A creative arrangement of colorful LEGO bricks on a background split diagonally from the top-left to the bottom-right. The top-left half is bright yellow, and the bottom-right half is light pink. The word 'PLAY' is spelled out using bricks: 'P' is made of purple bricks, 'L' of orange bricks, 'A' of green bricks, and 'Y' of green bricks. Several individual bricks are scattered around the main letters: an orange brick at the top left, a blue brick above the 'A', a green brick at the top right, a blue brick below the 'L', a purple brick at the bottom left, and a purple brick at the bottom right.
