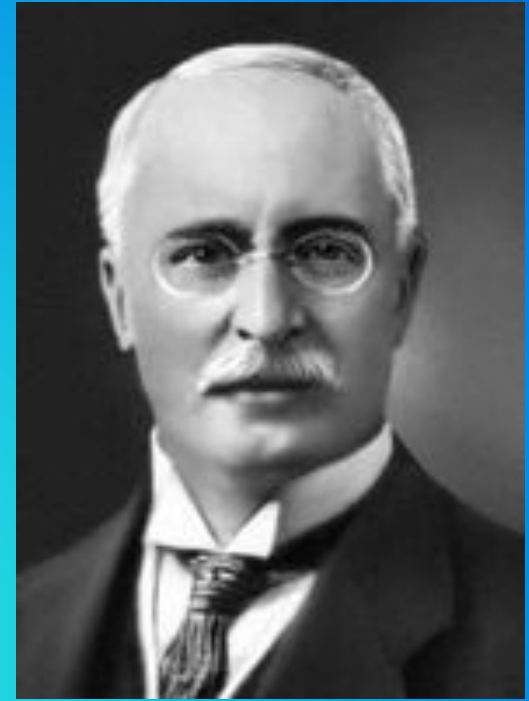

created the institute of
microbiology

Rudolf Engine Diesel

1858-1913

German engineer

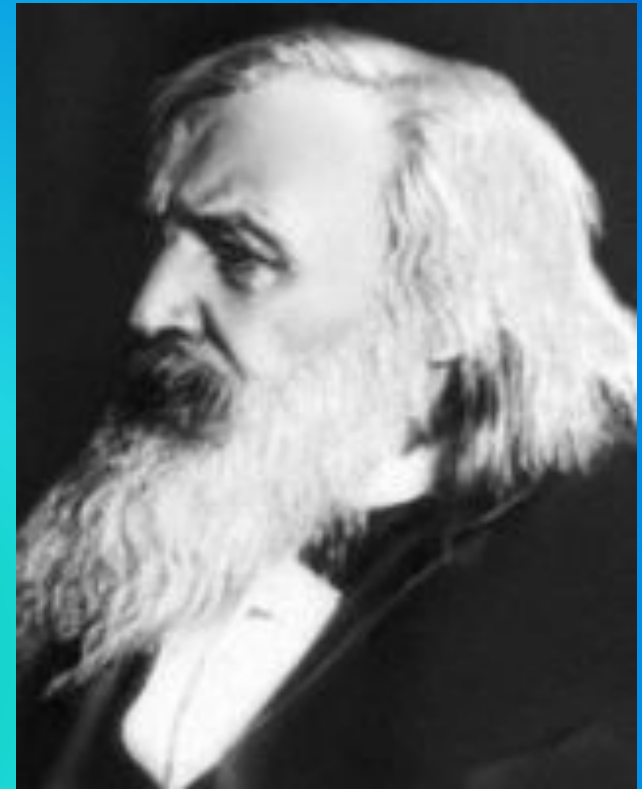

created diesel engine, special machine in 1879.

