The screenshot shows the homepage of the Lang-8 website. The browser's address bar displays 'lang-8.com'. The website has a blue background with a repeating pattern of icons representing language learning (thumbs up, checkmarks, stars, and faces). At the top right, there is a language selection dropdown set to 'Русский' (Russian) and a 'Вход' (Login) button. The main heading 'Lang-8' is in a stylized font, followed by the tagline 'Let our community of native speakers support your language learning.' and a subtext 'A new language learning platform where native speakers correct what you write.' Below this is a large orange button labeled 'Регистрация бесплатно' (Registration free). There are also buttons for 'Sign Up With Twitter' and 'Sign Up With Facebook'. A small circular badge on the right says 'Try our NEW iOS service!' with a cat icon. At the bottom, a three-step process is illustrated with icons and text: 1. 'Напишите пост на языке, который Вы изучаете.' (Write a post in the language you are studying.), 2. 'Носители языка исправят Вашу запись.' (Native speakers will correct your writing.), and 3. 'Помогите другим в изучении Вашего родного языка!' (Help others in learning your native language!).
