HORNIMAN'S PURE TEA

The Pure Black is not artificially darkened in the leaf. The Pure Green has no Starch tint, being a dark olive Tea.

Is choice and strong, because it consists of the most valuable growths that are full of rich essential properties.

Is moderate in price, because it is supplied direct from the Proprietors to the Consumers by Agents, to save all intermediate profits.

Is wholesome to use, because it is not 'faced' with the usual powdered mineral colors.

These advantages have secured for this Tea a general preference. To ensure its reaching the purchaser at a good value, it is sold in packets at the price printed on each.

3s. 4d., 3s. 6d., 4s., & 4s. 6d. each.

As a spurious article is offered, see that the name is prominent on the wrapper.

STRAWSON'S WATERPROOF
FOR BOOTS AND SHOES

This composition will be found the best for the purpose, as it is dressed with this composition will soil, wet, grass, dew, and even snow, as long as any others.

"Dear Sir,—I beg to tell you that the Waterproof Composition to my boots, and which I have used for the last three or four years with the most complete success. Having resolved to submit to the test of experience, I had a pair of boots made of very thin leather, dressed twice with the Composition, and walked in them for some hours through Sals of tar and long wet grass, and returned home with my feet perfectly dry. I can with confidence assert that the use of this leather is more durable, as well as perfectly waterproof, and I generally recommend it to gentlemen for whom I make boots for shooting, fishing, &c., being the best thing of the kind I have ever tried. BOOTHS AND SHOES to last twice the time without cracking; beautifully soft, easy to the feet, and quite waterproof.

STRAWSON'S WATERPROOF,
 For BOOTS AND SHOES, Price 1s.

This composition will be found the best ever brought before the public as a Waterproof for Leather, Boots and Shoes dressed with this composition will last damp from wet soil, wet grass, dew, and even snow, and will last three times as long as any others.

"Dear Sir,—I beg to tell you that I constantly apply your Waterproof Composition to my boots, and am so satisfied of its usefulness that I frequently recommend it to my friends; and not the least of its valuable qualities is, that it prevents leather from getting dry and hard. I bought this day put on a pair of new boots for the first time, which I dressed with your Composition eight or ten months since. The leather is as soft as a piece of the finest kid. You are quite at liberty to make any use you please of my opinion as to the merits of your Waterproof Composition. I am, dear Sir, very faithfully yours,

"Mr. Strawson. L'ESTRANGE WHEAT, M.L.C.R."

"Sir,—I have much pleasure in testifying to the value of your Waterproof for leather, which I have used for the last three or four years with the most complete success. Having resolved to submit to the test of experience, I had a pair of boots made of very thin leather, dressed twice with the Composition, and walked in them for some hours through fields of turnips and long wet grass, and returned home with my feet perfectly dry. I can with confidence assert that its use makes the leather softer and more durable, as well as perfectly waterproof, and I generally recommend it to gentlemen for whom I make boots for shooting, fishing, &c., as being the best thing of the kind I have ever tried.

My head was constantly aching, and my whole frame entirely shaken. Having seen the good effects of your Balsam of Aniseed in several instances of my family, I purchased a small bottle of the same, and used it night after night for several days, and the cough, which just was tickling at my throat, ceased to be troublesome, and my head and chest were relieved, and my whole frame felt better than it has done since I was first attacked. I am, dear Sir, very faithfully yours,"

STRAWSON'S WATERPROOF
 For BOOTS AND SHOES, Price 1s.
 This composition will be found the best ever brought before the public as a Waterproof for Leather. Boots and Shoes dressed with this composition will resist all damp from wet soil, wet grass, dew, and even snow, and will last three times as long as any others.

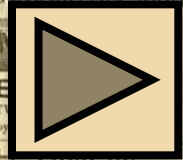

"Dear Sir,—I beg to tell you that I constantly apply your Waterproof Composition to my boots, and am so satisfied of its usefulness that I frequently recommend it to my friends; and not the least of its valuable qualities is, that it prevents leather from getting dry and hard. I have dressed with your Composition eight or ten months since, and the leather is as soft as a piece of the finest kid. You may be assured that I have the opinion of my opinion as to the merits of your Waterproof Composition. I am, dear Sir, very faithfully yours,
LIVER STANLEY WREN, M.R.C.S."

"Mr. Strawson,
 "Sir,—I have much pleasure in testifying to the value of your Waterproof for leather, which I have used for the last three or four years with the most complete success. Having resolved to submit to the test of experience, I had a pair of boots made of very thin leather, dressed twice with the Composition, and walked in them for some hours through fields of turnips and long wet grass, and returned home with my feet perfectly dry. I can with confidence assert that its use makes the leather softer and more durable, as well as perfectly waterproof, and I generally recommend it to gentlemen for whom I make boots for shooting, fishing, &c., as being the best thing of the kind I have ever tried.

EXTRAORDINARY CURE OF A COUGH
 The following letter has been received:—
 "Nightingale Hall, Edmonton.
 "DEAR SIR,—I have recently suffered much from a most violent cough, proceeding from a thill in my chest, which no remedy, out of many I resorted to, could allay. My head was constantly aching, and my whole frame entirely shaken. Having seen the good effects of your Balsam of Aniseed in several members of my family, I purchased a small bottle, and used it for a few days, and in a few days I was able to get to bed, and in a few days more I was able to get up, and in a few days more I was able to get about, and in a few days more I was able to get to work, and in a few days more I was able to get to my usual occupations. I am, dear Sir, very faithfully yours,

HORNIMAN'S PURE TEA

The Pure Black is not artificially darkened in the leaf. The Pure Green has no Starch tint, being a dark olive hue. Is choice and strong, because it consists of the most valuable growths that are full of rich essential properties. Is moderate in price, because it is supplied direct from the Importers to the Consumers by Agents, to save all intermediate profits. Is wholesome to use, because it is not 'faced' with the usual powdered mineral colors. These advantages have secured for this Tea a general preference. To ensure its reaching the purchaser at a good value, it is sold in packets at the price printed on each, 3s. 4d., 3s. 6d., 4s., & 4s. 6d. per lb. As spurious imitations are offered, see that all are signed by Horniman & Co. LONDON, Original Importers of Pure Tea.