Dimitry Mendeleev

1834-1907

Russian chemist

Discovered table of chemical elements in 1869

Marie Curie

French physicist

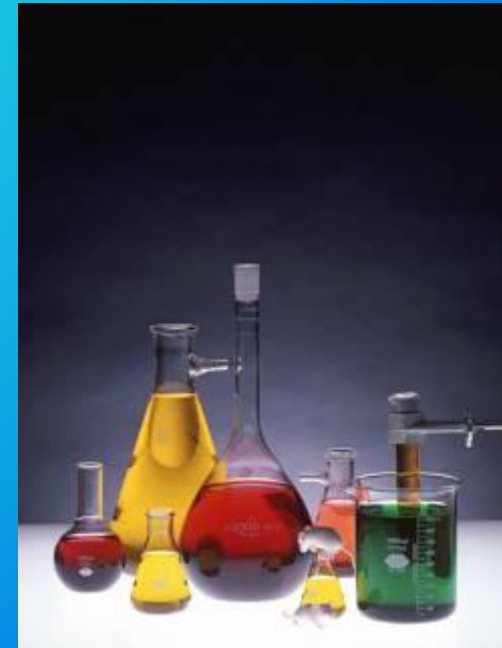

Was born in Warsaw

Discovered radium in 1898

In 1911

received the
Nobel Prize

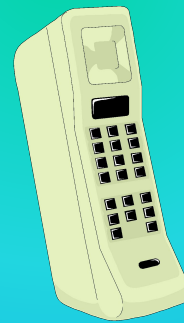

Alexander Graham Bell

1847-1922

Was born in Edinburgh, Scotland, in 1847

Invented the telephone in 1876

became a citizen of the United States in 1882

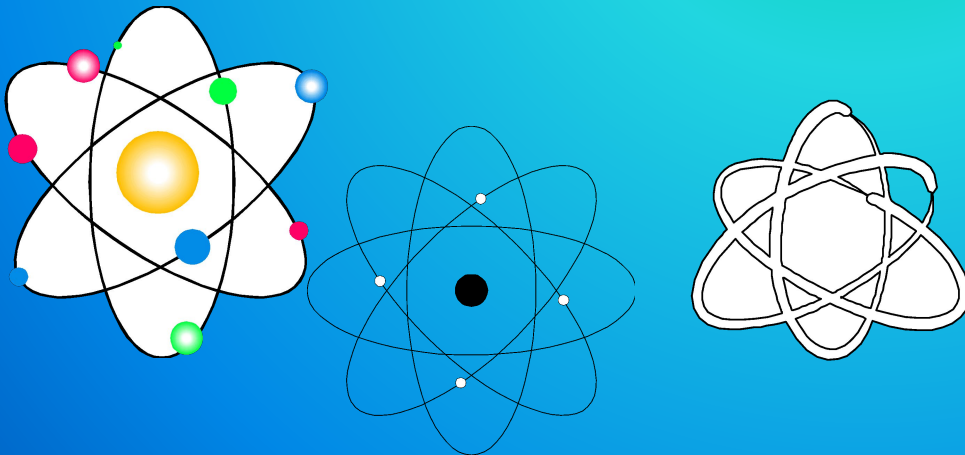

Wilhelm Conrad Roentgen

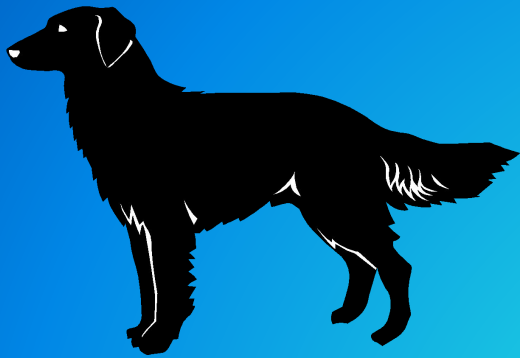

1845-1923

German physicist

Discovered x-ray

