Music industry. Pop music.

Tonight's topics:

- 1) Pop culture and its role in modern life.
- 2) Music as a product of music industry.
- 3) Songs, albums covers.

Pop culture

music, TV, cinema, books, etc. that are
popular and enjoyed by ordinary people,
rather than experts or very educated people

Pop music — is a genre of popular music. First time the term pop music in English has sounded in 1926. The roots of pop music go deep into the history. The basic unit in pop music is a different song or single. The average song length is from 2 to 4 minutes. Since the early fifties pop music has been the enthusiasm and the entertainment of the young.

Please, name some pop music artists:

Let's do some warm up activities

1. Split into groups.
2. Please, keep some distance between members of the group

Please, discuss the questions:

Do you like pop
music?

What pop music do

Let's watch the video:

- 1. Why did the girls from 60"s like the Beatles so much?
- 2. What is the reason for such a fan interest?
- 3. Do we have the same situation with pop artists today?

Verse-Chorus Form

What Is Verse-Chorus Form?

The verse-chorus form is a songwriting structure built around two repeating sections: a verse section and a chorus section.

verse - A verse is also one of the parts into which a poem or song is divided.

chorus - part of a song that is repeated several times, usually after each verse

Let's make a song

1. Choose four lines for a verse.
2. Choose four lines for a chorus.
3. Tell us your concept of the song.

Let's create your idols band

An **idol** (Korean: 아이돌; RR: *Aidol*), in fandom culture in South Korea, refers to a celebrity working in the field of K-pop.

K-pop idols are characterized by the highly manufactured star system that they are produced by and debuted under, as well as their tendency to represent a hybridized convergence of visuals, music, fashion, and dance.
