

Company Presentation

The name of my company is "KarelSroyManufacture". The company works in all the segments of the building market of Karelia and beyond the republic. (industrial complexes, reconstruction of hydraulic works)

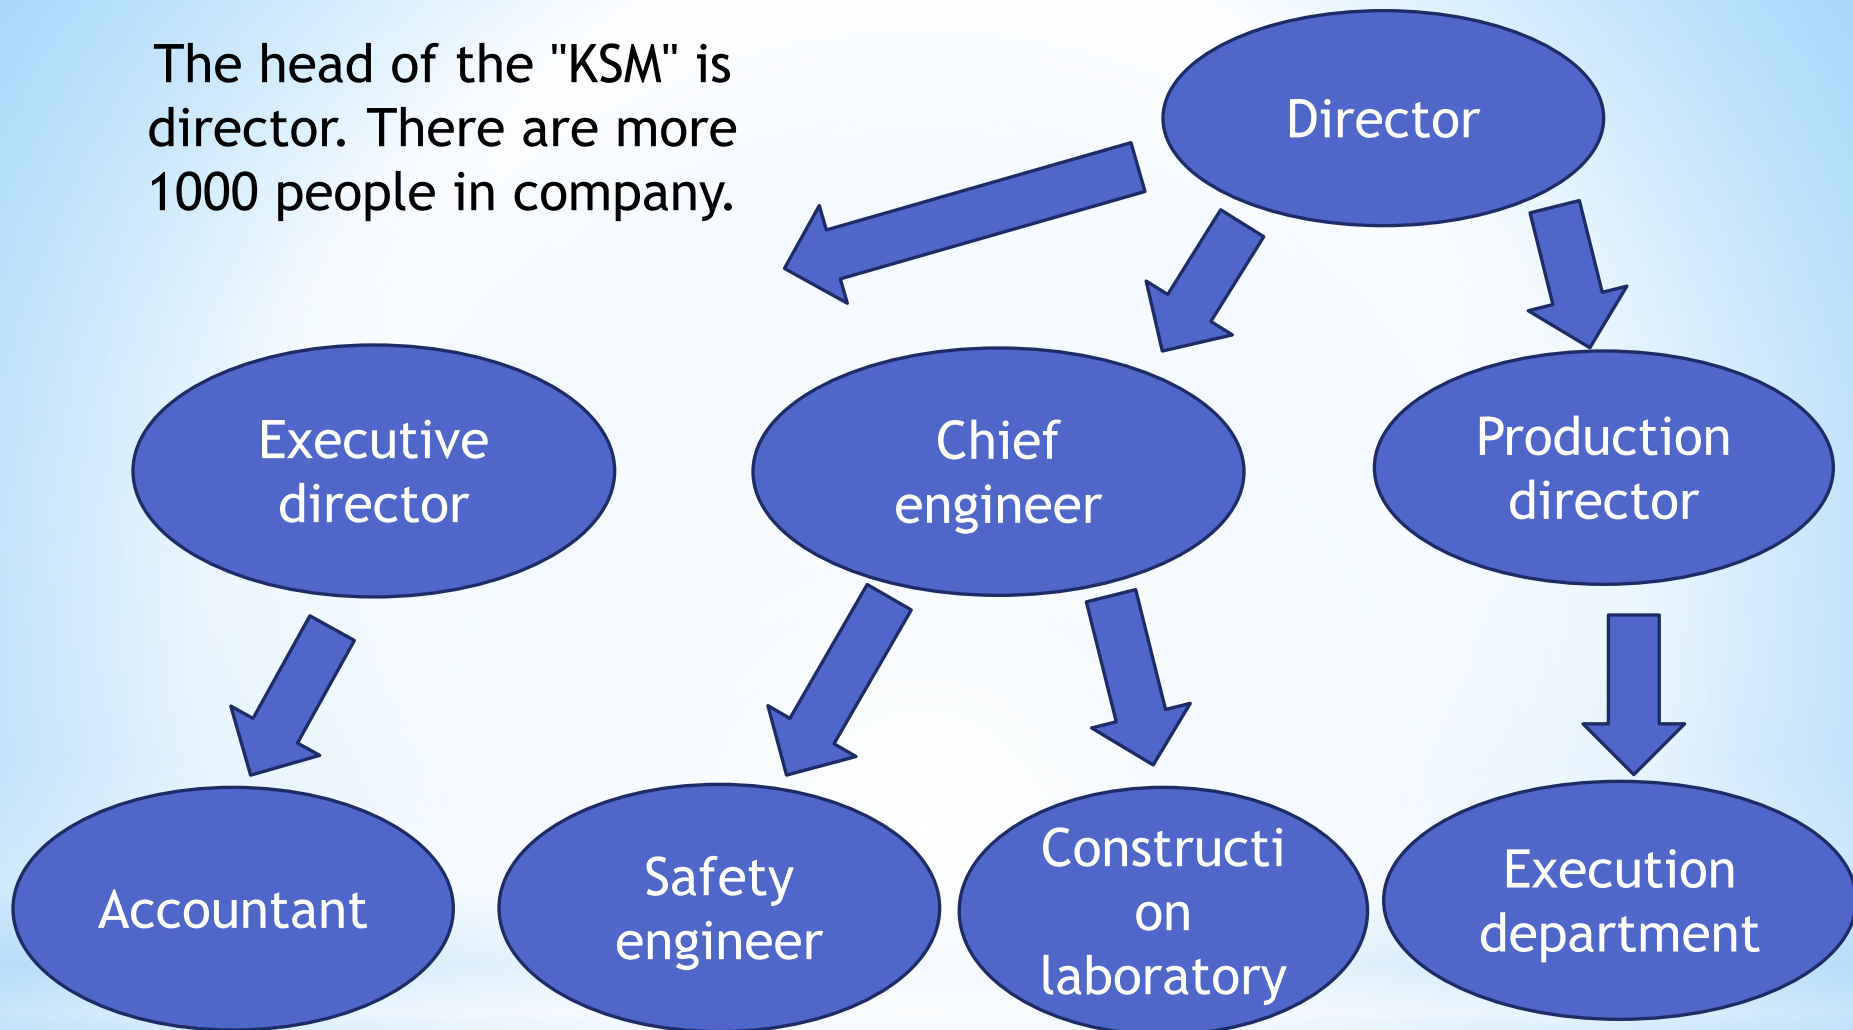

Our customers are both ordinary people and third parties. We are leaders in Karelia in the construction market.

Over the years, my company is among the leaders of the Russian construction industry. My company has the honorary title "Elite of the Russian Construction Complex".

The head of the "KSM" is director. There are more 1000 people in company.

My company was founded in 1963. It was a small company. Now it is a big successful business.

My company is divided into several branches:

- Construction laboratory
- KSM-finishing work
- Construction industry KSM
- Stroyinvest KSM and etc.

Our products:

- reinforced concrete products
- finishing work
- construction of residential buildings and etc.

Development plans

- to increase the number of clients
- to open new markets
