

Canada migration system facing security issues

Presenter: Third year student of Financial and Economic faculty,
Pantuikhova E.A.

Research guidance: Candidate of economics, Docent **Dmitrieva A.B.**

Contents

1. Canada's migration system
2. Providing national security
3. Using Canada's practice

*«For the foreseeable future,
immigrants to Canada will continue
to be vital to national interests»*

National Immigration Centre
The Conference Board of Canada

1 in 5

Canadians born outside Canada

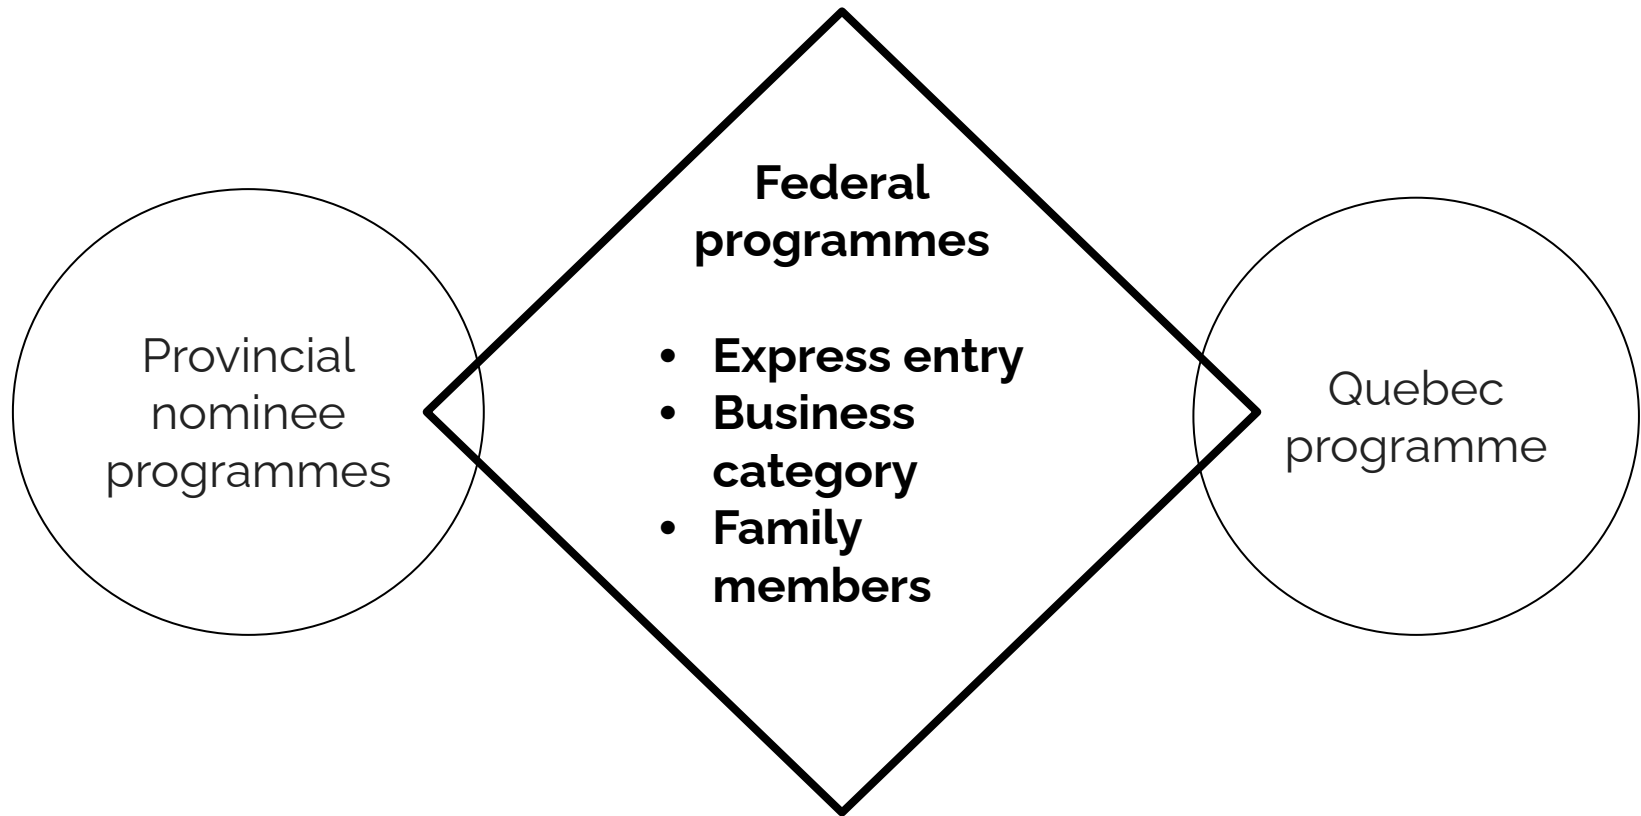

65%

Canada's net annual population growth made by immigrants

21%

labour force among immigrants

How the system works

Facing national security

DOCUMENTS

Established visa and other document entry requirements

CRITERIA

Admissable, clear and world used

INFORMATION

Sharing agreements and treaties through negotiations

PARTNERSHIP

Engagements with security and public safety-related departments:

- Public Health Agency
- Border Services Agency
- Royal Mounted Police
- Security Intelligence Service

IDENTITY

Management practices – next-generation of online authentication services

ANTI-FRAUD

Measures;

- Marriage fraud
- Document fraud
- Email and Internet scams

Is it real to use these methods in our reality in the Russian Federation?

Not today.

- Highly centralised power on the federal level
 - No essential need in immigrants
