

Several reasons to start communicating using GIFs

By Sofija Shvydchenko

Firstly, they are much more convenient to use as a meme than audio / video.

Secondly,
they are
much more
dynamic
than a
regular
picture.

You can use GIFs to decorate your browser and be "different"

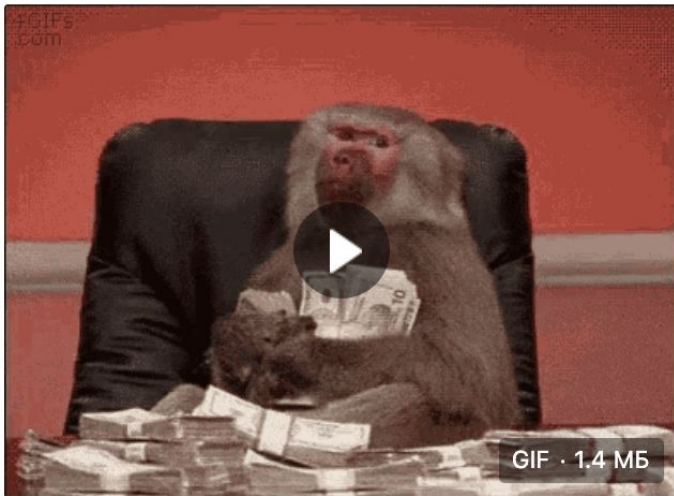

Just like me :)

Thanks to GIFs, you can learn a foreign language!

You can convey any emotion that you are experiencing at the moment.

This is how a man
looks like when he
sends his lady
GIFs.

In general, GIFs
will make your life
and your
communication
cooler and more
interesting.

*Thanks for
watching*
