At the same time on that bus station I also saw my Math teacher from school

I was so happy to see my teacher after 7 years I finished my school and I immediately said to her Hello!!!!!!

*But my teacher did not reply. She looked
very angry and said «HOW COULD YOU
COME TO LIVE IN TURKEY AND GET
MARRIED THERE?»*

Anyway, me and my 2 aunts came in the bus. My 2 aunts were going abroad. And I was going to Ukraine.

That bus was going abroad and I did not have a foreign passport ((((((((((

So I decided to leave the bus and go out...

and how I can get from there to my native city Zhytomyr. He stopped and explained how.

When I came out of the bus, I understood I am in Pakistan.....

When I woke up I wanted to find the flag of Pakistan and found it is similar to Turkish))))))
