How close are we to
space tourism?

Contents of presentation:

- Space tourists
- Orbital and sub-orbital flights
- Companies and prices
- Network of hotels in space

Space tourists

Dennis Anthony Tito-the first space tourist

Pack your bag

Take a trip into Earth orbit with Space Adventures

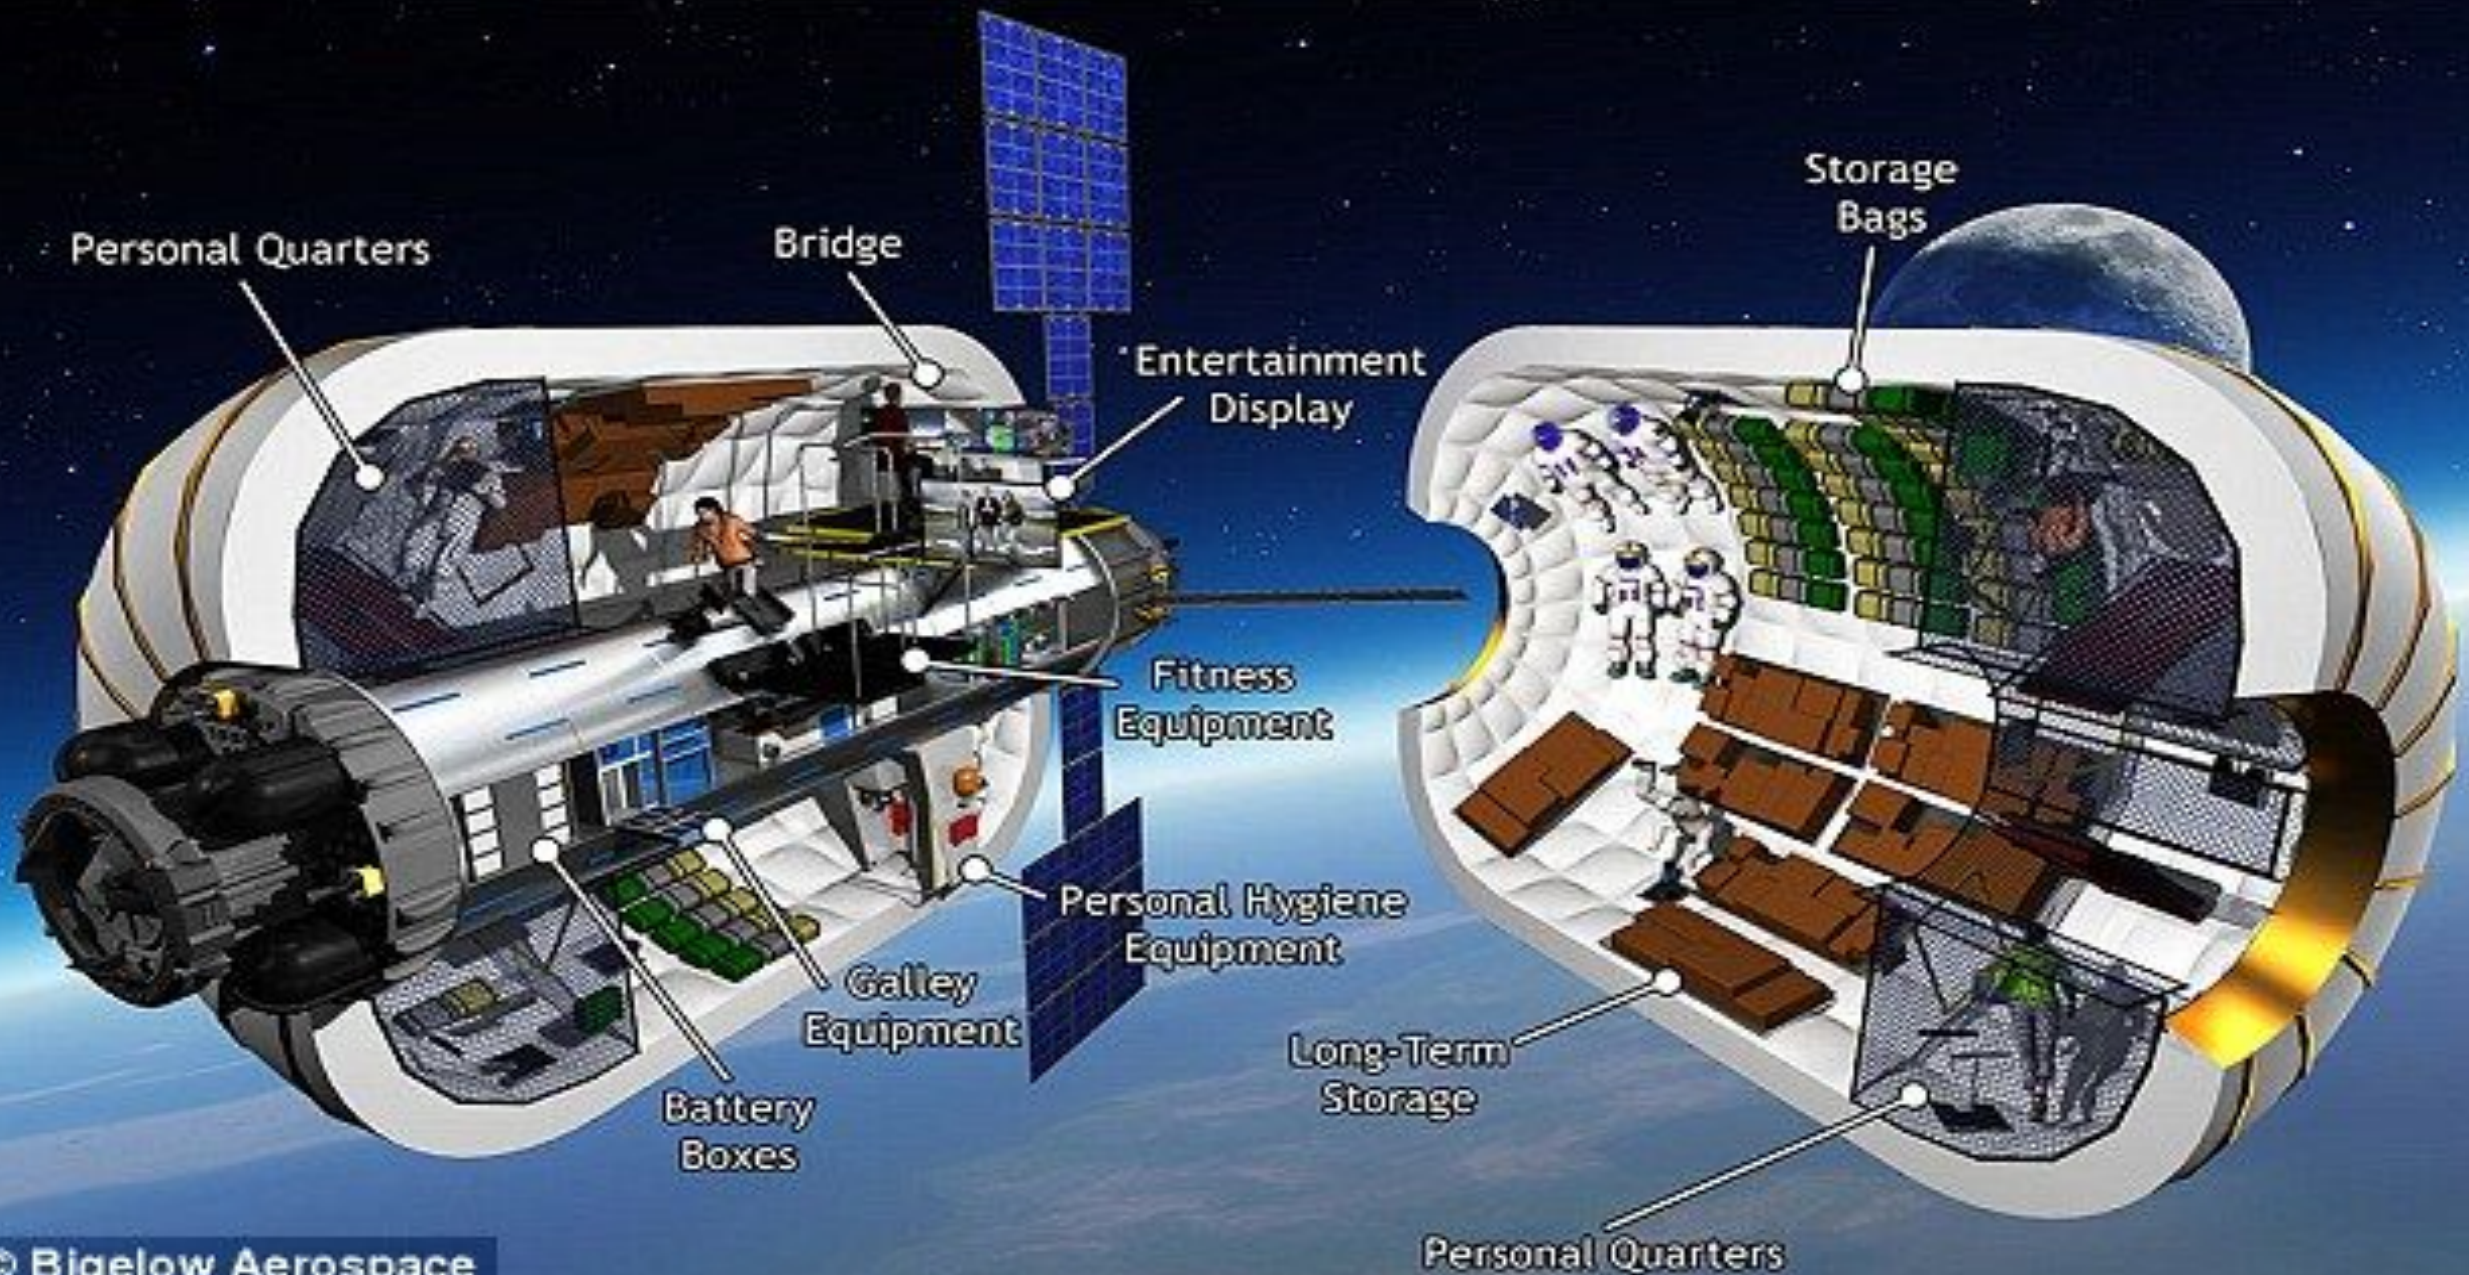

Virgin Galactic offers cheap and short sub-orbital flight

Leave your mark on the moon with The Golden Spike Company

The first space hotel will appear in 2020, with inflatable design

Shamaxi Space Hotel-space hotel with service personnel and short excursions

Have a good trip!
