

# Several reasons to start communicating using GIFs

---

By Sofija Shvydchenko

Firstly, they are much more convenient to use as a meme than audio / video.

---

Secondly,  
they are  
much more  
dynamic  
than a  
regular  
picture.

# Thanks to GIFs, you can learn a foreign language!

---

You can convey any emotion that you are experiencing at the moment.

This is how a man  
looks like when he  
sends his lady  
GIFs.

In general, GIFs  
will make your life  
and your  
communication  
cooler and more  
interesting.
