A wide-angle photograph of a deep blue ocean under a clear sky. The water's surface is covered in numerous bright, shimmering reflections of light, creating a sparkling effect. The horizon line is visible in the upper third of the frame. Overlaid on the upper center of the image is the Russian text "За синей чертою" in a bold, dark blue font.

A dramatic sunset or sunrise over a dark sea. The sky is filled with dark, heavy clouds, with a vibrant orange and red glow from the sun just below the horizon. The colors transition from deep purple and blue at the top to bright orange and red near the horizon, where the sun's reflection is visible on the dark water. The overall mood is somber and contemplative.

Когда все

кончили

A close-up, low-angle shot of a sparkler exploding. The central point of ignition is a bright, intense white-yellow light that radiates outwards in all directions. From this center, hundreds of thin, golden-yellow sparks fly out, some appearing as long, straight lines while others are shorter and more starburst-like. The sparks have a shimmering, multi-pointed appearance, suggesting they are still burning as they travel. The background is a deep, solid black, which makes the bright sparks stand out dramatically. The overall effect is one of dynamic energy and celebration.

На свете свершилось

A dramatic sky scene featuring a large, multi-colored rainbow arching across the upper half of the frame. A bright, vertical beam of light descends from the center of the rainbow, illuminating the surface of a dark body of water below. The water reflects the light, creating a shimmering path. The sky is filled with soft, white clouds, and the overall atmosphere is ethereal and awe-inspiring.
