

# In Harmony with the world

the work was performed by a student  
of class 10 a Fadeev Artem

- In harmony in the world it is a balance between us and what surrounds us.

- Harmony with the world can only be achieved by strong people who will easily pass the difficulties on the way

► One of the rules for achieving harmony with the world. We must treat people the way we want them to treat us.

- Harmony can be achieved only when there is a balance between consumption and return with the world around us.
