3. Выходим из аккаунта

The image shows a screenshot of an Instagram profile page for 'stepanbatkaev2018' on a mobile device. A white menu is overlaid on the page, listing options: 'Сменить пароль', 'Авторизованные приложения', 'Уведомления', 'Конфиденциальность и безопасность', 'Выйти' (highlighted with a red box), and 'Отмена'. The background shows the profile header, a bio, and a grid of photos.

On the right side, the browser's developer tools are open, showing the 'Elements' panel with the HTML structure of the page. The selected element is a `main` tag with class `SCxLW o64aR`. The 'Styles' panel shows the default styles for this element, including `background-color: #fafafa` and `flex-grow: 1`. The 'DOM Breakpoints' panel is also visible.

4. Заходи обратно

The screenshot displays the Instagram mobile app login screen in Russian. At the top, there is a red header with the text "Instagram" and "Скачайте его бесплатно в Play Маркете." followed by a "СКАЧАТЬ" button. Below the header, the language is set to "Русский". The main content area features the Instagram logo, a profile picture of a dog, and a blue button with the text "Продолжить как stpanbatkaev2018". Below this button is a link "Удалить аккаунт". At the bottom, there is a footer with the text "Смените аккаунт или зарегистрируйтесь".

The browser's developer tools are open, showing the HTML structure of the page. The HTML includes a DOCTYPE declaration, a lang attribute set to "ru", and a class attribute "js not-logged-in client-root touch". The body contains several script tags and a div with the class "Z2m7o". The CSS styles for the body are shown in the bottom right, including font-family, font-size, line-height, and height.
