## HORNIMAN'S PURE TEA

The Pure Black is not artificially darkened in the leaf. The Pure Green has no Starch tint, being a dark olive Tea.  
Is choice and strong, because it consists of the most valuable growths that are full of rich essential properties.  
Is moderate in price, because it is supplied direct from the Importers to the Consumers by Agents, to save all intermediate profits.  
Is wholesome to use, because it is not 'faced' with the usual powdered mineral colors.  
These advantages have secured for this Tea a general preference. To ensure its reaching the purchaser at a *fixed value*, it is sold in packets at the price printed on each.  
No. 4d., 3s. 6d., 4s., & 4s. 6d. each.  
As a spurious article is offered, see that the name is on the wrapper.

**CONSULT**... Coughs, Colds, Asthma, Bronchitis, Spasms, &c., are cured by Dr. J. COLLIS BROWNE'S...

 "Sir,—I have much pleasure in testifying to the value of your  
 Waterproof for leather, which I have used for the last three or  
 four years with the most complete success. Having resolved to  
 submit to the test of experience, I had a pair of boots made of  
 very thin leather, dressed twice with the Composition, and  
 walked in them for some hours through fields of turnips and  
 long wet grass, and returned home with my feet perfectly dry.  
 I can with confidence assert that its use makes the leather softer  
 and more durable, as well as perfectly waterproof, and I  
 generally recommend it to gentlemen for whom I make boots for  
 shooting, fishing, &c., as being the best thing of the kind I have  
 ever tried. (Signed) GEORGE BISHOP.

 THIS UNRIVALLED STARCH IS USED IN THE ROYAL LAUNDRY, AND PROCLAIMED BY HER MAJESTY'S LAUNDRESS TO BE THE FINEST STARCH SHE EVER USED. HER MAJESTY'S LACE DRESSER DECLARES IT TO BE THE BEST SHE HAS TRIED, AND THE ABOVE AWARDED BY SOME OF THE MOST EMINENT SCIENTIFIC MEN OF THE AGE, CONFIRMS ITS SUPERIORITY.

**HORNIMAN'S PURE TEA**

The Pure Black is not artificially darkened in the leaf. The Pure Green has no Starch tint, being a dark olive hue.

Is choice and strong, because it consists of the most valuable growths that are full of rich essential properties.

Is moderate in price, because it is supplied direct from the Importers to the Consumers by Agents, to save all intermediate profits.

Is wholesome to use, because it is not 'faced' with the usual powdered mineral colors.

These advantages have secured for this Tea a general preference. To ensure its reaching the purchaser at a good value, it is sold in packets at the price printed on each. As spurious imitations are offered, see that all are signed by **Horniman & Co. LONDON,** Original Importers of Pure Tea. AGENTS IN THIS DISTRICT
