

This is Milly and Molly...

...and their things

It's his apple

It's their granny

It's her chair

It's his teddy bear

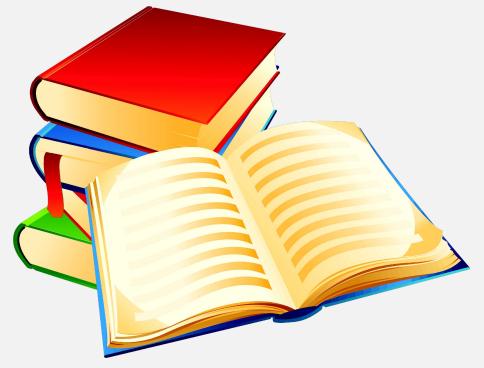

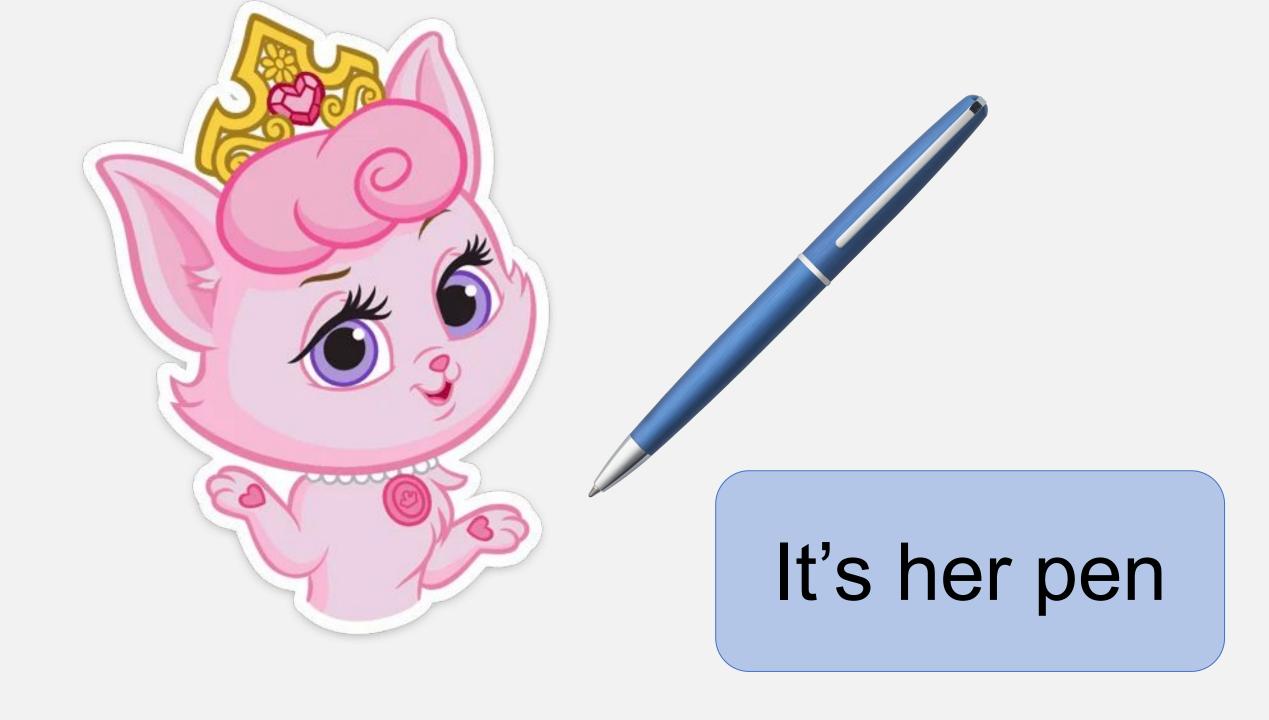

It's her bag

They are his books

They are his rulers

It's her sharpener

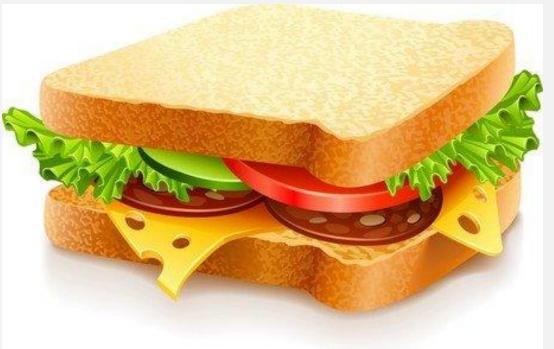

It's her rubber

It's his sandwich

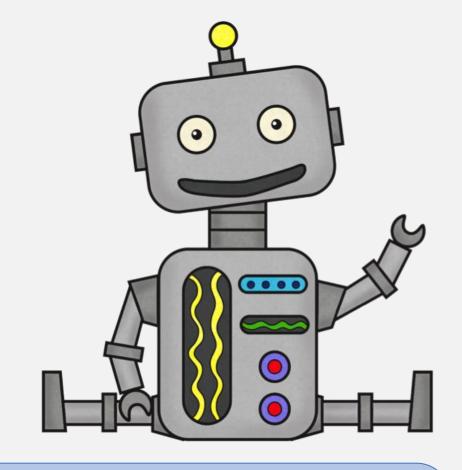

