A cartoon illustration of a fox and a character in a forest. The fox is on the left, wearing a purple dress and a blue floral patterned skirt. The character is on the right, wearing a red polka-dot headscarf and holding a wooden wheel. A yellow thought bubble is above the fox, containing the equation 15+53. At the bottom, there are six blue circles with yellow numbers inside, arranged in two rows. The background features green trees, a blue sky, and a butterfly.