got awarded Nobel Prize 1901

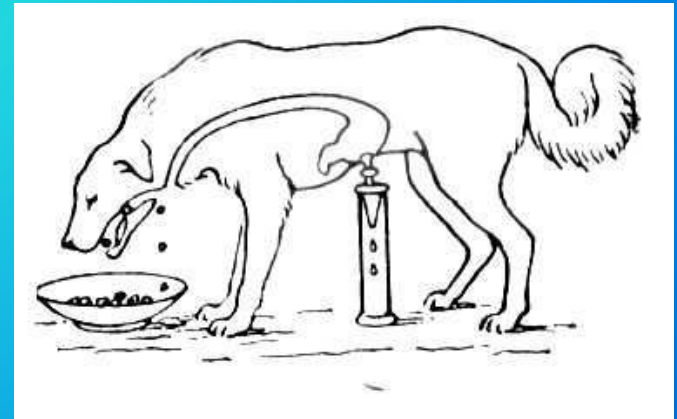

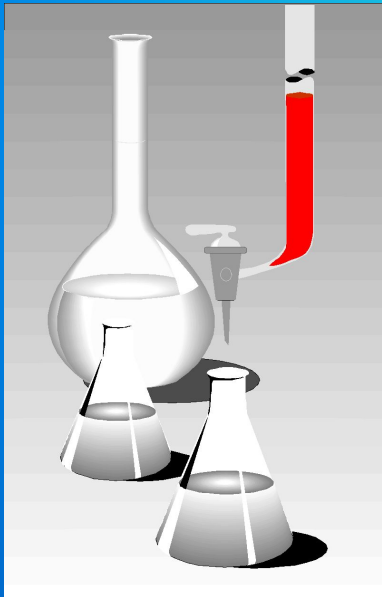

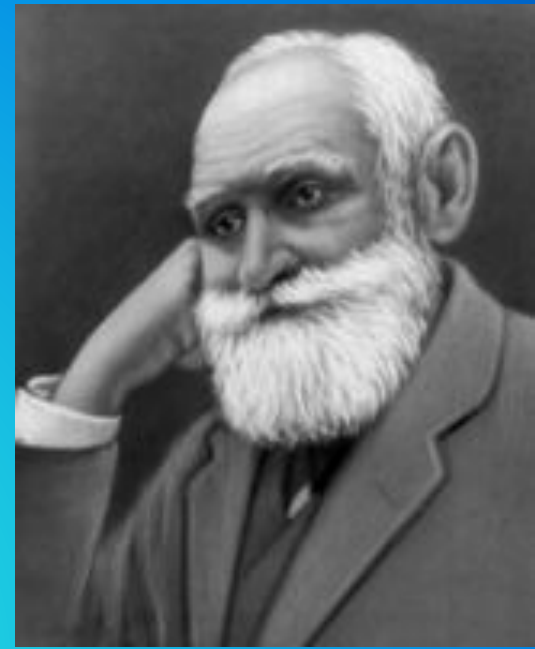

Ivan Pavlov

1849-1936

Russian physiologist

Discovered conditional reflexes

Albert Einstein

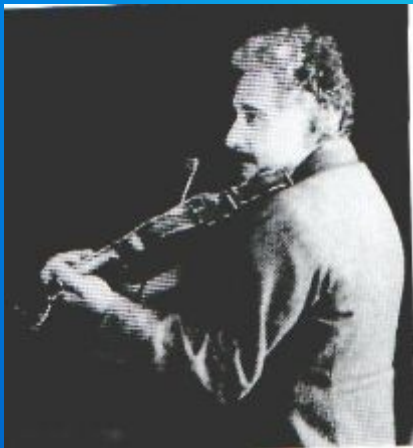

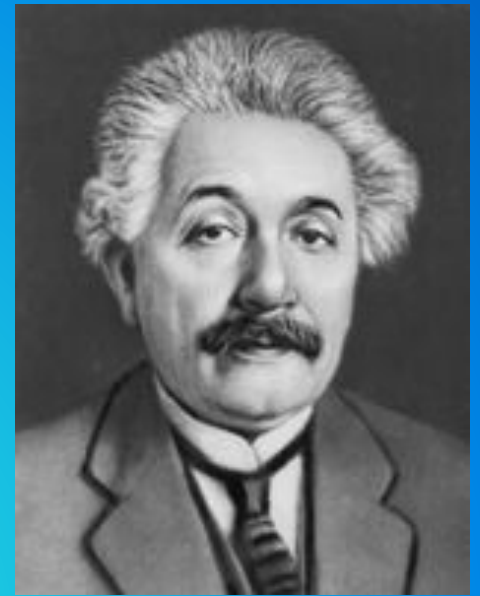

1879-1955

Famous physicist-theorist

Was born in Germany

Lived in Switzerland and in the USA

Discovered theory of relativity

John Logie Baird

1888-1964

Was born and lived in Scotland

Invented television system in 1926.

Demonstrated colour television in 1941
