Hello Vitalina,

Hello Vitalina,

Thank you for writing to me. I apologize for the delay in writing back to you. I have Covid during September. I avoided it for two years and then I caught it. I was disappointed. I started a new position with a new company. This has required much focus. But I remembered your letters and remembered your profile. You tell good stories and your are playful in your language and writing. You are attractive. You are 160 cm and I like that height. When you wear high heels, and we go out together, you will be just the right height for me to place my arm around your waist.

What qualities can't I resist? Intelligence, self-confidence, playfulness, boldness would be qualities that immediately attract my attention. Sexiness would attract my attention. Behavior that combined all five elements would attract my attention.

Long term, I would want to see love, compassion, trustworthiness, passion, calmness, discussion of issues, fiscal responsibility, acting with me as a team of two. I value people over material things. I would like the woman to feel the same way. I would want to see diligence and quality in all things that are to be done – whether it be one's job or one's recreation. I am sure that you do your best effort to style someone's hair. I love to play golf. If you wanted to play golf with me, I would send you to modern lessons. They have high speed video to record how you swing the club, to record the way the ball reacts to a hit. We would go to the practice range to practice the lesson. I wouldn't expect great results. This takes much time - years. I would want you to relax and have fun to play golf with me. In the moments when it is time to swing the club, I would want you to clear your mind and give the game thought and effort. That is all I would ask.

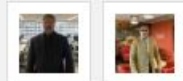

What clothes do I like best on a woman? I like fancy lingerie, a blouse and a skirt, or a dress, and high heels. That would be my favorite. A woman can't dress like that all time. Dress slacks, a blouse and high heels or low heels would come next. A casual sun dress or A-line dress. Then nice jeans, a blouse, casual soft shoes. For warm weather, shorts and sandals. Running slacks and a hoodie for running in autumn. Something nice to wear at the gym. A nice swimsuit for the beach or pool. I like elegant choices. Stylish choices.

I will save the lesson for another time.

Sincerely,

Robert

✉ **To: My Future Husband ❤️ Robert, am I at the RIGHT ADDRESS ?**

Robert, do you like to read? Maybe detectives, novels, comics...? History, humor, real life...? 📖

Imagine a unique book that makes you feel the same way you did at the beginning each time you reread it. Still the same interest, the desire to pick it up again...

Believe me, if you compare a woman to a book, I'm the one copy you can't put down, every page filled with hope and desire. Tension builds, though the "plot" remains the same, the "story" keeps you in suspense... Her main female character seeks endless love ❤️, kindness, companionship, protection and respect. Even though you're not my husband yet (please note that this is for now 😊), but I've already opened up to you, and you can start slowly leafing through... Oh, may be I rush the things 🚫 let's go in order.)

Perhaps now is not the right time to get acquainted. But no one has cancelled Love ❤️ Love knows no boundaries, there are no barriers for it, and especially when it comes to marriage 💍, nothing can stop this happiness. Not even a war.

Do you agree with me, Robert?

To answer some of your questions beforehand, I will say that for me a man is not about money or status. A man is not defined by the number of relationships, the number of women he has had, his car, apartment or any other tinsel. A man is a spirit! It's the strength. It's the feeling he gives me. And I hope I see that in you. 😊

And what is a woman to you, Robert?

What do you expect from her?

After all, each reader has his own book, which does not need to be edited, it is all understandable to him as it is. And the most important thing in the book is not the cover, but the content. That's why for every man there is a right woman.

I hope I will find my noble reader. And I am ready to fully reveal myself when I feel needed, feel care, love and attention. And I'm ready to give so much more in return.

So for now the epilogue of this story depends on you, Robert! 😊

What are your feelings right now about the poem about Vitalina that you just started reading?

Robert, I want to get to know your content as well, so here's a little quiz for you 🌟

I AM SURE this letter will lead us to a BIG ADVENTURE, George ❤️❤️❤️

You know, George, a page with horoscopes accidentally came in front of my eyes today. And of course, for the sake of "laughter", I read my prediction for this day. It was written there that I would have an acquaintance, a romantic one, which would be very stormy, meaningful and magical in my life! I am skeptical, but it was something inside that made me believe. Maybe a famous female intuition, who knows! What do you think, George? But somehow my prediction didn't come true. I didn't get any invitation for the meeting. Then I decided to go to this site. And I thought, maybe after all, my horoscope did not deceive me, suddenly I have a chance?;) I thought to write to you and try my luck. Few words about me. I love to draw, cook, enjoy an active lifestyle, and even practice meditation. Meditation helps me to relax, to find inner peace, and to listen to myself. Oh, I have an ideal! Let's meditate together one day??? What do you think, George ??? I have a great desire to develop myself and change for the better. George, what is your dream? My dream is to be happy, to have my caring, loving, romantic and kind man by my side. Maybe if you tell me what you dream about, I'll make you happy. I believe that dreams come true and you will be surprised by the result:)) I really hope for an answer ❤️❤️❤️

PS: I have a personal suggestion for you. Let's spend some time together with a glass of good wine. And then we can make our evening more interesting. Any ideas?:)))

Like most people, I have a few Hobbies. One of my favorite pastimes is outdoor activities. George, have you guessed what kind of hobby is this?) Of course, this is skiing and snowboarding. It's an incredible feeling when you are driving very fast down the mountain in the snow, and you are filled with adrenaline.

George, do you like skiing or snowboarding? If so, we could go for a ride together sometime, there are a lot of things we can do together)

Yes, I love winter, but I also like summer. I love the sea and the beach. My dream is to surf. I think it's cooler than snowboarding. George, do you have a dream? I hope that one day I will be able to make it true, and I will not do it alone on the beach, but with my second half, my support and my soulmate.
