

**Учет личностных особенностей участников  
педагогического процесса  
в условиях инновационного развития  
как основное условие качества образования**

**Выступление на педагогическом совете 8 апреля 2013 г.  
Мищак Е.А., учитель иностранного языка**

**Для изучения языка  
гораздо важнее свободная любознательность,  
чем грозная необходимость.**

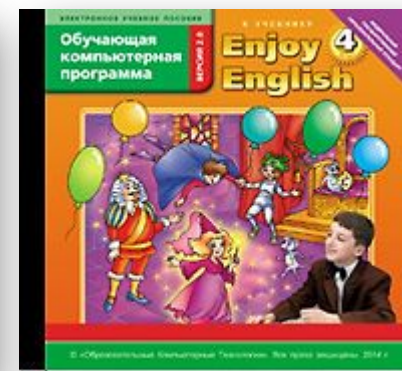

**Аврелий Августин**

## **Использование компьютерных технологий в педагогической деятельности дает возможность учителю:**

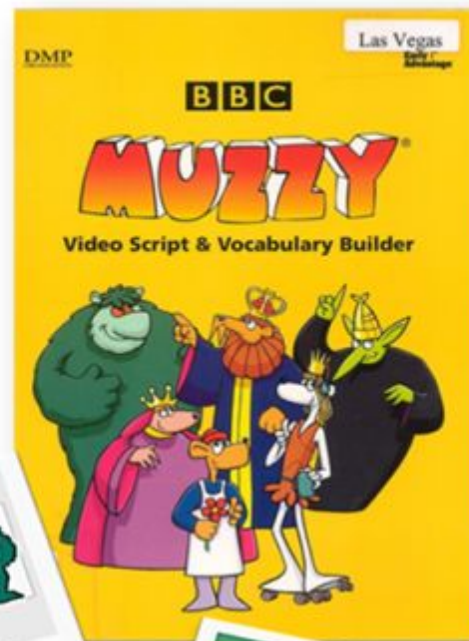

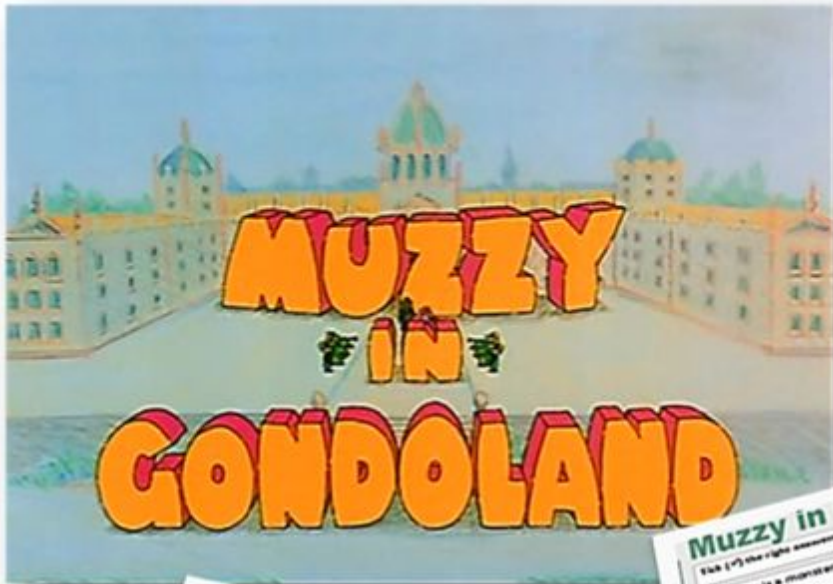

- ориентироваться на современные цели обучения;
- повысить мотивацию учащихся;
- использовать взаимосвязанное обучение различным видам речевой деятельности;
- развивать системное мышление обучающихся;
- учитывать страноведческий аспект;
- сделать занятия запоминающимися и эмоциональными;
- реализовать индивидуальный подход;
- приучать обучающихся к самостоятельной работе;
- приобщать обучающихся к информационно-коммуникационным возможностям современных технологий;
- повысить качество наглядности;
- облегчить труд учителя.
