History

- Halloween has a long and complicated history of origin.

- It was believed that the new year would begin on November 1. According to legend, the lord of the dead, Samhain, will capture the Sun god. A cold winter will come. To appease Samhain and the evil spirits who came with him, the Celts burned bonfires and brought gifts.

Interesting facts about Halloween

- Despite the fact that one of the main attributes of evil spirits is the full moon, it very rarely happens on Halloween. The last time was in 2001 and in 2020.

- Halloween overtakes Valentine's Day in candy sales. Every year, about 2 billion dollars is spent on this holiday on holiday sweets alone.

- ◎ The largest pumpkin was grown in 1993 and weighed 836 pounds

- It was believed that if you wear clothes inside out, and walk backwards on Halloween night itself, you can see a witch.