It's their car

It's her window

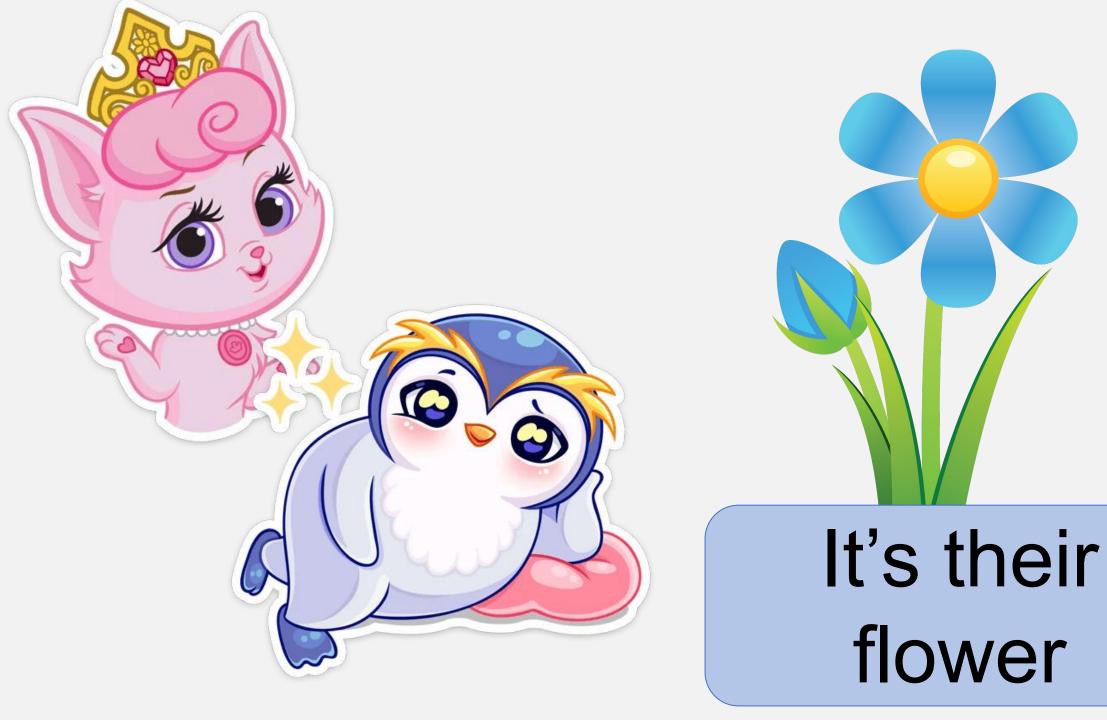

It's their robot

They are her scissors

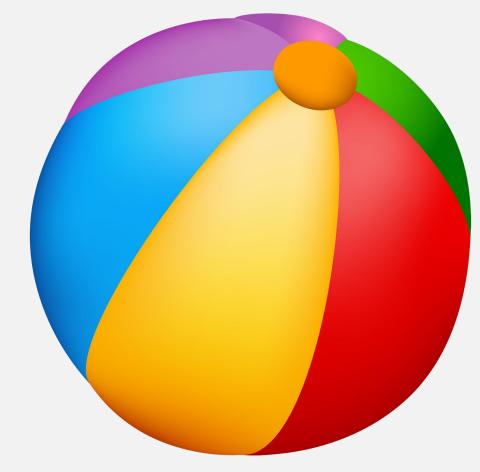

It's his door

It's their ball

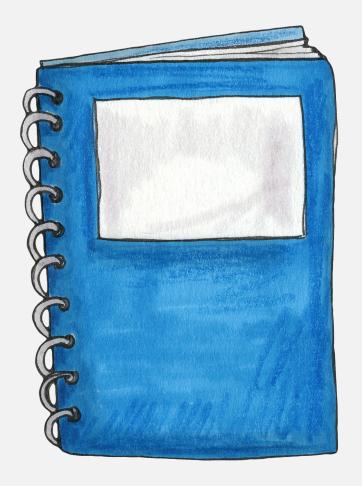

It's his table

It's their telephone

It's his notebook

It's his pencil case

They are her bananas

It's his pencil

It's her computer
