IT WILL HAPPEN. ONE DAY I WILL...

lots of people ask me what kind of ballpoint pens I use. The answer is simple. ANY. Anything I can get my hands on.

free pens ✓
cheap pens ✓
packs of 10 pens ✓
Bic ✓
Biro ✓
Ballpoints ✓
any old crap. ✓

it's not about the tools you use. JUST DRAW JUST DO IT! ✓

she needed it anymore. I don't think I'll use it anymore. I don't think I'll use it anymore. I don't think I'll use it anymore.

I ♥ ballpoint. I ♥ using really cheap markers. There is something magical about making drawings and stuff out of old markers. I also love hearts.

she needs to sign with an A. of course, you never know. Actually how many times have I drawn these characters?

I'm not out to convince you

GENERATED FOR ME BY MEDIUM (FROM NOTES) ABOUT WHETHER OR NOT BUT THE RULE IN THIS PICTURE. A PENCIL WOULDN'T HAVE REALLY HAD TO USE, OR NEEDED A RULER. NOT IF WE ARE BELIEVING (OR PRETENDING) THAT THE BOOK IS ACTUALLY A DRAWING, BUT INSTEAD IS REAL. IS THAT WHAT WE BELIEVE? WHAT IS REAL? WHAT IS NOT? HELL, WHAT'S THE MEANING OF LIFE? WHO AM I? WHO AM I? WHO AM I? WHO AM I? WHO AM I?

cat toy doodle (cat toy, next drawing.)

use at least two different pens. Usually 4 or 5. You find that there are all slightly different in colour, and in the way they behave - for this drawing I have used 4 different pens.

make something out of your mistakes

COLOUR CHART:

1	2	3	4
[blue square]	[purple square]	[purple square]	[purple square]

4 - Tesco's DIRECT.

WHEN DRAWING WITH BALLPOINT ALWAYS KEEP SOME TISSUE PAPER CLOSE BY AND WIPE THE NIB OFTEN - SO YOU DON'T GET TOO MANY OF THESE

BUM! I meant to draw a piece of tissue paper but I've already put all the squares in BUM.

OMIGOD I was almost sick. I've just seen the 'Just for Men' advert. Seriously, I heaved. "daddy, you'd be a really nice catch for someone!"

she went into the police force and did something... or draw upon your mind

pen swiped from Tesco's direct. It's the one that is a bit purple-y in colour.

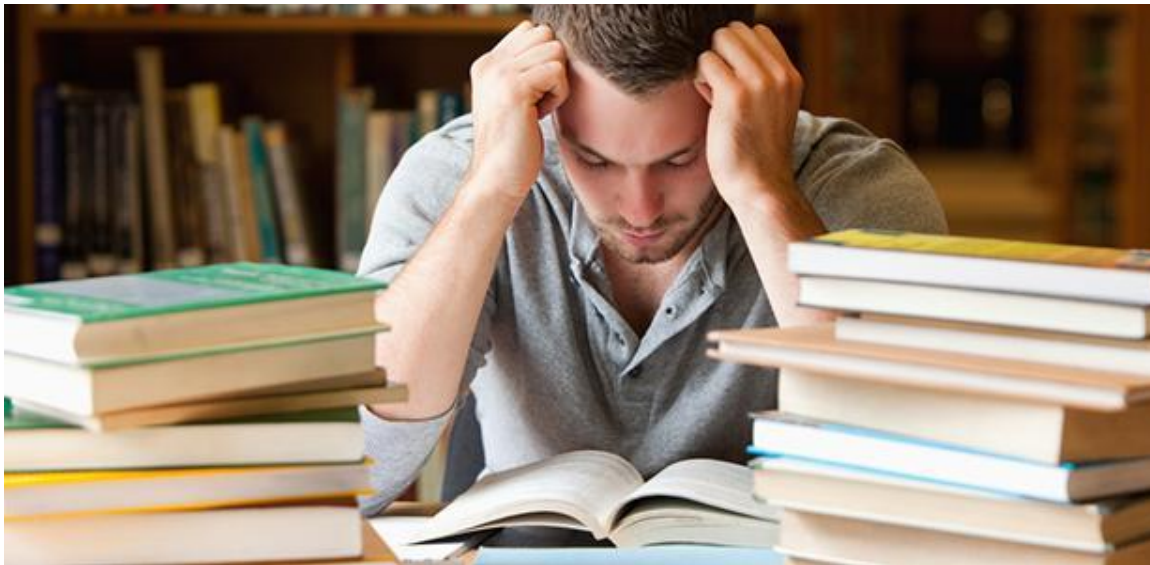

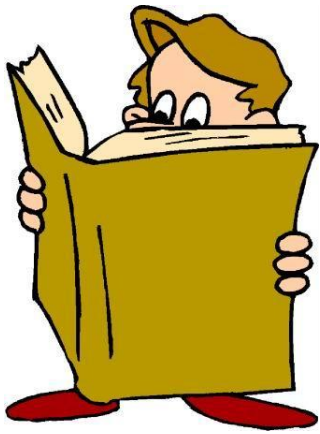

OH YEAH, it's supposed to be a piece of tissue (should have practiced first!)

That is supposed to be a box of tissues! Really. Don't last!

they don't need a ruler. I think I've drawn a tiny one in the past.
