

Harvard University

Harvard University is one of the most famous and oldest **universities in the United States**. Harvard was founded on 8 September, 1636. Named after the English missionary and philanthropist John Harvard. The university is located in the United States of America, Massachusetts, Middlesex County. 20 thousand students study at Harvard now. The total cost of training is about 46 thousand dollars per academic year.

Harvard University is a famous world center of art and culture. On the territory of the university there is a concert hall, theaters, cinemas, art galleries, themed clubs. It hosts cultural events every day. There are 8 presidents among the graduates of the university: John Adams, George Bush, Barack Obama and other.

Students call this university the American Hogwarts. Students spend most of their time studying. Bicycle is the most convenient means of transportation around the campus. Students can leave their bikes in special parking lots. People of all ages can study there. Harvard students are 18 years old.
