Филатова Варвара Васильевна

Руководитель проекта – учитель английского
языка
МБОУ «Средняя школа № 3 города Няндомы,
Карельская Елена Евгеньевна

The purpose of the project is to tell about the «Bear's Land» in English.

Tasks of the project:

- 1) Find the information
- 2) Choose photos
- 3) Make a vocabulary
- 4) Create the presentation

The product of the project is this computer presentation about the «Bear's Land».

The Eco-Park «Bear's Land» is located near Kargopol, Arkhangelsk Region, South Street; 11.

This unusual fairy corner is located in the pine forest in 20 minutes walking distance from the Cathedral Belfry sideways to the lake of Lache.

There is a house, a workshop, an ice tower, small architectonic forms on the territory of the Eco-Park.

There is a souvenir shop and a workshop for the production of woodcarving is held here.

In the park are built swings, a labyrinth, and an exhibition of taxidermy.

Special interest of children and adults is caused by wooden sculptures of fairy tale heroes and popular animated series.

In the evening time all park is sanctified by multicolored lights and illumination.

In the ice tower in two rooms are exposed ice compositions, sculptures that are conserved for long even in summer months.

In winter time there is an ice slide.

The author of this funny fairy tale is the National Master of Arkhangelsk region Nicolay Yurjevitch Fomin with his assistants.
