A group of Atlantic puffins is gathered on a grassy cliffside overlooking the ocean. The birds are black on top and white on the bottom, with distinctive red beaks and feet. They are standing on a mix of green grass and dark, mossy rocks. In the background, the blue ocean stretches to the horizon under a slightly overcast sky. An orange rectangular box in the top right corner contains the word 'Исландия' in white text. A white rectangular box at the bottom center contains text about birds in Iceland. In the bottom right corner, there is a small white box with the name 'Andrey Tikhmyanov' and a website address.
