

Hello, guys! My name's Pollyanna and I am here to live with my aunt Polly. This attic is my room now. But I am glad. This was my mum's favourite room. Look at that beautiful blue pillow..... Oh...

Key: What do you need to study all these subjects?

Match the words with the definitions.

- | | |
|----------------|------------------------------------------------------------------|
| a species | ten years |
| a decade | the warming of the world and changes in weather |
| deforestation | a group of plants or animals that are the same and can reproduce |
| a pesticide | plants which are originally from the place where they're growing |
| climate change | a chemical that can kill insects and other living things |
| to go extinct | the way the living things in a particular area eat each other |
| a food web | cutting or burning down trees in a particular area |
| native plants | when a type of animal or plant doesn't exist any more |

Watch the video. Put the words in the correct order.

- ~~insect species~~ ~~There are~~ ~~different~~ ~~in the world.~~ ~~at least 30 million~~
There are at least 30 million different insect species in the world.
- ~~in the world~~ ~~a lot more than~~ ~~All the insects~~ ~~all the humans.~~ ~~weigh~~
- ~~insect populations~~ ~~the world's~~ ~~by 41 per cent.~~ ~~Over the past decade~~ ~~have reduced~~
- ~~over the next~~ ~~could go extinct~~ ~~of insect species~~ ~~few decades.~~ ~~Forty per cent~~

- ~~our environment.~~ ~~important~~ ~~it's~~ ~~Ben says~~ ~~to take care of~~
- ~~help~~ ~~native plants.~~ ~~You can~~ ~~by planting~~ ~~insects~~

Perfect! So, where can we find an insect in this room?

Cool! Rainbow is a code to mum's hiding place. It can be on the windowsill
